El periodismo de videojuegos en España Guillermo Paredes-Otero,2023-06-29 ¿La prensa de videojuegos es un periodismo amateur? La respuesta está en un libro que recorre esta especialización periodística en España, desde su origen en los años ochenta hasta la actualidad. El lector tiene ante sí un estudio pionero sobre la unión del periodismo y los videojuegos, desde todos los elementos del proceso comunicativo: emisores, receptores y canales de difusión. Se muestra la evolución de las revistas hasta la proliferación de las webs, junto a medios radiofónicos y audiovisuales, todo para componer un mapa de cabeceras especializadas. No falta el papel de la mujer, analizar los géneros periodísticos empleados y el uso de las redes sociales, del infoentretenimiento, del slow journalism, y otras prácticas menos recomendables, pero habituales, como el rumor. Todo apoyado por una extensa bibliografía y entrevistas a directivos de los medios referentes en el periodismo de videojuegos Un libro destinado a ser vital para estudiantes, académicos y profesionales de la comunicación y el ocio interactivo, mientras descubrimos que la prensa de videojuegos está intrínsecamente ligada a la sociedad, se derriban clichés, abrimos nuevos debates y cerramos otros, empezando por la eterna pregunta de si el videojuego es cultura y cómo afecta al ejercicio periodístico.

Race, Gender, and Deviance in Xbox Live Kishonna L. L. Gray,2014-03-27 Race, Gender, and Deviance in Xbox Live provides a much-needed theoretical framework for examining deviant behavior and deviant bodies within one of the largest virtual gaming communities—Xbox Live. Previous research on video games has focused mostly on violence and examining violent behavior resulting from consuming this medium. This limited scope has skewed criminologists' understanding of video games and video game culture. Xbox Live has proven to be more than just a gaming platform for users. It has evolved into a multimedia entertainment outlet for more than 20 million users. This book examines the nature of social interactions within Xbox Live, which are often riddled with deviant behavior, including but not limited to racism and sexism. The text situates video games within a hegemonic framework deploying whiteness and masculinity as the norm. The experiences of the marginalized bodies are situated within the framework of deviance as they fail to conform to the hegemonic norm and become victims of racism, sexism, and other types of harassment.
