Artful Illuminated Alphabet Letters If you love to color illuminated letters; if you love to scrapbook with fancy patterned letters; if you love to color abstract designs; if you love to color Zen-Doodled patterns; if you love to draw or color shading and patterns but are uncomfortable with drawing the base images, this book is for you! This book is full of light and dark line illustrations with >70+ coloring pages that will keep you busy for weeks or months! These images are hand-drawn, so the lines are organic and feel natural versus mechanically perfect. This book also includes bonus coloring pages from the artist's other coloring books - plus - discount codes for future purchases. The artist, Dawn D. Boyer, Ph.D., has produced a compilation of THREE SETS of delightful Zen-doodled Alphabet Letters in this coloring book. The first set is external designs to the alphabet letter. The second set is internal designs within the outline of the alphabet letter. The third set is blank letters so you can design and add your own doodles and designs. This allows the colorist to use their imagination in multiple ways with their choice of media. In this book you will find dozens of illustrations created from the artist's hand-drawn original inspired sketches. You will find intermediate to complicated images in this coloring book, including heavy lined drawings with simple shapes and designs and more fine-art styles with varied line weights (thin to medium). Details about the book:

- ** Non-perforated pages (you can use a craft knife or razor to remove them)
- ** Glue-bound spine
- ** Pages are 8.5 x 11 with a half-inch margin, allowing larger 9 x 7.5 images to color
- ** Three pages of pre-views of sample drawings in the book should be available on Amazon's Look Between the Covers function to see

the types of illustrations in the book ** Single-Pages - all the illustrations have blank pages on the back side so you don't have to worry about your 'wetter' media ruining any images on the other side ** Paper weight is the thickness of standard paper-back books; some media may bleed through (test first, back with cardboard or plastic!) What can you do with the book once you have finished? Once the designs in this book are colored - give the books as gifts, use pages as scrapbook background art, create greeting cards, or use the designs and use in multi-media art. Frame them and hang them in the office, classroom, or at home where the designs can continue to inspire friends, family, and co-workers. The possibilities are endless! Coloring can be cathartic for those needing something that doesn't take a lot of thought, while allowing them to pick and choose their personal colors to create an artistic masterpiece. The pages of delightful and imaginative illustrations of fairy abodes allows you to relax while you wile away the hours and find peace in your own mind. How can BIG KIDS (regardless of chronological age) use this coloring book?
