📖 **Going Global** Susan C. Awe,2009-08-25 This title helps small and medium-sized enterprises discover the advantages and disadvantages of international business and plan their entry or expansion strategies. In an age where globalizing a business has gone from an innovation to an imperative, how can entrepreneurs make sure their small- and medium-sized enterprises (SMEs) are set up for maximum worldwide reach from the very beginning? Going Global: An Informational Sourcebook for Small and Medium-Sized Businesses is an extraordinary resource that points the way to a wealth of available print and web resources for helping SME owners research their international sales potential. Going Global offers separate chapters on such critical topics as how to do a business plan, how to analyze the competition and the market, how to find foreign customers, how to set up an international business, how to manage a global business, and how to use the Internet to its fullest. No matter what stage of entering international trade a company is in, its owners, managers, and stakeholders will be able to quickly and easily find the information and expertise they need to compete in a world-based economy.

📖 **Global Trends 2040** National Intelligence Council,2021-03 The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come. -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world’s future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow’s world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.
