Going Thru Hell T.J. Loveless,2018-02-05 KYLIE RIPPONS is a SpongeBob pajama bottom wearing, Dodge Ram 1500 4x4 driving, USDA certified klutz, coffee-addicted mortal, seeking a normal life despite the constant harassment of gods and the ability to braid time. Constant immortal harassment forces Kylie to take drastic action, and she must braid time to save friends, her son, and herself, as the gods drive her into situations in which she must choose: kill a friend and permanently hide her son, leaving him motherless, or become a slave in exchange for his safety, leaving her soulless and insane. If only the gods allowed for personal choice.

Just Going Thru Some Thangs! DeAnn Lain,2011-10-14 Brenda James, Rachel Tims, and Lee Jordan are three very unlikely best friends who produce the perfect formula for trouble as they fight for the love of a married man, a single man, and a man who must R.I.P., all while they struggled to finish their last year of college at Peaton University, located just 120 miles away from Atlanta, Georgia. The East Coast -Visitor Brenda James, whose first love Greg left her with a broken heart instead of a marriage proposal on a hot summer night after finding out about his new lover, and unborn baby on the way with her best friends' sister. Rediscovering love was not lost for long; she would meet Theo Shell a stranger who would explore her precious temple; which allowed her to embrace her womanhood. Before graduation she would need to choose between a life alone, and an unexpected marriage proposal. The West Coast - Native Rachel Tims, a woman with quiet strength and startling beauty, whose ambition to become a lawyer led her to quench her thirst for success in the arms of a man who was torn between her and his home. Her millionaire lover Phillip Daniels placed the world at her feet, yet she must decide to step forward or step away from what her heart was leading her into. The Southern - Peach Lee Jordan used lustful married men as she roared like a lioness in pursuit of her prey. Yet, her "manizing" ways made her fall for a much older married lover Sergeant Ethan Robinson, whose death would cause her to abruptly change the way she embraced love. Making wrong and right decisions would predict these women's futures. JUST GOING THRU SOME THANGS together is what they must do to get to the next "journey" in their lives.

Coming Through Slaughter Michael Ondaatje,2011-03-23 Bringing to life the fabulous, colorful panorama of New Orleans in the first flush of the jazz era, this book tells the story of Buddy Bolden, the first of the great trumpet players--some say the originator of jazz--who was, in any case, the genius, the guiding spirit, and the king of that time and place. In this fictionalized meditation, Bolden, an unrecorded father of Jazz, remains throughout a tantalizingly ungraspable phantom, the central mysteries of his life, his art, and his madness remaining felt but never quite pinned down. Ondaatje's prose is at times startlingly lyrical, and as he chases Bolden through documents and scenes, the novel partakes of the very best sort of modern detective novel--one where the enigma is never

resolved, but allowed to manifest in its fullness. Though more 'experimental' in form than either *The English Patient* or *In the Skin of a Lion*, it is a fitting addition to the renowned Ondaatje oeuvre.

Associated Motion Antoine Guillaume, Harold Koch, 2021-03-08 This volume is the first book-length presentation of the grammatical category of Associated Motion. It provides a framework for understanding a grammatical phenomenon which, though present in many languages, has gone unrecognized until recently. Previously known primarily from languages of Australia and South America, grammatical AM marking has now been identified in languages from most parts of the world (except Europe) and is becoming an important topic in linguistic typology. The chapters provide a thorough introduction to the

subject, discussion of the relation between AM and related grammatical concepts, detailed descriptions of AM in a wide range of the world's languages, and surveys of AM in particular language families and areas.
