*The War on the West* Douglas Murray, 2022-04-26 An Instant New York Times Bestseller! China has concentration camps now. Why do Westerners claim our sins are unique? It is now in vogue to celebrate non-Western cultures and disparage Western ones. Some of this is a much-needed reckoning, but much of it fatally undermines the very things that created the greatest, most humane civilization in the world. In *The War on the West*, Douglas Murray shows how many well-meaning people have been fooled by hypocritical and inconsistent anti-West rhetoric. After all, if we must discard the ideas of Kant, Hume, and Mill for their opinions on race, shouldn't we discard Marx, whose work is peppered with racial slurs and anti-Semitism? Embers of racism remain to be stamped out in America, but what about the raging racist inferno in the Middle East and Asia? It's not just dishonest scholars who benefit from this intellectual fraud but hostile nations and human rights abusers hoping to distract from their own ongoing villainy. Dictators who slaughter their own people are happy to jump on the "America is a racist country" bandwagon and mimic the language of antiracism and "pro-justice" movements as PR while making authoritarian conquests. If the West is to survive, it must be defended. *The War on the West* is not only an incisive takedown of foolish anti-Western arguments but also a rigorous new apologetic for civilization itself.

**Seeing Differently** Amelia Jones, 2013-06-19 *Seeing Differently* offers a history and theory of ideas about identity in relation to visual arts discourses and practices in Euro-American culture, from early modern beliefs that art is an expression of an individual, the painted image a world picture expressing a comprehensive and coherent point of view, to the rise of identity politics after WWII in the art world and beyond. The book is both a history of these ideas (for example, tracing the dominance of a binary model of self and other from Hegel through classic 1970s identity politics) and a political response to the common claim in art and popular political discourse that we are beyond or post- identity. In challenging this latter claim, *Seeing Differently* critically examines how and why we identify works of art with an expressive subjectivity, noting the impossibility of claiming we are post-identity given the persistence of beliefs in art discourse and broader visual culture about who the subject is, and offers a new theory of how to think this kind of identification in a more thoughtful and self-reflexive way. Ultimately, *Seeing Differently* offers a mode of thinking identification as a queer feminist durational process that can never be fully resolved but must be accounted for in thinking about art and visual culture. Queer feminist durationality is a mode of relational interpretation that affects both art and interpreter, potentially making us more aware of how we evaluate and give value to art and other kinds of visual culture.

Literary Alchemist Steve Paul, 2021-10-29 Winner, 2022 Society of Midland Authors award for Biography/Memoir Evan S. Connell (1924–2013) emerged from the American Midwest determined to become a writer. He eventually made his

mark with attention-getting fiction and deep explorations into history. His linked novels *Mrs. Bridge* (1959) and *Mr. Bridge* (1969) paint a devastating portrait of the lives of a prosperous suburban family not unlike his own that, more than a half century later, continue to haunt readers with their minimalist elegance and muted satire. As an essayist and historian, Connell produced a wide range of work, including a sumptuous body of travel writing, a bestselling epic account of Custer at the Little Bighorn, and a singular series of meditations on history and the human tragedy. This first portrait and appraisal of an under-recognized American writer is based on personal accounts by friends, relatives, writers, and others who knew him; extensive correspondence in library archives; and insightful literary and cultural analysis of Connell's work and its context. It also illuminates aspects of American publishing, Hollywood, male anxieties, and the power of place.

*Correction Lines* Curt Meine,2013-04-10 The last fifteen years have been a period of dramatic change, both in the world at large and within the fields of ecology and conservation. The end of the Cold War, the dot-com boom and bust, the globalizing economy, and the attacks of September 11, among other events and trends, have reshaped our worldview and the political environment in which we find ourselves. At the same time, emerging knowledge, needs, and opportunities have led to a rapid evolution in our understanding of the scientific foundations and social context of conservation. *Correction Lines* is a new collection of essays from one of our most thoughtful and eloquent writers on conservation, putting these recent changes into perspective and exploring the questions they raise about the past, present, and future of the conservation movement. The essays explore interrelated themes: the relationship between biological and social dimensions; the historic tension between utilitarian and preservationist approaches; the integration of varied cultural perspectives; the enduring legacy of Aldo Leopold; the contrasts and continuities between conservation and environmentalism; the importance of political reform; and the need to retool conservation to address twentyfirst-century realities. Collectively the essays assert that we have reached a critical juncture in conservation-a correction line of sorts. *Correction Lines* argues that we need a more coherent and comprehensive account of the past if we are to understand our present circumstances and move forward under unprecedented conditions. Meine brings together a deep sense of history with powerful language and compelling imagery, yielding new insights into the origins and development of contemporary conservation. *Correction Lines* will help us think more clearly about the forces that have changed, and are changing, conservation, and inspire us to address current realities and future needs.

**My Omaha Obsession** Miss Cassette, 2020-11 My Omaha Obsession takes the reader on an idiosyncratic tour through some of Omaha's neighborhoods, buildings, architecture, and people, celebrating the city's unusual history. Rather than covering the city's best-known sites, Miss Cassette is irresistibly drawn to strange little buildings and glorious large homes that don't exist anymore as well as to stories of Harkert's Holsum Hamburgers and the Twenties Club. Piecing together the records of buildings and homes and everything interesting that came after, Miss Cassette shares her observations of the property and its significance to Omaha. She scrutinizes land deeds, insurance maps, tax records, and old newspaper articles to uncover a property's singular story. Through conversations with fellow detectives and history enthusiasts, she guides readers along her path of hunches, personal interests, mishaps, and more. As a longtime resident of Omaha, Miss Cassette is informed by memories of her youth combined with an enduring curiosity about the city's offbeat relics and remains. Part memoir and part research guide with a healthy dose of colorful wandering, My Omaha Obsession celebrates the historic built environment and searches for the people who shaped early Omaha.

**Hidden Pretoria** Johan Swart, 2019-10-01 Despite being South Africa's capital city, Pretoria has often played a supporting role to bold and brash Johannesburg and Cape Town's cosmopolitan charms. However, when it comes to architectural heritage, the Jacaranda City is well-endowed. From the skyline-dominating Union Buildings and Voortrekker Monument, to the imposing edifices of its administrative precincts, Pretoria might be deserving of a second moniker: the city of sandstone, brick and granite. But when you look beyond the impressive façades, soaring columns and linear planes of buildings that were intended to convey power and authority, you'll find light-filled interiors embellished with decorative touches that are only hinted at from the outside. Murals, mosaics, domes, galleries, stained-glass windows, gleaming brass and impressive woodwork are often hidden from view behind doors that are closed to the public. And even those museums, buildings and places of worship that are open to all have noteworthy architectural and design features that are easily overlooked. The history of the city, and of the country, has been played out in many of the buildings featured in Hidden Pretoria. This book captures facets of our diverse heritage, historic and contemporary, so that a new generation might recognise the need to embrace

the past in order to build our common future.

**The First Man** Albert Camus, 2012-08-08 From the Nobel Prize-winning author comes the story of Jacques Cormery, a boy who lived a life much like his own, with the sights, sounds and textures of a childhood steeped in poverty and a father's death yet redeemed by the beauty of Algeria and the boy's attachment to his mother. A work of genius. –The New Yorker Published thirty-five years after its discovery amid the wreckage of the car accident that killed Camus, *The First Man* is the brilliant consummation of the life and work of one of the 20th century's greatest novelists. Translated from the French by David Hapgood. *The First Man* is perhaps the most honest book Camus ever wrote, and the most sensual...Camus is...writing at the depth of his powers...It is Fascinating...*The First Man* helps put all of Camus's work into a clearer perspective and brings into relief what separates him from the more militant literary personalities of his day...Camus's voice has never been more personal. –The New York Times Book Review
