Google Apps Deciphered Scott Granneman, 2008-12-04 This is the eBook version of the printed book. If the print book includes a CD-ROM, this content is not included within the eBook version. Google Apps Deciphered Compute in the Cloud to Streamline Your Desktop Use Google Apps to Improve Productivity and Collaboration, Reduce Costs, and Eliminate Technology Hassles! Google Apps gives you virtually all the business and productivity software you need—all of it free, or available at extremely low cost. Because the suite of Google Apps runs on Google's network in the cloud, you avoid the hassles that go with desktop software. Getting started with Google Apps is easy—but if you want to make the most of it, you'll need expert guidance that Google's online help doesn't provide. Get all the help you need, right here. This is your start-to-finish guide to setting up Google Apps, migrating to it, customizing it, and using it to improve productivity, communications, and collaboration. Scott Granneman introduces every leading component individually, and shows exactly how to make them work together for you on the web or by integrating them with your favorite desktop apps. You'll find practical insights on Google Apps email, calendaring, contacts, wikis, word processing, spreadsheets, presentations, video, and even Google's new web browser Chrome. And, drawing on his extensive experience helping companies move to Google Apps, Granneman presents tips and tricks you simply won't find anywhere else. Coverage includes • Choosing the right edition of Google Apps for you • Setting up Google Apps so it will be easier to use and manage • Migrating your email, contacts, and calendars to Google Apps • Administering and securing Google Apps • Integrating Google Apps with other software and services • Leveraging Google Sites to collaborate across teams, organizations, or the entire world • Making the most of Google Talk voice calls and instant messaging • Implementing Google's office productivity tools, including Docs,

Spreadsheets, and Presentations • Using policy management and message recovery to control and secure your messaging • Customizing efficient Google Apps Start Pages for you and your colleagues • Sharing important and useful videos with your colleagues • Maximizing the innovative features of Google's new web browser, Chrome

SCOTT GRANNEMAN is an author, teacher, and entrepreneur with extensive experience in Google Apps migration, setup, and training. As Adjunct Professor at Washington University, he teaches popular courses on technology, security, and the Internet. A monthly columnist for SecurityFocus and Linux Magazine, he has authored four books on open source technologies, including The Linux Phrasebook. As a principal at WebSanity, he manages the firm's UNIX server environment, and helps develop its Content Management System, which is used by educational, business, and non-profit clients nationwide. www.1and100zeroes.com

Getting StartED with Google Apps Paul Darbyshire, Adam Darbyshire, 2012-02-03 How would you like to share your calendar, access your e-mail, or create and share documents, all online from your smartphone/mobile device, netbook, or desktop? If you answered yes, then you should know that the best of all these online applications and services are being offered for free, from one of the Internet's biggest names, Google. These apps are in an online suite of productivity and fun applications called Google Apps. Getting StartED with Google Apps gets you started collaborating and creating with Google's online suite of applications on the Chrome operating system—analogous to using Microsoft Office on Windows. The differences are that Google Apps and Chrome are mostly free and run entirely on the Web.

With this book, you get clear and easy-to-use instructions for getting up and running with basic Google Apps like Gmail, Google Voice, and more. Moreover, you get detailed visuals and step-by-step explanations on the more sophisticated Google apps like Google Docs, Spreadsheets, Presentations, SketchUp, and more. So get going and have some fun while you're at it.
