Tablets in K-12 Education: Integrated Experiences and Implications An, Heejung, 2014-07-31 This book explores the use of hand-held mobile devices in primary and secondary classrooms to assist in learning, sharing, and communication among students and teachers--Provided by publisher.

Creating a Lifestyle Medicine Center Jeffrey I. Mechanick, Robert F. Kushner, 2020-09-04 Building on the groundbreaking work *Lifestyle Medicine* (2016), this unique new book bridges the gap between theory and practice by providing detailed information on the real-world development and creation of a Lifestyle Medicine Center, whether independently or as part of an established medical program or department. Part one sets the stage by establishing the rationale for creating a Lifestyle Medicine Center as well as the medical and economic burden it seeks to alleviate. The construction of the physical facility and all of the myriad details of the program and its key players are covered in part two, from the structural to the aesthetic, including informatics, developing patient resources and education tools, current technologies and applications, the role of the dietitian and exercise physiologist, inpatient consultation, the importance of community engagement, and more. Part three is comprised of case studies of existing, successful Lifestyle Medicine Centers across the country, with detailed descriptions of their history, development, programs and challenges. Chapters are supported with plentiful figures, tables and useful links. The burden of chronic disease in the U.S. and globally is growing, with pervasive direct and indirect multi-scale adverse effects on health and well-being, economics, and quality of life. Notwithstanding the remarkable progress in biomedical technology, the role of lifestyle medicine in managing chronic disease in a preventive care model is paramount; however, the relevant and effective education in lifestyle medicine is lacking. Translating the theory into action steps, instantiated by case studies with critical interpretations and problem-solving tools, *Creating a Lifestyle Medicine Center* is the go-to resource for family and primary care physicians, internal medicine physicians, and all clinical specialties interested in planning and developing a lifestyle medicine program.

Evolving Perspectives on ICTs in Global Souths Don Rodney Junio, Cecile Koopman, 2020-07-13 This book constitutes the refereed proceedings of the 11th International Development Informatics Association Conference, IDIA 2020, held in Macau, China, in March 2020.* The 14 revised full papers presented were carefully reviewed and selected from 43 submissions. The papers are organized in topical sections on ICT4D: taking stock; harnessing frontier technologies for sustainable development; ICT4D discourse, methodologies, and theoretical reflections; the evolving Global Souths. *The conference was held virtually due to the COVID-19 pandemic.

Blending Instruction with Technology Michael Martin, 2016-07-21 *Blending Instruction with Technology* is a book that offers educators guidelines and solutions for implementing blended learning in today's classrooms. There has been a strong push by many communities, schools and educators to move to a 1:1 environment. However, once there... • How does one teach or facilitate learning in such an environment? • What are the researched best practices for implementing blended learning in classrooms? • How do schools provide professional development to teachers to implement best practices in their classroom? • Regarding the twenty year veteran who just recently mastered email, how do schools provide the proper guidance, training and support for him/her? This book aims to answer these questions and many more. This book is designed to be a blueprint for preparing staff members to be successful in a 1:1 environment. This book also focuses on providing students with a blended learning lesson that incorporates both cognitive and 21st Century Skills.

Planet Funny Ken Jennings, 2019-07-09 A Kirkus Reviews Best Book of the Year The witty and exuberant New York Times bestselling author and record-setting Jeopardy! champion Ken Jennings relays the history of humor in “lively, insightful, and crawling with goofy factlings,” (Maria Semple, author of *Where'd You Go Bernadette*)—from fart jokes on clay Sumerian tablets to the latest Twitter gags and Facebook memes. Where once society's most coveted trait might have been strength or intelligence or honor, today, in a clear sign of evolution sliding off the trails, it is being funny. Yes, funniness. Consider: Super Bowl commercials don't try to sell you anymore; they try to make you laugh. Airline safety tutorials—those terrifying laminated cards about the possibilities of fire, explosion, depressurization, and drowning—have been replaced by joke-filled videos with multimillion-dollar budgets and dance routines. Thanks to social media, we now have a whole Twitterverse of amateur comedians riffing around the world at all hours of the day—and many of them even get popular enough online to go pro and take over TV. In his “smartly structured, soundly argued, and yes—pretty darn funny” (Booklist, starred review) *Planet Funny*, Ken Jennings explores this brave new comedic world and what it means—or doesn't—to be funny in it now. Tracing the evolution of humor from the caveman days to the bawdy middle-class antics of Chaucer to Monty Python's game-changing silliness to the fast-paced meta-humor of *The Simpsons*, Jennings explains how we built our humor-saturated modern age, where lots of us get our news from comedy shows and a comic figure can even be elected President of the United States purely on showmanship. “Fascinating, entertaining and—I'm being dead serious here—important” (A.J. Jacobs, author of *The Year of Living Biblically*), *Planet Funny* is a full taxonomy of what spawned and defines the modern sense of humor.

Transgressive Humor in Classrooms David E. Low, 2024-04-09 In this innovative book, David E. Low examines the multifaceted role of humor in critical literacy studies. Talking about how teachers and students negotiate understandings of humor and social critique vis-à-vis school-based critical literacy curriculums, the book co-examines teachers' and students' understandings of humor and critique in schools. Critical literacy centers discussions on power and social roles but often overlooks how students use transgressive humor as a means to interrogate power. Through examples of classroom interactions and anecdotes, Low analyzes the role of humor in classroom settings to uncover how humor interplays with critical inquiry, sensemaking, and nonsense-making. Articulated across the fields of literacy studies and humor studies, the book uses ethnographic data from three Central California high schools to establish linkages and dissonances between critical literacy education and adolescents' joking practices. Adopting the dialectic of punching up and punching down as a conceptual framework, the book argues that developing more nuanced understandings of transgressive humor presents educators with opportunities to cultivate deeper critical literacy pedagogies and that doing so is a matter of social justice. Essential for scholars and students in literacy education, this book adds to the scholarship on critical literacy by exploring the subversive power of humor in the classroom.

Satire as the Comic Public Sphere James E. Caron, 2021-04-16 Stephen Colbert, Samantha Bee, John Oliver, and Jimmy Kimmel—these comedians are household names whose satirical takes on politics, the news, and current events receive some of the highest ratings on television. In this book, James E. Caron examines these and other satirists through the lenses of humor studies, cultural theory, and rhetorical and social philosophy, arriving at a new definition of the comic art form. Tracing the history of modern satire from its roots in the Enlightenment values of rational debate, evidence, facts, accountability, and transparency, Caron identifies a new genre: “truthiness satire.” He shows how satirists such as Colbert, Bee, Oliver, and Kimmel—along with writers like Charles Pierce and Jack Shafer—rely on shared values and on the postmodern aesthetics of irony and affect to foster engagement within the comic public sphere that satire creates. Using case studies of bits, parodies, and routines, Caron reveals a remarkable process: when evidence-based news reporting collides with a discursive space asserting alternative facts, the satiric laughter that erupts can move the audience toward reflection and possibly even action as the body politic in the public sphere. With rigor, humor, and insight, Caron shows that truthiness satire pushes back against fake news and biased reporting and that the satirist today is at heart a citizen, albeit a seemingly silly one. This book will appeal to anyone interested in and concerned about public discourse in the current era, especially researchers in media studies, communication studies, political science, and literary and cultural studies.

Hyperbole and a Half Allie Brosh, 2013-10-29 #1 New York Times Bestseller “Funny and smart as hell” (Bill Gates), Allie Brosh's *Hyperbole and a*

Half showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog Hyperbole and a Half the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, “The God of Cake,” “Dogs Don’t Understand Basic Concepts Like Moving,” and her astonishing, “Adventures in Depression,” and “Depression Part Two,” which have been hailed as some of the most insightful meditations on the disease ever written. Brosh’s debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn’t me wrote it—but I soon discovered that I’m not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars* Stories about dogs The secret to eternal happiness* *These are lies. Perhaps I have underestimated my sneakiness!

Middleworld Jon Voelkel,Pamela Voelkel,2010-04 When his archaeologist parents go missing in Central America, fourteen-year-old Max embarks on a wild adventure through the Mayan underworld in search of the legendary Jaguar Stones, which enabled ancient Mayan kings to wield the powers of living gods. Includes cast of characters, glossary, facts about the Maya cosmos and calendar, and a recipe for chicken tamales.

Information Literacy for Today's Diverse Students Alex Berrio Matamoros,2018-11-21 This book helps students from diverse backgrounds and with various learning styles to master the material they learn with these practical examples for librarians teaching higher education information literacy. Cultural influences in students' lives—often tied to aspects of their background such as ethnicity, national origin, socioeconomic status, gender, and religion—play a large role in determining how they learn. Learning styles additionally differ among students, making it difficult to know how to best support all students. This book introduces academic instruction librarians to a differentiated instruction (DI) approach that will help them to offer students a choice of how to engage with course content, assess their understanding of the material, and demonstrate mastery of the material to the instructor, allowing students to actively participate in their education. It explains various instructional techniques used in DI and provides detailed, step-by-step examples for implementing educational technology tools supporting each technique. Accompanying the examples are tips for overcoming known challenges in implementation and best practices for successful adoption of the techniques. Readers will understand how to begin using the most popular types of educational technology tools for academic information literacy instruction.

Lord of the White Hell Ginn Hale,2010 Kiram fought his family and Cadeleonian bigots to remain in the Sagrada Academy to prove himself as a mechanist and to dispel the deadly shadow curse that threatens to destroy his upperclassman, Javier Tornesal. But when his efforts provoke retaliation, Kiram's family and home are endangered. Both Kiram and Javier risk everything in a desperate gambit to combat the curse. But they never imagined their battle would come so soon, or that it would be lead by the one person they trust most of all.

Comparing Confidence and Trust Online and Offline Josef Schmied,Marina Ivanova,2023-06-16 The present volume draws on the experience of the Summer School held online in 2021 and in Serbia in August 2022, where graduate students and experienced scholars met from Germany, Albania, Bosnia and Herzegovina, Serbia, Northern Macedonia, and Croatia. All contributions discuss original empirical research on the construction of confidence and trust online and offline in the case of academic or journalistic writing, mainly from South Eastern European but also from German perspectives. The contributions can also serve as a general model for open and critical international and intercultural academic discourse in joint teaching, research and publishing.

Making Comics Scott McCloud,2006-09-05 Presents instructions for aspiring cartoonists on the art form's key techniques, sharing concise and accessible guidelines on such principles as capturing the human condition through words and images in a minimalist style.

One of Those Days Yehuda Devir,Maya Devir,2020-11-10 Based on the wildly popular webcomic, One of Those Days chronicles the life and love of Yehuda and Maya Devir as they take on the minutiae of marriage, the ups and downs of daily life, and the paradigm shift of new parenthood. “Bursting with life . . . We get to know them through one-panel installments as though they’ve walked straight into the room, introduced themselves, and moved in.”—Kate Beaton, #1 New York Times bestselling author of Hark! A Vagrant Yehuda and Maya Devir began illustrating their life in comics when they moved into their first apartment together in Tel Aviv as newlyweds. In the years since, One of Those Days has become one of the biggest webcomics on the Internet, with millions of followers around the world. Yehuda Devir grew up on superhero comic books, and the Devirs’ visual style is downright kinetic and bursting with life. In this collection—the first time that the Devirs’ comics have been compiled in one volume—they share stories that are heartwarming, hilarious, and universally recognizable. So even for those who don’t feel like pulling out an assault rifle to wage war on a kitchen cockroach, the Devirs’ challenges and triumphs are instantly familiar to anyone who’s had one of those days.

The Breakaways Cathy G. Johnson,2019-03-05 Quiet, sensitive Faith starts middle school already worrying about how she will fit in. To her surprise, Amanda, a popular eighth grader, convinces her to join the school soccer team, the Bloodhounds. Having never played soccer in her life, Faith ends up on the C team, a ragtag group that’s way better at drama than at teamwork. Although they are awful at soccer, Faith and her teammates soon form a bond both on and off the soccer field that challenges their notions of loyalty, identity, friendship, and unity. The Breakaways is a raw, and beautifully honest graphic novel that looks into the lives of a diverse and defiantly independent group of kids learning to make room for themselves in the world.

Brickleberry #2 (of 4) Waco O'Guin,Roger Black,2016-08-31 In Brickleberry #2, we continue with Future Steve and his pursuit of his old boss, Woody Johnson, to prevent the cow invasion that wiped out humanity. The Bovine Overlord has sent Future Bobby back in time to thwart Future Steve's plot to assassinate Woody! Written by the show’s co-creators Waco O'Guin and Roger Black.

Boy's Club Matt Furie,2016 The perpetually insouciant glaze of his characters belies the sharp verbal and visual wit of Furie, who delivers a stoner classic for the Tumblr generation. In fact, Furie's wildly popular teenage weirdos became an overnight internet sensation when Pepe the Frog was widely adopted by users of 4chan and remixed ad infinitum from there (including uses by pop stars like Nicki Minaj and Katy Perry), giving Boy's Club built-in recognition with many.
