Dinner Talk Emily Hall, Philip S. Hall, Nancy D. Hall, 2010-05-18 Chew on these one-of-a-kind conversation starters! Pass the salt? Eat your peas? You can do better than that! This book provides you with 365 ways to spark conversation and engage your youngsters while you gather around the table. Make dinnertime a lively experience the whole family looks forward to, as kids share their ideas, explore their creativity, and let you in on their wildest dreams with fun (and thought-provoking) questions like: If you could

adopt a single trait from a wild animal, such as horns or a poisonous bite, what would it be? If you could invite any character from a book or movie to do something with you, who would you invite and what would you do? What would your life be like if you could be invisible? Studies show that kids who participate in regular family meals get better grades, have larger vocabularies, and are healthier than kids who don't. So grab your fork--and your imagination--because it's never too early to start a dynamic dinner routine!

Conversation Starter Steve C. McCullar, 2023-02-08 Conversation Starter: Let's Talk Business, Teaching, and Training in Churches By: Steve C. McCullar Are your business meetings at church unproductive? Do your leadership development programs need to be developed? Are you lacking experienced teachers and trainers, and only using the volunteers that are available - and have no program to build them up? Have you ever had those tough conversations about your church's needs in the areas of business, teaching, and training? Motivational speaker, corporate trainer, and business professor, Steve McCullar talks about starting those conversations. With over 20 years of teaching and training experience in academic and corporate settings, along with experience working in ministry and developing church programs. Steve uses biblical principles to start conversations. Through stories, humor, and practical tips and strategies, he demonstrates the importance of organizational alignment within the churches, especially in the area of learning and development. Among these pages you'll discover topics about: • Why Jesus was called the Master Teacher and not the Master Preacher • Dealing with "church folk" who only want to hear, but don't want to do • The

importance of teachers and trainers in your church • Why your church meetings have increased socializing but decreased results • Pastoral relationships with the teachers and trainers, and pitfalls for all • Teaching and Training are ministries! While many shy away from what they call a “corporate” approach, this book demonstrates through scripture how God is a businessman. Be prepared to put away the thinking that the church should not operate with standard business practices. But also, be prepared to let go of the business practices that you encounter outside of the church, as those negative, unproductive, and sometimes divisive practices do not have to continue within the church. This book is an excellent resource for teachers, trainers, and even pastors because it will help to identify areas that need to be discussed. Don't shy away from the conversations!

200 Conversation Starters for Kids and Parents Them Kids, 2019-08-28 Put away your phone and get to know your family. We are bringing intentional parenting to the table, the dinner table that is. Don't touch your smart phone for 20 minutes and have a conversation with your kids. Your smart phone will be waiting for you after dinner. Social media will always be there later. Your kids though, time with your children is precious. Babies grow too quick and the grade school age kids, tweens to middle school and then high school teens all happen in an instant. Take time while everyone is sitting and attentive at the dinner table to create conversation. We aren't talking family debates, we are encouraging families to gain a better understanding of who each child and parent is as a human, not just a member of the family. We have created this family book that's to be left on the dinner table or in the kitchen. Start a conversation, create connections and maybe even laugh a little by using our simple questions. We have formulated questions that are specific to kids for you to help gain a better understanding of who your kids

are. The How was your day? question is great, but can be so surface. The questions in this conversation book go a bit deeper, sometimes funny, light-hearted, and sometimes inquisitive. All were created to help you be intentional in spending time and growing your relationship with your child. There are questions for parents that the kids can ask. These parent questions will help your child know who you are and learn a little bit about how you grew up, who you were then, what you are proud of and more. We also have general questions. These are perfect for nights when you just want to talk. They also work well as conversation starters when you have dinner guests. Use this book to help sibling relationships as well. These family talks can help each brother, sister, mother and father understand one another better. I wrote this family conversation starters book for kids to help you get to know your kids. As a parent to 4 kids, I can verify that the rumors are true. Time flies, kids grow up too fast. Embrace this time by spending a few minutes at the dinner table learning about one another in a fun and creative way. So much can be learned about each other by just asking questions. 200
