The Lost City Henry Shukman,2009-04-07 Jackson Small—barely twenty and just discharged from the military—sets off in search of something he cannot even be sure is real: La Joya, the lost capital of an ancient, vanished Peruvian empire. Traveling through South America, Jackson makes his way through desert, arid mountains, inhospitable villages, and impenetrable jungle, meeting several unforgettable characters, including an American woman who both redefines and fulfills all of Jackson's expectations. And though he's warned at almost every turn, he still enters the lethal forest that hides La Joya—where he will discover other searchers, with motives far more sinister than his own. With its lyrical voice, heart-stopping pace, and the audacious romanticism of the quest that fuels it, *The Lost City* is a novel at once suspenseful, unexpected, and thoroughly mesmerizing.

Sierra City Gerri Hill,2004-10-01 Chris McKenna gladly escaped the crowds of Yosemite to work as the new Search and Rescue in tiny Sierra City, nestled just west of Lake Tahoe. A loner by nature, she didn't mind the seclusion of the Sierra Nevada Mountains. Jessie Stone, a successful but reclusive writer, is haunted by memories of her childhood and finally returns to Sierra City after sixteen years to confront her past. Can the odd assortment of residents of this small mountain town bring the two of them together? Or will it be Annie Stone, a woman Chris has grown to admire and a woman Jessie still feels hatred for, that has the power to bind the two. Through lies and deception, Chris and Jessie each struggle to deny the growing attraction that could brighten both their lives . . .

Finding Your Way Without Map Or Compass Harold Gatty, 1998-12-23 Shows how to determine locations in the wilderness, in a desert, in snow-covered areas, and on the ocean, applying methods used by aboriginal peoples and early explorers

Unseen City Nathanael Johnson, 2016-04-05 It all started with Nathanael Johnson's decision to teach his daughter the name of every tree they passed on their walk to day care in San Francisco. This project turned into a quest to discover the secrets of the neighborhood's flora and fauna, and yielded more than names and trivia: Johnson developed a relationship with his nonhuman neighbors. Johnson argues that learning to see the world afresh, like a child, shifts the way we think about nature: Instead of something distant and abstract, nature becomes real—all at once comical, annoying, and beautiful. This shift can add tremendous value to our lives, and it might just be the first step in saving the world. No matter where we live—city, country, oceanside, or mountains—there are wonders that we walk past every day. *Unseen City* widens the pinhole of our perspective by allowing us to view the world from the high-altitude eyes of a turkey vulture and the distinctly low-altitude eyes of a snail. The narrative allows us to eavesdrop on the comically frenetic life of a squirrel and peer deep into the past with a ginkgo biloba tree. Each of these organisms has something unique to tell us about our neighborhoods and, chapter by chapter, *Unseen City* takes us on a journey that is part nature lesson and part love letter to the world's urban jungles. With the right perspective, a walk to the subway can be every bit as entrancing as a walk through a national park.
