*Are They Singing in Sparta?* Helena Schrader,2006-03 Messenia is in revolt, and the Messenians have been out-witting Sparta's crack troops. On the advice of Delphi, Sparta requests that Athens appoint a new Supreme Commander for Sparta's army. Athens intentionally selects an obscure schoolmaster unlikely to help Sparta win the war, Tyrtaios. Tyrtaios was born lame, has no military experience, and everything he has ever heard about Sparta makes it the last place on earth where he wishes to live. The Spartan officer Agesandros is horrified by the joke Athens has played on Sparta in appointing Tyrtaios Sparta's Supreme Polemarch. But as the son of a notorious brawler and drunk, who gained Spartan citizenship only after a radical reform of the Spartan Constitution, his voice counts for little. Furthermore, while Agesandros is obsessively ambitious, his sister is married to a helot and his nephew appears to have joined the rebellion against Sparta. The widow Alethea, the daughter of a Spartan nobleman, took refuge in Athens during the Time of Troubles. She alone understands how Tyrtaios is suffering in Sparta. Yet when her growing sons fall foul of the authorities, she finds herself under increasing pressure to remarry, and Agesandros is the most obvious suitor.

**Xander** Vivienne Savage,2018-08-30 In a future where anything alien is mistrusted, Doctor Xander Vargas hides his true nature. Reassignment to a new ship is the second chance he needs, and spoiling it isn't an option. Until he meets his one temptation, a woman his alien genes would kill for. Sergeant Thandie Kruger finds herself under the care of the navy's sexiest cybernetic surgeon. She should resist him, but she's fascinated, and his mysterious eyes hold a dozen secrets. Although they're divided by rank and united by undeniable attraction, there are bigger problems in the galaxy. Cyborgs like Thandie are vanishing from colonies at an alarming rate. And anyone could be next.

**The Dollars and Sense of Command and Control** Raymond C. Bjorklund,1995 This volume includes a timely and instructive treatment of the fundamental elements of command and control and its historical usage; a solid description of command and control in operational warfare applications; and a practical approach to analyzing its contribution to creating the right balance in combining fighting elements and command and control elements into a combat force structure. Trading off investments in shooters versus 'radios' rarely works in favor of radios, especially with a declining budget. On the other hand, as a result of Desert Storm, in the future contingencies will be the most likely scenarios, rather than global nuclear war. Joint and combined operations are now the standard for US warfighting. Clearly, the lessons of how much combat leverage was provided by command and control systems are self-evident. The Airborne Warning and Control System, Joint Surveillance and Target Attack Radar System, Airborne Battlefield Command and Control Center, and Rivet Joint strategic reconnaissance aircraft are prime examples of leveraging combat capability. Fortunately, the build- up time to Desert Storm provided the breathing room to introduce and integrate a powerful set of command and control systems to conduct a sustained, complex air campaign with a single Air Tasking Order for all the US air components as well as the coalition air forces. The ground war didn't last long enough to test the Combined Air Land Command and Control System. Nevertheless, the lessons are there to be learned and this lucid analysis of the command and control function ought to be required reading for all service operators as well as the Joint Force Commanders and their staffs who will have to plan for future contingency operations with a much reduced warfighting force structure.

The Nova Force Collection Vivienne Savage,2020-08-20 In a future where anything alien is mistrusted, Doctor Xander Vargas hides his true nature. Reassignment to a new ship is the second chance he needs, and spoiling it isn't an option. Until he meets his one temptation, a woman his alien genes would kill for. -- Years after the abduction that turned him into a cyborg, Kaiden remains broken in heart and body. Then the queen assigns him an investigation more disappearances like his own, and he hopes to find the closure he needs. He should be focused on the mission. Nothing else should matter. But the spy working along with him is infuriatingly distracting. But their attraction will have to be placed on hold, because the enemy will do anything to make Kaiden disappear one more time... forever. -- Living on the run for nine years has made Evangeline a skeptical woman. With a new face and a fabricated identity, she sails the stars as captain of her own mercenary ship. Online virtual reality games return a fraction of the life stolen from her by the Royal Navy's betrayal. Gareth dedicates his life to military life and training his psychic powers. Dating hasn't entered the equation, unless one counts the redheaded spitfire he games with online. When Evie finally invites Gareth to meet her in person at the galaxy's best entertainment hub, the offer seems too good to be true--because it is. Humanity's biggest threat has their eye on the space station, and they'll be in for the fight of their lives.

**The Silent War** Wayne Patrick,2011-09-16 Charlie McShane's world has just collapsed. His parents, John and Mary, are killed in a head-on collision with a drunk driver. Worse, the driver is an illegal alien from Mexico. To keep himself from destitution, Charlie moves back into his parents' home in Arizona. And it is then that the silent war begins. Already suffering from mental illness, Charlie is pushed to the brink his parents' death. His passive racism suddenly roars to full-blown hatred, engulfing friends, neighborhood strays, and the unfortunate Mexican population. As schizophrenia seizes Charlie's mind, virtually no one is safe from Charlie's wrath. He is now in an undeclared and very personal war of perverted justice and revenge. Charlie embarks on a random killing spree and especially targets the Mexican population. Fear and terrorism grip Arizona, and despite the efforts of law enforcement, there is no end in sight until one valiant man determines to stop Charlie, no matter the cost ... Gripping and timely, The Silent War mixes current political issues with the horrors of mental illness to paint a

disturbing picture of misguided vengeance and racism.

**Crown of Feathers** Nicki Pau Preto,2019-12-31 “Absolutely unforgettable.” –Kendare Blake, #1 New York Times bestselling author of the Three Dark Crowns series “A beautifully told story about justice, sisterhood, and warrior women.” –Shea Ernshaw, New York Times bestselling author of The Wicked Deep “Epic in the truest sense.” –Quill and Quire An Ember in the Ashes meets Three Dark Crowns in this lush debut fantasy novel about a girl who disguises herself as a boy to join a secret group of warriors that ride phoenixes into battle. I had a sister, once... In a world ruled by fierce warrior queens, a grand empire was built upon the backs of Phoenix Riders—legendary heroes who soared through the sky on wings of fire—until a war between two sisters ripped it all apart. I promised her the throne would not come between us. Sixteen years later, Veronyka is a war orphan who dreams of becoming a Phoenix Rider from the stories of old. After a shocking betrayal from her controlling sister, Veronyka strikes out alone to find the Riders—even if that means disguising herself as a boy to join their ranks. But it is a fact of life that one must kill or be killed. Rule or be ruled. Just as Veronyka finally feels like she belongs, her sister turns up and reveals a tangled web of lies between them that will change everything. And meanwhile, the new empire has learned of the Riders’ return and intends to destroy them once and for all. Sometimes the title of queen is given. Sometimes it must be taken. Crown of Feathers is an epic fantasy about love’s incredible power to save—or to destroy. Interspersed throughout is the story of Avalkyra Ashfire, the last Rider queen, who would rather see her empire burn than fall into her sister’s hands.
