language, namely English. Thesaurus is different from an ordinary English dictionary. For those of you who are still taking online English courses at the beginner level, to use the thesaurus, you still need one additional book, namely an English dictionary because Thesaurus does not include the meaning of words, only synonyms and antonyms. With a thesaurus, you can search for more precise words to minimize misunderstandings. The Collins English Thesaurus, in durable hardback format and with entry words in color, gives the maximum choice of alternatives with over 300,000 synonyms and antonyms.
