**Share Your Stuff. I'll Go First.** Laura Tremaine,2021-02-02 Part memoir and part guidebook, *Share Your Stuff. I'll Go First.* is the invitation you've been waiting for to show up with your whole self and discover the intimate, meaningful friendships you long for. In spite of the hyper-connected culture we live in today, women still feel shamed for oversharing and being publicly vulnerable. And no matter how many friends we seem to have, many of us are still desperately lonely. Laura Tremaine, blogger and podcaster behind *10 Things To Tell You*, says it's time for something better. Openness and vulnerability are the foundation for human growth and healthy relationships, and it all starts when we share our stuff, the nitty-gritty daily details about ourselves with others. Laura has led the way in her personal life with her popular blog and podcast, and now with lighthearted self-awareness, a sensitivity to the important things in life, and compelling storytelling, Laura gives you the tools to build and deepen the conversations happening in your life. Laura's stories about her childhood, her complicated shifts in faith and friendships, and her marriage to a Hollywood movie director will prompt you to identify the beautiful narrative and pivotal milestones of your own life. Each chapter offers intriguing and reflective questions that will reveal unique details and stories you've never thought to tell and will guide you into cultivating the authentic connection with others that only comes from sharing yourself. So let's get started! *Share Your Stuff. I'll Go First.*

**Fathers' Fair Share** Earl S. Johnson,Ann Levine,Fred C. Doolittle,1999-04-01 One of the most challenging goals for welfare reformers has been improving the collection of child support payments from noncustodial parents, usually fathers. Often vilified as deadbeats who have dropped out of their children's lives, these fathers have been the target of largely punitive enforcement policies that give little consideration to the complex circumstances of these men's lives. *Fathers' Fair Share* presents an alternative to these measures with an in-depth study of the Parents Fair Share Program. A multi-state intervention run by the Manpower Demonstration Research Corporation, the program was designed to better the life skills of nonpaying fathers with children on public assistance, in the belief that this would

encourage them to improve their level of child support. The men chosen for the program frequently lived on the margins of society. Chronically unemployed or underemployed, undereducated, and often earning their money on the streets, they bore the scars of drug or alcohol abuse, troubled family lives, and arrest records. Among those of African American and Hispanic descent, many felt a deep-rooted distrust of the mainstream economy. The Parents Fair Share Program offered these men the chance not only to learn the social skills needed for stable employment but to participate in discussions about personal difficulties, racism, and problems in their relationships with their children and families. Fathers' Fair Share details the program's mix of employment training services, peer support groups, and formal mediation of disputes between custodial and noncustodial parents. Equally important, the authors explore the effect of the participating fathers' expectations and doubts about the program, which were colored by their often negative views about the child support and family law system. The voices heard in Fathers' Fair Share provides a rare look into the lives of low-income fathers and how they think about their struggles and prospects, their experiences in the workplace, and their responsibilities toward their families. Parents Fair Share demonstrated that, in spite of their limited resources, these men are more likely to make stronger efforts to improve support payments and to become greater participants in their children's lives if they encounter a less adversarial and arbitrary enforcement system. Fathers' Fair Share offers a valuable resource to the design of social welfare programs seeking to reach out to this little-understood population, and addresses issues of tremendous importance for those concerned about welfare reform, child support enforcement, family law, and employment policy.
