**College Essay Essentials** Ethan Sawyer, 2016-07-01 Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

**College Application Essay Tips** Linda Chiara, 2023-02-25 Make a Memorable Impression with Your Application Essay! Imagine your essay as a photograph. Now picture an admissions officer holding your photograph next to two other photos. The problem is, they only have room for one more acceptance. The first photo was taken at a professional studio and shows a well-dressed student candidate neatly sitting on a chair, with a soothing background behind him...very nice. The second photo shows a candidate also sitting, only it's an out-of-focus, crumbled-up shot taken from a mobile phone. The third photograph is a shot of you holding a paint brush in your hand, while painting your living room wall. You're wearing a baseball cap and a long flannel shirt. You're completely covered with paint, but smiling and appear to be having fun. It's not a professional photo, but the quality is still fine. Which photo do you believe left the most memorable impression? If you guessed number three, you are correct. If this photo were an essay, it would have offered the admissions committee some helpful and revealing information about YOU. You seem to be a productive individual carrying out a worthwhile task. Maybe not the world's best painter, but able to maintain a healthy and positive attitude. In other words, your essay left a lasting impression. And with this book I will guide you on how to get it done! Whether you're a high school student just starting the college search process, or a senior polishing your final draft, this practical handbook will help secure your place at the school of your choice. Here's a glimpse of what you'll get from this book: Eight essay mistakes you MUST avoid and tips on how to avoid them Topic ideas of what you can write about with examples Great opening paragraph techniques you can adopt Examples of how to smoothly transition between paragraphs Strategies for a great conclusion paragraph to finish your essay Expressions and misused words to avoid Sample essays from real life applications All the Do's and Don'ts you need to know Order your book today and let me guide you through this exciting journey!

**The Perfect Score Project** Debbie Stier, 2014-02-25 The Perfect Score Project is an indispensable guide to acing the SAT – as well as the affecting story of a single mom's quest to light a fire under her teenage son. It all began as an attempt by Debbie Stier to help her high-school age son, Ethan, who would shortly be studying for the SAT. Aware that Ethan was a typical teenager (i.e., completely uninterested in any test) and that a mind-boggling menu of test-prep options existed, she decided – on his behalf -- to sample as many as she could to create the perfect SAT test-prep recipe. Debbie's

quest turned out to be an exercise in both hilarity and heartbreak as she took the SAT seven times in one year and in-between “went to school” on standardized testing. Here, she reveals why the SAT has become so important, the cottage industries it has spawned, what really works in preparing for the test and what is a waste of time. Both a toolbox of fresh tips and an amusing snapshot of parental love and wisdom colliding with teenage apathy, *The Perfect Score Project* rivets. In the book Debbie does it all: wrestles with Kaplan and Princeton Review, enrolls in Kumon, navigates [khanacademy.org](https://www.khanacademy.org), meets regularly with a premier grammar coach, takes a battery of intelligence tests, and even cadges free lessons from the world’s most prestigious (and expensive) test prep company. Along the way she answers the questions that plague every test-prep rookie, including: “When do I start?” ... “Do the brand-name test prep services really deliver?” ... “Which should I go with: a tutor, an SAT class, or self study?” ... “Does test location really matter?” ... “How do I find the right tutor?” ... “How do SAT scores affect merit aid?” ... and “What’s the one thing I need to know?” *The Perfect Score Project*’s combination of charm, authority, and unexpected poignancy makes it one of the most compulsively readable guides to SAT test prep ever – and a book that will make you think hard about what really matters.

Write Your Way In Rachel Toor,2017-08-03 "Toor's style is friendly, funny, and genuinely

compelling, exhorting students to go deeper with their writing even (and especially) when the stakes are high.” —School Library Journal Writing, for most of us, is bound up with anxiety. It’s even worse when it feels like your whole future—or at least where you’ll spend the next four years in college—is on the line. It’s easy to understand why so many high school seniors put off working on their applications until the last minute or end up with a generic and clichéd essay. The good news? You already have the “secret sauce” for crafting a compelling personal essay: your own experiences and your unique voice. The best essays rarely catalog how students have succeeded or achieved. Good writing shows the reader how you’ve struggled and describes mistakes you’ve made. Excellent essays express what you’re fired up about, illustrate how you think, and illuminate the ways you’ve grown. More than twenty million students apply to college every year; many of them look similar in terms of test scores, grades, courses taken, extracurricular activities. Admissions officers wade through piles of files. As an applicant, you need to think about what will interest an exhausted reader. What can you write that will make her argue to admit you instead of the thousands of other applicants? A good essay will be conversational and rich in vivid details, and it could only be written by one person—you. This book will help you figure out how to find and present the best in yourself. You’ll acquire some useful tools for writing well—and may even have fun—in the process.
