Timeless Wisdom of Confucius Confucius,2020 Confucius was born 551 B.C., his father being governor of Shantung. He was married at nineteen, and seems to have occupied some minor position under the government. In his twenty-fourth year he entered upon the three years' mourning for the death of his mother. His seclusion gave him time for deep thought and the study of history, and he resolved upon the regeneration of his unhappy country. Andrew Fischer selected the greatest Confucius quotes from The Analects of Confucius, The Sayings of Mencius, The Shi-King, The Travels of Fâ-Hien, and The Sorrows of Han and adapted them for modern readers.

Confucius Mazimum C Jerri,2021-05-02 Fame, as they say, is fickle. It may take years to reap it and, when you do, you may not have the time to enjoy the fruits of your labor. This was the case for Confucius, an ancient Chinese philosopher whose ideas still resonate today.Who Was Confucius?As he

was known, Kong Qiu, or Master Kong, did not live to see his days of glory. During his lifetime, his views were received with scorn. But that was about 2,500 years ago. Following his death, a handful of his dedicated followers passed on Confucius' teachings to future generations in the book, The Analects of Confucius. Confucius' philosophies remained in the archives of ancient Chinese history. As his teachings spread far and wide, his philosophies gained ground. It took many years after Confucius' death for his philosophies to be appreciated and revered, but today, Confucianism is an ethical school of thought adopted by many thinkers around the world. Going along with different life phases requires great motivation and inspiration; thus, we all need some enlightenment from insightful individuals to guide us. Even some of the funny Confucius quotes can leave us realizations to ponder on after it has made us smile. What Confucius says and has quoted are too sensible not to be shared with others. Confucius's life quotes are provident and far-sighted enough for us to hold on to whenever we need uplifting thoughts. These also include Confucius quotes about family and Confucius quotes about love. All these words and lines have something for us to learn from. In life, we can't always make the right decisions. There are times when we need to look up to someone to educate us about a specific thing or situation. Experience is the best teacher. If we accept that we lack knowledge, that's where our doors start to open for wisdom. Confucius proverbs make their way through our existence. If we comprehend every word he left, some to assimilate, we will steer to the right path of moral and cognitive grounds. This book focuses on the life of Confucius, his philosophy & some of his famous quotes.

The Sayings of Confucius The Chinese Confucius, Charles W Eliot, 2014-08-22 Confucius (551–479 BC) was a Chinese teacher, editor, politician, and philosopher of the Spring and Autumn period of Chinese history. The philosophy of Confucius emphasized personal and governmental morality, correctness of social relationships, justice and sincerity. His followers competed successfully with many other schools during the Hundred Schools of Thought era only to be suppressed in favor of the Legalists during the Qin Dynasty. Following the victory of Han over Chu after the collapse of Qin, Confucius's thoughts received official sanction and were further developed into a system known as Confucianism. Confucius is traditionally credited with having authored or edited many of the Chinese classic texts including all of the Five Classics, but modern scholars are cautious of attributing specific assertions to Confucius himself. Aphorisms concerning his teachings were compiled in the Analects, but only many years after his death. Confucius's principles had a basis in common Chinese tradition and belief. He championed strong family loyalty, ancestor worship, respect of elders by their children and of husbands by their wives. He also recommended family as a basis for ideal government. He espoused the well-known principle Do not do to others what you do not want done to yourself, an early version of the Golden Rule. The Lu state was headed by a ruling ducal house. Under the duke were three aristocratic families, whose heads bore the title of viscount and held hereditary positions in the Lu bureaucracy. The Ji family held the position Minister over the Masses, who was also the Prime Minister; the Meng family held the position Minister of Works; and the Shu family held the position Minister of War. In the winter of 505 BC, Yang Hu—a retainer of the Ji family—rose up in rebellion and seized power from the Ji family. However, by the summer of 501 BC, the three hereditary families had succeeded in expelling Yang Hu from Lu. By then, Confucius had built up a considerable reputation through his teachings, while the families came to see the value of proper conduct and righteousness, so they could achieve loyalty to a legitimate government. Thus, that year (501 BC), Confucius came to be appointed to the minor position of governor of a town. Eventually, he rose to the position of Minister of Crime. Confucius desired to return the authority of the state to the duke by dismantling the fortifications of the city-strongholds belonging to the three families. This way, he could establish a centralized government. However, Confucius relied solely on diplomacy as he had no military authority himself. In 500 BC, Hou Fan—the governor of Hou—revolted against his lord of the Shu family. Although the Meng and Shu families unsuccessfully besieged Hou, a loyalist official rose up with the people of Hou and forced Hou Fan to flee to the Qi state. The situation may have been in favor for Confucius as this likely made it possible for Confucius and his disciples to convince the aristocratic families to dismantle the fortifications of their cities. Eventually, after a year and a half, Confucius and his disciples succeeded in convincing the Shu family to raze the walls of Hou, the Ji family in razing the walls of Bi, and the Meng family in razing the walls of Cheng. First, the Shu family led an army towards their city Hou and tore down its walls in 498 BC. Soon thereafter, Gongshan Furao—a retainer of the Ji family—revolted and took control of the forces at Bi. He immediately launched an attack and entered the capital Lu.
