*A History of Britain in Thirty-six Postage Stamps* Chris West,2013-10-22 Stamps tell a story-and Chris West's book is the unique, fascinating tale of Great Britain told through its stamps. Hailed by The Times of London as a splendid reminder of the philatelic glories of the past, A History of Britain in 36 Postage Stamps tells the rich, layered, and breathtaking history of England through thirty-six of its fascinating, often beautiful, and sometimes eccentric postage stamps. West shows that stamps have always mirrored the events, attitudes, and styles of their time. Through them, one can glimpse the whole epic tale of an empire unfolding. From the famous Penny Black, printed soon after Queen Victoria's coronation, to the Victory! stamp of 1946, anticipating the struggle of postwar reconstruction-A History of Britain in 36 Postage Stamps is a hugely entertaining and idiosyncratic romp, told in Chris West's lively prose. On their own, stamps can be curiosities, even artistic marvels; in this book, stamps become a window into the larger sweep of history.

**Off Target** William Wolf,2021-03-13 Every week the TV news highlights the routine use of drones and guided missiles against terrorist enemies and the recreational use of drones has become commonplace. The Nazi WWII development of guided missiles and bombs is often given credit for America's Cold War success in this realm. However, it was during that war that America, and the Air Force, in particular, also began the development of systems and weapons that laid the foundation for today's technology. 'Off Target' relates in detail the then Secret research, development, and combat employment of these early guided bombs, missiles, and drones from 1917 to 1948. Using formerly Secret/Confidential manuals, reports, microfilm print outs, and photos, collected over 40 years, author Wolf, gives the air war historian and enthusiast a detailed look at this unknown topic that progressed from biplane drones to sophisticated post-WWII guided missiles. Among the subjects discussed are Sperry's aerial torpedo and the Kettering Bug of WWI to WWII's early rudimentary GB Series Glide Bombs to the more sophisticated VB Series that evolved from radio, heat, light, or television guidance. The Aphrodite/Joseph Kennedy B-17, BQ, TDR, and target drones are discussed as are the SWOD, GLOMB, GORGON, and JB Jet bomb series.

*Heckuva Job, Bushie!* G. B. Trudeau,2012-04-24 Mike's summer daydream may be the only place we'll ever hear a thorough mea culpa from Dubya. But while mistakes have been made, lessons have been learned, even in the White House, where the Abramoff scandal inspires an official Ethics Refresher Course: Right, good. Wrong, bad. The president seeks to clarify: Invasions are still okay, though. Right? And through these troubled

times, how does 43 sleep at night? Alas, not well. It's the stem cells. I hear their cries. Heckuva job. Roland's ubiquitous epaulets have recently come home from Rummyworld, that vast, tumultuous terrorist theme park that used to be known as Iraq. At its chaotic outer edges, in al-Amok, Proconsul Duke survives numerous assassination attempts and the alleged courting of his sidekick by Iraqi suitors. But the serious new action is in New Orleans (Looting, graft, profiteering -- it's all about the skill set, Honey) and Team Duke, like Halliburton, embarks for the Golf Coast, and sets up a command post on a FEMA-provided cruise ship. Elsewhere on the home front a fully-prostheticized B.D. is increasingly ambulatory, yet finds the struggle to reclaim his mind and emotions is by far the harder part of his journey. The collateral casualty count continues to rise as Zonker is forced to make a traumatic foray into the job market. The option-aware Alex launches an ambitious seven-school college tour, including Walden, where she is clued to her father's unbuttoned-down past. You were a communist? That communard! When campus total-insiders Jeff and Zip give her the ultimate tour, both are smitten by gal Doonesbury's formidable charms: So how hot is she? Easy, Dude, that's my future wife.
