Connecting the Dots John Chambers,Diane Brady,2018-09-25 Silicon Valley visionary John Chambers shares the lessons that transformed a dyslexic kid from West Virginia into one of the world's best business leaders and turned a simple router company into a global tech titan. When Chambers joined Cisco in 1991, it was a company with 400 employees, a single product, and about \$70 million in revenue. When he stepped down as CEO in 2015, he left a \$47 billion tech giant that was the backbone of the internet and a leader in areas from cybersecurity to data center convergence. Along the way, he had acquired 180 companies and turned more than 10,000 employees into millionaires. Widely recognized as an innovator, an industry leader, and one of the world's best CEOs, Chambers has outlasted and outmaneuvered practically every rival that ever tried to take Cisco on--Nortel, Lucent, Alcatel, IBM, Dell, and Hewlett-Packard, to name a few. Now Chambers is sharing his unique strategies for winning in a digital world. From his early lessons and struggles with dyslexia in West Virginia to his bold bets and battles with some of the biggest names in tech, Chambers gives readers a playbook on how to act before the market shifts, tap customers for strategy, partner for growth, build teams, and disrupt themselves. He also adapted those lessons to transform government, helping global leaders like French President Emmanuel Macron and Indian Prime Minister Narendra Modi to create new models for growth. As CEO of JC2 Ventures, he's now investing in a new generation of game-changing startups by helping founders become great leaders and scale their companies. *Connecting the Dots* is destined to become a business classic, providing hard-won insights and critical tools to thrive during the accelerating disruption of the digital age.

Value Driven Management Randolph Pohlman,Gareth Gardiner,2000 *Value Driven Management* explains how to do just that. Starting with the premise that what people value drives their actions, the book introduces eight value drivers: external cultural values, internal cultural values, employee values, supplier values, customer values, third-party values, competitor values, and owner values. Only by integrating these value drivers into an organization's leadership, management, and decision-making processes can an organization achieve and maintain success.--Jacket.

The Jesus Creed for Students Scot McKnight,2011-05-01 FIRST came the bestselling book. Then the popular blog. Now essential Christian formation for anyone between 16 and 22. The gravity point of a life before God is that his followers are to love God and love others with everything they

have. Scot McKnight calls this The Jesus Creed. Now, he's worked it out with high school and college students, seeking to show how this double commandment to love makes sense and gives shape to the moral lives of young adults. The Jesus Creed for Students aims to demonstrate a simple truth - that followers of Jesus, follow Jesus. (Also, its practical, filled with stories, and backed up and checked by youth pastors.)
