### **Color Studies** Edith Anderson Feisner, Ronald

Reed, 2013-11-21 The 3rd edition of Color Studies introduces students from all concentrations of visual arts to color theory, the physiology and psychology of color perception, and the physics of color. This text discusses in detail the four dimensions of color - hue, value, intensity and temperature - with tips for putting knowledge into practice in a variety of disciplines, from painting and other fine arts to interior design, architecture, fashion design, textile design, and graphic design. Feisner and Reed provide an

up-to-date discussion of sustainable color applications and green materials as the underlying component of colorants, dyes, and inks in textiles, printmaking and paints. A new chapter on color and digital technology discusses illuminating with color (LED), color tools and management (Pantone), as well as color consulting and marketing. Taking a multidisciplinary approach, this lavishly illustrated edition balances traditional and modern perspectives and examples in all areas of fine art and design.
