*Regulating Content on Social Media* Corinne Tan, 2018-03-26 How are users influenced by social media platforms when they generate content, and does this influence affect users' compliance with copyright laws? These are pressing questions in today's internet age, and *Regulating Content on Social Media* answers them by analysing how the behaviours of social media users are regulated from a copyright perspective. Corinne Tan, an internet governance specialist, compares copyright laws on selected social media platforms, namely Facebook, Pinterest, YouTube, Twitter and Wikipedia, with other regulatory factors such as the terms of service and the technological features of each platform. This comparison enables her to explore how each platform affects the role copyright laws play in securing compliance from their users. Through a case study detailing the content generative activities undertaken by a hypothetical user named Jane Doe, as well as drawing from empirical studies, the book argues that – in spite of copyright's purported regulation of certain behaviours – users are 'nudged' by the social media platforms themselves to behave in ways that may be inconsistent with copyright laws. Praise for *Regulating Content on Social Media* 'This book makes an important contribution to the field of social media and copyright. It tackles the real issue of how social media is designed to encourage users to engage in generative practices, in a sense effectively "seducing" users into practices that involve misuse or infringement of copyright, whilst simultaneously normalising such practices.' Melissa de Zwart, Dean of Law, Adelaide Law School, Australia This timely and accessible book examines the regulation of content generative activities across five popular social media platforms – Facebook, Pinterest, YouTube, Twitter and Wikipedia. Its in-depth, critical and comparative analysis of the platforms' growing efforts to align terms of service and technological features with copyright law should be of great interest to anyone studying the interplay of law and new media. Peter K. Yu, Director of the Center for Law and Intellectual Property, Texas A&M University

*To Bleed a Crystal Bloom* Sarah A. Parker, 2023-03-23 What a pretty flower to keep locked in a big, rocky tower. Nineteen years ago, I was plucked from the heart of a bloody massacre that spared nobody else. Small. Fragile. An enigma. Now ward to a powerful High Master who knows too much and says too little, I lead a simple life, never straying from the confines of an imaginary line I've drawn around the castle grounds. Stay within. Never leave. Out there, the monsters lurk. Inside, I'm safe...though at a cost far greater than the blood I drip into a goblet daily. Toxic, unreciprocated love for a man who's utterly unavailable. My savior. My protector. My almost executioner. I can't help but be enamored with the arcane man who holds the power to pull my roots from the ground. When voracious beasts spill across the land and threaten to fray the fabric of my tailored existence, the petals of reality will peel back to reveal an ugly truth. But in a castle puddled with secrets, none are greater than the one I've kept from myself. No tower is tall enough to protect me from the horror that tore my life to shreds. *To Bleed a Crystal Bloom* is a dark Rapunzel reimagining full of immersive imagery and breathtaking angst.

*Collage Quest* Donna L. Thompson, 2015-11-13 Come voyage through lost roots of the multi-dimensional artistry of collage. This seemingly simple method leads you on an adventure of self discovery, developing your innate abilities for shapes-shifting using paper, scissors and glue. Author and artist Donna Thompson shares her wisdom and stories as she leads you on a journey through time. From caves of old to collaging in your own home, this colorful adventure is an in-depth exploration of humanity's ancient connections to making art. This triple layered approach is actually three books in one. It begins by guiding you through the mystical Doorway of Color, where you learn the Celtic ways of sensing, gathering and envisioning with images. Next comes the Doorway of Ceremonies, where you unearth indigenous ways of communing with collage. And finally, the Doorway of Dreams, leading to the most ancient ways of remembering who you truly are. Learning to quest with collage is all about playing with colors, signs and synchronicity. It is also a metaphor for the ongoing journey of each human life. You are invited to come along in search of multi-hued elements to weave into an ever unfolding landscape of your own design. *Collage Quest* is a guide for tracing these deep roots and translating them into modern day materials and language. It is a unique and powerful 21st century tool of co-creation. [www.HealingInteriors.com](http://www.HealingInteriors.com)

Emma loves music. She loves the boom boom boom of a good bass beat. She loves the stomp stomp stomp her feet make when she dances. She loves to rock out with her mom, her dad, and her little sister. And she loves to twang, strum, and thrum on her guitar. So when the sign-up sheet for the school talent show is posted, she adds her name right away! But the more Emma hears about the amazing talents her classmates will bring, the more nervous she gets. What if her guitar playing is more of a plink, plonk, squeak? She's suffering from a bad case of stage fright, and it's up to her family to show her that performing can be fun too, and that she's already a star.

**Unlearning Liberty** Greg Lukianoff, 2014-03-11 For over a generation, shocking cases of censorship at America's colleges and universities have taught students the wrong lessons about living in a free society. Drawing on a decade of experience battling for freedom of speech on campus, First Amendment lawyer Greg Lukianoff reveals how higher education fails to teach students to become critical thinkers: by stifling open debate, our campuses are supercharging ideological divisions, promoting groupthink, and encouraging an unscholarly certainty about complex issues. Lukianoff walks readers through the life of a modern-day college student, from orientation to the end of freshman year. Through this lens, he describes startling violations of free speech rights: a student in Indiana punished for publicly reading a book, a student in Georgia expelled for a pro-environment collage he posted on Facebook, students at Yale banned from putting an F. Scott Fitzgerald quote on a T shirt, and students across the country corralled into tiny "free speech zones" when they wanted to express their views. But Lukianoff goes further, demonstrating how this culture of censorship is bleeding into the larger society. As he explores public controversies involving Juan Williams, Rush Limbaugh, Bill Maher, Richard Dawkins, Larry Summers—even Dave Barry and Jon Stewart—Lukianoff paints a stark picture of our ability as a nation to discuss important issues rationally. *Unlearning Liberty: Campus Censorship and the End of American Debate* illuminates how intolerance for dissent and debate on today's campus threatens the freedom of every citizen and makes us all just a little bit dumber.

**Reclaiming Conversation** Sherry Turkle, 2016-10-04 "In a time in which the ways we communicate and connect are constantly changing, and not always for the better, Sherry Turkle provides a much needed voice of caution and reason to help explain what the f\*\*\* is going on." —Aziz Ansari, author of *Modern Romance* Renowned media scholar Sherry Turkle investigates how a flight from conversation undermines our relationships, creativity, and productivity—and why reclaiming face-to-face conversation can help us regain lost ground. We live in a technological universe in which we are always communicating. And yet we have sacrificed conversation for mere connection. Preeminent author and researcher Sherry Turkle has been studying digital culture for over thirty years. Long an enthusiast for its possibilities, here she investigates a troubling consequence: at work, at home, in politics, and in love, we find ways around conversation, tempted by the possibilities of a text or an email in which we don't have to look, listen, or reveal ourselves. We develop a taste for what mere connection offers. The dinner table falls silent as children compete with phones for their parents' attention. Friends learn strategies to keep conversations going when only a few people are looking up from their phones. At work, we retreat to our screens although it is conversation at the water cooler that increases not only productivity but commitment to work. Online, we only want to share opinions that our followers will agree with — a politics that shies away from the real conflicts and solutions of the public square. The case for conversation begins with the necessary conversations of solitude and self-reflection. They are endangered: these days, always connected, we see loneliness as a problem that technology should solve. Afraid of being alone, we rely on other people to give us a sense of ourselves, and our capacity for empathy and relationship suffers. We see the costs of the flight from

conversation everywhere: conversation is the cornerstone for democracy and in business it is good for the bottom line. In the private sphere, it builds empathy, friendship, love, learning, and productivity. But there is good news: we are resilient. Conversation cures. Based on five years of research and interviews in homes, schools, and the workplace, Turkle argues that we have come to a better understanding of where our technology can and cannot take us and that the time is right to reclaim conversation. The most human—and humanizing—thing that we do. The virtues of person-to-person conversation are timeless, and our most basic technology, talk, responds to our modern challenges. We have everything we need to start, we have each other. Turkle's latest book, *The Empathy Diaries* (3/2/21) is available now.

**Bathe the Cat** Alice B. McGinty, 2022-02-08 Bathe the floor? Sweep the dishes? Get ready for a rollicking read-aloud with a truly purrfect ending. It's cleaning day, but the family cat will do anything to avoid getting a bath. So instead of mopping the floor or feeding the fish, the family is soon busy rocking the rug, vacuuming the lawn, and sweeping the dishes. Bouncy rhyme carries the story headlong into the growing hilarity, until finally Dad restores some kind of order—but will the cat avoid getting his whiskers wet? **HILARIOUS READ-ALoud:** Word scrambles are a delight in this silly rhyming picture book! Kids will love the accessible rhyming text, and emerging readers will be able to anticipate words after repeated reads, making for an engaging and interactive read-aloud experience. **CATNIP FOR CAT LOVERS:** This sweet and sneaky feline will do anything to get out of having a bath! Ample cat antics and scenes of increasing mischief (and increasing chaos!) will tickle young readers and entice parents—particularly those with a furry feline member of their own households. **TWO DADS LEAD THE WAY:** Dad and Papa are the heads of this large and loving biracial family, mirroring illustrator David Robert's own orientation and providing picture book readers with a positive depiction of LGBTQ+ characters in a fun and funny family story. **WINNING AUTHOR-ILLUSTRATOR TEAM:** Alice McGinty is a prolific author of books for children, and David Roberts is well-known for his work on the popular *Questioners* series. Together, their upbeat text and energetic art with pops of neon color make for a standout picture book, just right for gifting and enjoying together at storytime. Perfect for: • Parents • Gift-givers • Cat lovers

**The First Rule of Punk** Celia C. Pérez, 2018-07-17 A 2018 Pura Belpré Author Honor Book *The First Rule of Punk* is a wry and heartfelt exploration of friendship, finding your place, and learning to rock out like no one's watching. There are no shortcuts to surviving your first day at a new school—you can't fix it with duct tape like you would your Chuck Taylors. On Day One, twelve-year-old Malú (María Luisa, if you want to annoy her) inadvertently upsets Posada Middle School's queen bee, violates the school's dress code with her punk rock look, and disappoints her college-professor mom in the process. Her dad, who now lives a thousand miles away, says things will get better as long as she remembers the first rule of punk: be yourself. The real Malú loves rock music, skateboarding, zines, and Soyrizo (hold the cilantro, please). And when she assembles a group of like-minded misfits at school and starts a band, Malú finally begins to feel at home. She'll do anything to preserve this, which includes standing up to an anti-punk school administration to fight for her right to express herself! Black and white illustrations and collage art by award-winning author Celia C. Pérez are featured throughout. Malú rocks! —Victoria Jamieson, author and illustrator of the New York Times bestselling and Newbery Honor-winning *Roller Girl*

**The Opposite of Butterfly Hunting** Evanna Lynch, 2022-05-26

*Blind Tiger* Sandra Brown, 2021-08-03 With a “knack for romantic tension and page-turning suspense, this one is a winner.” The year 1920 comes in with a roar in this rousing and suspenseful New York Times bestselling novel by Sandra Brown. Prohibition is the new law of the land, but murder, mayhem, lust, and greed are already institutions in the Moonshine Capitol of Texas (Booklist, starred review). Thatcher Hutton, a war-weary soldier on the way back to his cowboy life, jumps from a moving freight train to avoid trouble . . . and lands in more than he bargained for. On the day he arrives in Foley, Texas, a local woman goes missing. Thatcher, the only stranger in town, is suspected of her abduction, and worse. Standing between him and exoneration are a corrupt mayor, a crooked sheriff, a notorious cathouse madam, a sly bootlegger, feuding moonshiners . . . and a young widow whose soft features conceal an iron will. What was supposed to be a fresh start for Laurel Plummer turns to tragedy. Left destitute but determined to dictate her own future, Laurel plunges into the lucrative regional industry, much to the dislike of the good ol' boys, who have ruled supreme. Her success quickly makes her a target for cutthroat competitors, whose only code of law is reprisal. As violence erupts, Laurel and—now deputy—Thatcher find themselves on opposite sides of a moonshine war, where blood flows as freely as whiskey. Includes a Reading Group Guide.
