Lessons from Madame Chic Jennifer L. Scott,2012-11-06 Inspired by Paris, this lighthearted and deceptively wise contemporary memoir serves as a guidebook for women on the path to adulthood, sophistication, and style. Jennifer Scott's self-published success is now a beautifully packaged and fully illustrated gift book, perfect for any woman looking to lead a more fulfilling, passionate, and artful life. Paris may be the City of Light, but for many it is also the City of Transformation. When Jennifer Scott arrived in Paris as an exchange student from California, she had little idea she would become an avid fan of French fashion, lifestyle, and sophistication. Used to a casual life back home, in Paris she was hosted by a woman she calls "Madame Chic," mistress of a grand apartment in the Sixteenth Arrondissement. Madame Chic mentors Jennifer in the art of living, with elegance and an impeccably French less-is-more philosophy. Three-course meals prepared by the well-dressed Madame Chic (her neat clothes covered by an apron, of course) lure Jennifer from her usual habit of frequent snacks, junk food, sweatpants, and TV. Additional time spent with "Madame Bohemienne," a charming single mother who passionately embraces Parisian joie de vivre, introduces readers to another facet of behind-closed-doors Parisian life. While Francophiles will appreciate this memoir of a young woman's adventure abroad, others who may not know much about France will thrill to the surprisingly do-able (yet chic!) hair and makeup lessons, plus tips on how to create a capsule wardrobe with just ten useful core pieces. Each chapter of *Lessons from Madame Chic* reveals the valuable secrets Jennifer learned while under Madame Chic's tutelage—tips you can master no matter where you live or the size of your budget. Embracing the classically French aesthetic of quality over quantity, aspiring Parisiennes will learn the art of eating (deprive yourself not; snacking is not chic), fashion (buy the best you can afford), grooming (le no-makeup look), among other tips. From entertaining to decor, you will gain insights on how to cultivate old-fashioned sophistication while living an active, modern life. *Lessons from Madame Chic* is the essential handbook for a woman that wants to look good, live well, and enjoy that Parisian je ne sais quoi in her own arrondissement.

Excelsior, You Fathead! Eugene B. Bergmann,2004-11-01 (Applause Books). Jean Shepherd (1921-1999), master humorist, is best known for his creation A Christmas Story , the popular movie about the child who wants a BB gun for Christmas and nearly shoots his eye out. What else did Shepherd do? He is considered by many to be the Mark Twain and James Thurber of his day. For many thousands of fans, for decades, Shep talked on the radio late at night, keeping them up way past their bedtimes. He entertained without a script, improvising like a jazz musician, on any and every subject you can imagine. He invented and remains the master of talk radio. Shepherd perpetrated one of the great literary hoaxes of all time, promoting a nonexistent book and author, and then brought the book into existence. He wrote 23 short stories for Playboy , four times winning their humor of the year award, and also interviewed the Beatles for the magazine. He authored several popular books of humor and satire, created several television series and acted in several plays. He is the model for the character played by Jason Robards in the play and movie A Thousand Clowns , as well as the inspiration for the Shel Silverstein song made famous by Johnny Cash, A Boy Named Sue. Readers will learn the significance of innumerable Shepherd words and phrases, such as Excelsior, you fathead, and observe his constant confrontations with the America he loved. They will get to know and understand this multit talented genius by peeking behind the wall he built for himself a wall to hide a different and less agreeable persona. Through interviews with his friends, co-workers and creative associates, such as musician David Amram, cartoonist and playwright Jules Feiffer, publisher and broadcaster Paul Krassner, and author Norman Mailer, the book explains a complex and unique genius of our time. Shepherd pretty much invented talk radio ... What I got of him was a wonder at the world one man could create. I am as awed now by his achievement as I was then. Richard Corliss, Time magazine online

Iranian Classical Music Laudan Nooshin,2017-03-02 Questions of creativity, and particularly the processes which underlie creative performance or 'improvisation', form some of the central areas of interest in current musicology. Yet the predominant discourses on which musicological thought in this area are based have rarely been challenged. In this book Laudan Nooshin interrogates musicological discourses of creativity from the perspective of critical theory and postcolonial studies, examining their ideological underpinnings, the relationships of alterity which they sustain, and the profound implications for our understanding of creative processes in music. The repertoire which forms the book's main focus is Iranian classical music, a tradition in which the performer plays a central creative role. Addressing a number of issues regarding the nature of musical creativity, the author explores both the discourses through which ideas about creativity are constructed, exchanged and negotiated within this tradition, and the

practice by which new music comes into being. For the latter she compares a number of performances by musicians playing a range of instruments and spanning a period of more than 30 years, focusing on one particular section of repertoire, dastgāh Segāh, and providing transcriptions of the performances as the basis for analytical exploration of the music's underlying compositional principles. This book is about understanding musical creativity as a meaningful social practice. It is the first to examine the ways in which ideas about tradition, authenticity, innovation and modernity in Iranian classical music form part of a wider social discourse on creativity, and in particular how they inform debates regarding national and cultural identity.
