James Patterson,Maxine Paetro

The Problem of Free Choice Saint Augustine (of Hippo), 1955 One of Augustine's most important works, written between 388 and 395, this dialogue has as its objective not so much to discuss free will for its own sake as to discuss the problem of evil in reference to the existence of God, who is almighty and all-good.

**Late Have I Loved Thee** Augustine of Hippo, 2006-12-05 The first collection of Saint Augustine's varied writings on human and divine love—chosen to reflect his lifelong preoccupation with *ordo amoris*, the principle of rightly directed love. My weight is my love, Saint Augustine writes in *The Confessions*. He sees our ability to love as disordered by sin, so that we often choose badly what and how to love. Only by recognizing that we are commanded to love God first can any other object of our love be properly ordered, *Late Have I Loved Thee* draws on the riches found in Augustine's sermons, letters, treatises, and Scripture commentaries, as well as passages from *The Confessions* and *City of God*. Augustine (354-430 A.D.) was the most prolific writer of Christian antiquity and the most influential theologian in Church history. In his first encyclical, *God Is Love*, current Pope Benedict XVI acknowledges his indebtedness to him. When we read Augustine today, we encounter the same direct, eloquent passions his original listeners experienced, infused with his deep sense of human weakness and burning desire for union with God.

**Prodigal Confessions** Britta Lafont, 2015-03-09 The Parable of the Prodigal Son is a gospel story: in it we see the fall, repentance, redemption, and reconciliation. Many of us have heard this parable our whole lives. Often the Prodigal Story is portrayed as one that pictures the process of Christian salvation...and this is true. It is also true that believers, though adopted into God's family, are prone to wander back to the Pigsty, time and time again. We can find ourselves, much like the sons in the story, squandering relationship with Our Heavenly Father and feeling the pain of separation from Him. The path back to the Father via repentance is a short one, and should be taken on a regular basis. This book explores why Christians, given so much hope, love, and grace, continue to struggle with sin. Like the Gospel Story, each Prodigal's story is filled with hope and grace. God is purposeful. Our struggles are part of the process of leaving behind the old ways and learning to live new lives; it is a process that we cannot fast forward through...this is our refining, our sanctification. God uses our stories for the display of His glory: to demonstrate His power over sin, His wisdom in ordaining our life events, and His unfailing goodness toward us. The Parable of the Prodigal Son is meant to display the Father's character. Our lives are meant to reflect the same truths. Prodigal means extravagant. In our

struggles, we can be extravagantly wasteful of God's gift to us of relationship with Him. But the hope of the Christian life is that He doesn't let us stay there. His compassion is active. He meets us on our way back to Him. As we learned more and more to walk in obedience, we are able to share His extravagant generosity with others.

Access to God in Augustine's Confessions Carl G. Vaught, 2005-01-01 This is the final volume in Carl G. Vaught's groundbreaking trilogy reappraising Augustine's Confessions, a cornerstone of Western philosophy and one of the most influential works in the Christian tradition. Vaught offers a new interpretation of the philosopher as less Neoplatonic and more distinctively Christian than most interpreters have thought. In this book, he focuses on the most philosophical section of the Confessions and on how it relates to the previous, more autobiographical sections. A companion to the previous two volumes, which dealt with Books I–IX, this book can be read either in sequence with or independently of the others.

**Augustine's Confessions** Garry Wills, 2021-07-27 From Pulitzer Prize–winner Garry Wills, the story of Augustine's Confessions In this brief and incisive book, Pulitzer Prize-winning historian Garry Wills tells the story of the Confessions—what motivated Augustine to dictate it, how it asks to be read, and the many ways it has been misread in the one-and-a-half millennia since it was composed. Following Wills's biography of Augustine and his translation of the Confessions, this is an unparalleled introduction to one of the most important books in the Christian and Western traditions.

Understandably fascinated by the story of Augustine's life, modern readers have largely succumbed to the temptation to read the Confessions as autobiography. But, Wills argues, this is a mistake. The book is not autobiography but rather a long prayer, suffused with the language of Scripture and addressed to God, not man. Augustine tells the story of his life not for its own significance but in order to discern how, as a drama of sin and salvation leading to God, it fits into sacred history. We have to read Augustine as we do Dante, Wills writes, alert to rich layer upon layer of Scriptural and theological symbolism. Wills also addresses the long afterlife of the book, from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today, when the Confessions has become an object of interest not just for Christians but also historians, philosophers, psychiatrists, and literary critics. With unmatched clarity and skill, Wills strips away the centuries of misunderstanding that have accumulated around Augustine's spiritual classic.

**Creation and New Creation** Sean M McDonough,2016-04-01 In keeping with the Scriptural witness and the theological heritage, this remarkable book examines the doctrine of creation alongside new creation. The connection between the two - creation and new creation - has drawn renewed attention in the last several decades; but the burden of Sean McDonough's argument is that this emphasis on creation and new creation has been a feature of the doctrine since the beginning, whether in the eschatological reading of Genesis 1 that predominated at least until early modern times, or the intertwining of the narratives of creation and redemption in thinkers from Irenaeus to Barth. Whilst covering the traditional elements of the doctrine, McDonough treats the important subject with a special emphasis on how these unfold in the story of what Gunton has called God's creation project.

*Augustine: Confessions Books V–IX* Augustine,2019-09-12 Books V-IX of the Confessions trace five crucial years in the life of Augustine, from his debut as a teacher of rhetoric in North Africa to his baptism as a Christian and the renunciation of a worldly career in Milan. This commentary will be invaluable for those wishing to read his story in the original Latin. Through careful glosses and notes, Augustine's Latin is made accessible to students of patristics and of classics. His extensive quotations from Scripture are translated and explained in light of the variant Bible texts and the interpretative assumptions through which he came to understand them. The unfolding of his career is set against the background of political, cultural, and religious change in the fourth century, and the art with which he created a form of narrative without precedent in earlier Latin literature is illustrated in close detail.

**Expositions of the Psalms 1–32 (Vol. 1)** Saint Augustine (of Hippo),1990 As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo.-- Publisher's website.

**Confessions: The Private School Murders** James Patterson,Maxine Paetro,2013-10-07 In the sequel to the #1 New York Times bestseller *Confessions of a Murder Suspect*, James Patterson keeps the confessions coming breathlessly as Tandy Angel delves deeper into her own dark history. Wealthy young women are being murdered on Manhattan's exclusive Upper West Side, and the police aren't looking for answers in the right places. Enter Tandy Angel. The first case she cracked was the mystery of her parents' deaths. Now, while she's working to exonerate her brother of his glamorous girlfriend's homicide, she's driven to get involved in the West Side murder spree. One of the recent victims was a student at Tandy's own elite school. She has a hunch it may be the work of a serial killer, but the NYPD isn't listening to her . . . and Tandy can't ignore the disturbing fact that she perfectly fits the profile of the killer's targets. Can she untangle the mysteries in time? Or will she be the next victim?!--

**Celebration of Discipline** Richard J. Foster,1988-10-05 In the twenty years since its publication, *Celebration of Discipline* has helped over a million seekers discover a richer spiritual life infused with joy, peace, and a deeper understanding of God. For this special twentieth anniversary edition, Richard

J. Foster has added an introduction, in which he shares the story of how this beloved and enduring spiritual guidebook came to be. Hailed by many as the best modern book on Christian spirituality, *Celebration of Discipline* explores the classic Disciplines, or central spiritual practices, of the Christian faith. Along the way, Foster shows that it is only by and through these practices that the true path to spiritual growth can be found. Dividing the Disciplines into three movements of the Spirit, Foster shows how each of these areas contribute to a balanced spiritual life. The inward Disciplines of meditation, prayer, fasting, and study, offer avenues of personal examination and change. The outward Disciplines of simplicity, solitude, submission, and service, help prepare us to make the world a better place. The corporate Disciplines of confession, worship, guidance, and celebration, bring us nearer to one another and to God. Foster provides a wealth of examples demonstrating how these Disciplines can become part of our daily activities-and how they can help us shed our superficial habits and bring the abundance of God into our lives. He offers crucial new insights on simplicity, demonstrating how the biblical view of simplicity, properly understood and applied, brings joy and balance to our inward and outward lives and sets us free to enjoy the provision of God as a gift that can be shared with others. The discussion of celebration, often the most neglected of the Disciplines, shows its critical importance, for it stands at the heart of the way to Christ. *Celebration of Discipline* will help motivate Christians everywhere to embark on a journey of prayer and spiritual growth.
