The Right Word American Heritage Dictionary, Robert W. Harris, 1978-01-02

A Concise Dictionary of Correct English B. A. Phythian, 1979-01-15 Based on authoritative sources (Fowler, Gowers, Partridge and the Oxford dictionaries), this book is intended for those who would like to be guided round some of the more common pitfalls in the use of English. It is also a practical introduction to the grammar of modern English, grammar being the basis for a proper understanding of what is correct current usage. The compiler, while making a stand against linguistic abuses such as ungrammatical expressions and ugly coinages, circumlocutions and tautology, fashionable metaphors and misuse of technical terms, has an up-to-date attitude to

English as a living, developing language, which is constantly changing through usage and the needs of its writers and speakers. Many, often entertaining, examples of both good and incorrect (but frequently found) English support the definitions in the dictionary.

Concise Thesaurus of Traditional English

Metaphors Dick Wilkinson, 2013-01-11 This absorbing collection of metaphors includes a variety of expressions with figurative meanings, like similes, proverbs, slang and catchphrases. It is the result of a lifetime of work on dialect and metaphor and gives an overview of the folk wisdom expressed in figurative expressions. The author draws on his extensive contact with the rural cultures of Dorset, Cornwall, Yorkshire and Lancashire, but has also included a range of sayings from North America, Australia, Scotland and other English speaking countries. With revised contents and an improved index to make individual entries easier to find, the Concise can be used to check the meaning and the origin of an expression or to avoid mixed metaphors, anachronisms and incongruities. It is a joy to browse long after your original query has been answered.

The Pocket Oxford Dictionary and Thesaurus Frank R. Abate, 1999 Rather than forcing readers to flip between the thesaurus for synonyms and the dictionary for definitions, The Pocket Oxford Dictionary and Thesaurus provides a unified approach, treating meanings and related words within the same entry.

Oxford Thesaurus of English Maurice Waite, 2006 The leading single-volume English thesaurus.

Explore the richness of the English language with hundreds of thousands of synonyms and antonyms, and thousands of example sentences drawn from the Oxford English Corpus. Throughout the world, business people, tourists, students, teachers and first-time buyers of computers are confronted every day with new words and terms. The need for a manual to this dynamic language has never been greater. The Encarta? Concise Dictionary, compiled from the same database as the Encarta? World English Dictionary, is the result of an in-depth survey of professors, teachers, students and parents into the requirements and expectations of all English speakers in the 21st century. Consequently readers will find international coverage of global English, enhanced with innovative features: * Quick Facts: short digests of key concepts in the arts and science * Literary Links: notes on major works of literature * Internet Guide on navigating and researching on the Internet * Spellchecks: warnings about spelling errors ignored by spellcheckers * Usage Notes: dealing with common queries on spelling and grammar * Comprehensive coverage of high-technology, scientific and business terms In addition to this, the Encarta? Concise Dictionary provides an easy-to-use layout, 30 tables of key facts and dates, over 700 illustrations, maps and photos, and the reader's attention is drawn to commonly misspelt words. A unique Quick Definition system, with brief definitions in bold, enables the reader to pick out the appropriate sense at speed. The Encarta? Concise Dictionary- designed to meet the everyday requirements of all global English speakers - is the first entirely new concise dictionary to be published for two decades. Language is a powerful tool. Read the new manual.
