Rising Elizabeth Rush, 2018-06-12 A Pulitzer Prize Finalist, this powerful elegy for our disappearing coast “captures nature with precise words that almost amount to poetry” (The New York Times). Hailed as “the book on climate change and sea levels that was missing” (Chicago Tribune), *Rising* is both a highly original work of lyric reportage and a haunting meditation on how to let go of the places we love. With every record-breaking hurricane, it grows clearer that climate change is neither imagined nor distant—and that rising seas are transforming the coastline of the United States in irrevocable ways. In *Rising*, Elizabeth Rush guides readers through these dramatic changes, from the Gulf Coast to Miami, and from New York City to the Bay Area. For many of the plants, animals, and humans in these places, the options are stark: retreat or perish. Rush sheds light on the unfolding crises through firsthand testimonials—a Staten Islander who lost her father during Sandy, the remaining holdouts of a Native American community on a drowning Isle de Jean Charles, a neighborhood in Pensacola settled by escaped slaves hundreds of years ago—woven together with profiles of wildlife biologists, activists, and other members of these vulnerable communities. A Guardian, Publishers Weekly, and Library Journal Best Book Of 2018 Winner of the National Outdoor Book Award A Chicago Tribune Top Ten Book of 2018

**The Urban Commons** Daniel T. O'Brien, 2018-12-03 Through voicemail, apps, websites, and Twitter, Boston's sophisticated 311 system allows citizens to report potholes, broken streetlights, graffiti, and vandalism that affect everyone's quality of life. Drawing on Boston's rich data, Daniel T. O'Brien offers a model of what smart technology can do for cities seeking both growth and sustainability.

Love After Love Ingrid Persaud, 2020-08-04 “A stellar debut . . . about an unconventional family, fear, hatred, violence, chasing love, losing it and finding it again just when we need it most.”—The New York Times Book Review WINNER OF THE COSTA BOOK AWARD • “A wonder . . . [This book] teems with real, Trinidadian life.”—Claire Adam, award-winning author of *Golden Child* SEMI-FINALIST FOR THE OCM BOCAS PRIZE • One of the Best Books of the Summer: Time • The Guardian • Goop • Women's Day • LitHub After Betty Ramdin's husband dies, she invites a colleague, Mr. Chetan, to move in with her and her son, Solo. Over time, the three become a family, loving each other deeply and depending upon one another. Then, one fateful night, Solo overhears Betty confiding in Mr. Chetan and learns a secret that plunges him into torment. Solo flees Trinidad for New York to carve out a lonely existence as an undocumented immigrant, and Mr. Chetan remains the singular thread holding mother and son together. But soon, Mr. Chetan's own burdensome secret is revealed, with heartbreaking consequences. *Love After Love* interrogates love and family in all its myriad meanings and forms, asking how we might exchange an illusory love for one that is truly fulfilling. In vibrant, addictive Trinidadian prose, *Love After Love* questions who and how we love, the obligations of family, and the consequences of choices made in desperation. Praise for *Love After Love* “*Love After Love* is gift after gift. An unforgettable symphony of love and loss, heartache and guilt, and the secrets and lies that pull us together, and tear us apart. Dazzlingly told in the most electrifying prose you will read all year.”—Marlon James, Booker Prize-winning author of *Black Leopard, Red Wolf* “This book teems with real, Trinidadian life: neighbors so nosy they know your business before it happens; descriptions of food that'll have you googling recipes; feting and liming and plenty of sex. There's darkness here, too—violence, loneliness, moments of despair—and how Ingrid Persaud weaves all these elements together in one book, with so much warmth and humor and love for her characters, is a wonder.”—Claire Adam, award-winning author of *Golden Child*

The Contemporary Commonwealth James Mayall, 2009-09-25 This collection of essays has been assembled to mark the centenary of The Round Table. It provides an analysis of the modern Commonwealth since the establishment of the Secretariat in 1965. Providing an overview of the contemporary Commonwealth, this book places the organization in its rich historical context while assessing its achievements, failures and prospects. The volume is divided into two parts: • Part I concentrates on a series of themes, dealing with the structure and functioning of the Commonwealth and its major activities, including the work of the secretary general and secretariat, its championing of the interests of small states, human rights and the world economy. • Part II adopts a regional perspective, identifying the impact of the Commonwealth on regional relations generally and particular problems that affect these relations. It also examines the ways in which the Commonwealth sometimes reinforces regional loyalties and interests but also the extent to which these have also reduced the importance of the Commonwealth in the foreign policy of its member states. The Contemporary Commonwealth will be of interest to students and scholars of international politics and international organisations, practitioners, journalists and those working in NGOs involved in Commonwealth affairs. This collection of essays is intended as a companion volume to *The Commonwealth and International Affairs*, edited by Alex May, marking the centenary of The Round Table.

The Role and Future of the Commonwealth Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2012-11-15 The Commonwealth is working for the UK however if the organisation is to reach its potential and influence events, the Commonwealth Secretariat needs to sharpen, strengthen and promote its diplomatic performance. Recently the Commonwealth has appeared less active and less publicly visible. The Government does not appear to have a clear and co-ordinated strategy for its relations with the Commonwealth. The moral authority of the Commonwealth has too often been undermined by the repressive actions of member governments. The Committee is disturbed to note the ineffectiveness of the mechanisms for upholding the Commonwealth's values, and expresses support for the Eminent Persons Group's proposal for a Commonwealth Charter. The Committee also says that it is not convinced that member states are making the most of the economic and trading opportunities offered by the Commonwealth. The report welcomes the fact that the Commonwealth continues to attract interest from potential new members, and the report says that there are advantages in greater diversity and an extended global reach for the Commonwealth however the application process should be rigorous. There is also concern at the continuing evidence of serious human rights abuses in Sri Lanka and the Committee urges the Prime Minister to state publicly his unwillingness to attend the Commonwealth Heads of Government Meeting in Colombo meeting unless he receives convincing and independently-verified evidence of substantial and sustainable improvements in human and political rights in Sri Lanka.

Technology and the Resilience of Metropolitan Regions Michael A. Pagano, 2015-04-30 Can today's city govern well if its citizens lack modern technology? How important is access to computers for lowering unemployment? What infrastructure does a city have to build in order to attract new business? In this new collection, Michael A. Pagano curates engagement with such questions by public intellectuals, stakeholders, academics, policy analysts, and citizens. Each essay explores issues related to the impact and opportunities technology provides in government and citizenship, health care, workforce development, service delivery to citizens, and metropolitan growth. As the authors show, rapidly emerging technologies and access to such technologies shape the ways people and institutions interact in the public sphere and private marketplace. The direction of metropolitan growth and development, in turn, depends on access to appropriate technology scaled and informed by the individual, household, and community needs of the region. Contributors include Randy Blankenhorn, Bénédicte Callan, Jane Fountain, Sandee Kastrul, Karen Mossberger, Dan O'Neil, Michelle Russell, Alfred Tatum, Stephanie Truchan, Darrel West, and Howard Wial.

The Commonwealth and Britain Dennis Austin, 2024-01-15 First Published in 1988, *The Commonwealth and Britain* reexamines the Commonwealth connection from the perspective of British interests and priorities and assesses the need for changes in British policy. It raises questions like: Is the Commonwealth an asset or a liability to Britain in terms of international influence and obligations? Has the South African issue now become the central focus for Commonwealth consultation and conflict, or are there broader, long-term issues for which the Commonwealth remains an appropriate forum? And how useful and important for Britain are the social, cultural,

and economic links which the Commonwealth fosters? This book is a must read for scholars and researchers of British politics and British history.

**Model Rules of Professional Conduct** American Bar Association. House of Delegates,Center for Professional Responsibility (American Bar Association),2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**Waste Is Information** Dietmar Offenhuber,2023-12-05 The relationship between infrastructure governance and the ways we read and represent waste systems, examined through three waste tracking and participatory sensing projects. Waste is material information. Landfills are detailed records of everyday consumption and behavior; much of what we know about the distant past we know from discarded objects unearthed by archaeologists and interpreted by historians. And yet the systems and infrastructures that process our waste often remain opaque. In this book, Dietmar Offenhuber examines waste from the perspective of information, considering emerging practices and technologies for making waste systems legible and how the resulting datasets and visualizations shape infrastructure governance. He does so by looking at three waste tracking and participatory sensing projects in Seattle, São Paulo, and Boston. Offenhuber expands the notion of urban legibility—the idea that the city can be read like a text—to introduce the concept of infrastructure legibility. He argues that infrastructure governance is enacted through representations of the infrastructural system, and that these representations stem from the different stakeholders' interests, which drive their efforts to make the system legible. The Trash Track project in Seattle used sensor technology to map discarded items through the waste and recycling systems; the Forager project looked at the informal organization processes of waste pickers working for Brazilian recycling cooperatives; and mobile systems designed by the city of Boston allowed residents to report such infrastructure failures as potholes and garbage spills. Through these case studies, Offenhuber outlines an emerging paradigm of infrastructure governance based on a complex negotiation among users, technology, and the city.
