Industry 4.0 for SMEs Dominik T. Matt,Vladimír Modrák,Helmut Zsifkovits,2020-01-03 This open access book explores the concept of Industry 4.0, which presents a considerable challenge for the production and service sectors. While digitization initiatives are usually integrated into the central corporate strategy of larger companies, smaller firms often have problems putting Industry 4.0 paradigms into practice. Small and medium-sized enterprises (SMEs) possess neither the human nor financial resources to systematically investigate the potential and risks of introducing Industry 4.0. Addressing this obstacle, the international team of authors focuses on the development of smart manufacturing concepts, logistics solutions and managerial models specifically for SMEs. Aiming to provide methodological frameworks and pilot solutions for SMEs during their digital transformation, this innovative and timely book will be of great use to scholars researching technology management, digitization and small business, as well as practitioners within manufacturing companies.

Absent Friends Frederick Busch,1991 For twenty years now, Frederick Busch has been a relentless chronicler of the human heart. Except for an occasional foray abroad, he has tended to set his fiction in a physical territory--the Northeast, upstate New York especially--which he has given literary shape. With the capaciousness of a Dickens and the control of a Hemingway, Busch's novels have come in steady counterpoint, raising and answering by turns insistent questions that worry even the plainest of domestic lives. In this his fifth book of stories, the Absent Friends of the title are the lost characters the author has so compassionately detailed, who long to recover their absent selves. But they are also, as Richard Bausch comments in *The Philadelphia Inquirer*, friends we have failed, or who have failed us; it is the emotional cost of that estrangement that interests Frederick Busch.

Crusoe's Daughter Jane Gardam,2012-04-24 From the award-winning author of *Old Filth*. “[A] wonderfully old-fashioned novel . . . This post-Victorian charmer is an engrossing delight” (People). In 1904, six-year-old Polly Flint is sent by her sea captain father to live with her aunts in a house by the sea on England’s northeast coast. Orphaned shortly thereafter, Polly will spend the next eighty years stranded in this quiet corner of the world as the twentieth century rages in the background. Through it all, Polly returns again and again to the story of Robinson Crusoe, who, marooned like her, fends off the madness of isolation with imagination. In the Guardian’s series on writers and readers’ favorite comfort books, associate editor Claire Armitstead said of *Crusoe’s Daughter*, “This is the most bookish of books . . . Every time I return to it, I am comforted by its refusal to conform, its wonderful, boisterous bolshiness, and the intelligence with which it demonstrates that we are what we read.” “Witty, subversive, moving.” —The Times (London) “[A] richly

textured novel . . . much occurs on the emotional landscape. We know Polly intimately, and she haunts our imaginations as surely as Crusoe haunts hers . . . a thought-provoking book.” —Library Journal “[The] most seductively entertaining of British novelists.” —Kirkus Reviews

Implementing Industry 4.0 in SMEs Dominik T. Matt,Vladimír Modrák,Helmut Zsifkovits,2021-05-08 This open access book addresses the practical challenges that Industry 4.0 presents for SMEs. While large companies are already responding to the changes resulting from the fourth industrial revolution , small businesses are in danger of falling behind due to the lack of examples, best practices and established methods and tools. Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways - robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master’s death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London’s most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.
