Cleveland Cops John Tidyman, 2007-07 Hilarious and heartbreaking true stories told by 60 Cleveland police officers about life patrolling the streets. These are stories the rest of us rarely get to hear: Their biggest arrests, the dumbest criminals, the funniest practical jokes, the most frightening moments. It's an inside look at the toughest job in town.

Clicking Mics Bruce Hoffman, 2015-06-23 In *Clicking Mics*, Bruce Hoffman offers a peek behind the door of an extensive law enforcement career with 175 anecdotes of history, lessons learned, and amusing events. After returning home to Florida from the battlefields of Vietnam, Bruce traded his Marine Corps uniform for a badge and gun.

Patrolling the streets of Hillsborough County is not the same as serving in a warzone, but there are some similarities? Bruce recounts stories of seeing the best and worst of humanity, describes the struggle of deciding between right and wrong when there are all too many shades of gray, and details the two instances when he experienced friendly fire from fellow cops. In addition to the serious business of police work, Bruce shares some of the amusing shenanigans of his squad and the crazy characters they encounter. In his twenty-seven years of service to the Hillsborough County Sheriff's Office, Bruce developed a distinct point of view, one that he imparts with his heartfelt and sometimes humorous stories and lessons learned from living the day-to-day highs and lows of being a law enforcement officer.

Calling All Cars Kathleen Battles, Calling All Cars shows how radio played a key role in an emerging form of policing during the turbulent years of the Depression. Until this time popular culture had characterized the gangster as hero, but radio crime dramas worked against this attitude and were ultimately successful in making heroes out of law enforcement officers. Through close analysis of radio programming of the era and the production of true crime docudramas, Kathleen Battles argues that radio was a significant site for overhauling the dismal public image of policing. However, it was not simply the elevation of the perception of police that was at stake. Using radio, reformers sought to control the symbolic terrain through which citizens encountered the police, and it became a medium to promote a positive meaning and purpose for policing. For example, Battles connects the apprehension of criminals by a dragnet with the idea of using the radio network to both publicize this activity and make it popular with citizens. The first book to

systematically address the development of crime dramas during the golden age of radio, *Calling All Cars* explores an important irony: the intimacy of the newest technology of the time helped create an intimate authority—the police as the appropriate force for control—over the citizenry.

The Greatest Policeman? Tom Andrews, 2021-05-04 Could it be possible that just one man is responsible for modernising the British Police service and transforming it from its Victorian era, firmly rooted in 'Beat' policing, to today's highly-mobile responsive model? If there is a candidate for such an accolade then it is to be Capt Athelstan Popkess, Chief Constable of Nottingham City Police from 1930 to 1959. Tom Andrews makes a strong case that the man who sounds like a character from a Rudyard Kipling novel and who had no prior policing experience before commencing his post transformed the whole operating model of the Police service. He is credited with the introduction of police wireless communications, enhanced police use of forensics and the burglar alarm, amongst myriad others. With first-hand accounts and thorough research, this book explores just what it was that made this man possibly the Twentieth century's Greatest Policeman.

Bruno, Chief of Police Martin Walker, 2009-03-24 The first installment in the delightful, internationally acclaimed series featuring Chief of Police Bruno. Meet Benoît Courrèges, aka Bruno, a policeman in a small village in the South of France. He's a former soldier who has embraced the pleasures and slow rhythms of country life. He has a gun but never wears it; he has the power to arrest but never uses it. But then the murder of an elderly North African who fought in the French army changes all that. Now Bruno must balance his beloved routines—living in his restored shepherd's cottage, shopping at the local

market, drinking wine, strolling the countryside—with a politically delicate investigation. He's paired with a young policewoman from Paris and the two suspect anti-immigrant militants. As they learn more about the dead man's past, Bruno's suspicions turn toward a more complex motive. Enjoyable.... Martin Walker plots with the same finesse with which Bruno can whip up a truffle omelette, and both have a clear appreciation for a life tied to the land. —The Christian Science Monitor A nice literary pairing with the slow-food movement.... [It is] lovely...to linger at the table. —Entertainment Weekly A wonderfully crafted novel as satisfying as a French pastry but with none of the guilt or calories. —Tuscon Citizen's Journal

Emergency Radio! Norm Schrein, Norman H. Schrein, 1994 A terrific guide to scanning and listening in on the frequencies used by emergency services so you can hear the news while it is happening even before radio and TV news reports it!

The Truth About Cops: A Retired Police Officer's Answers to All Your Burning Questions Tim Dees, 2012-09-14 NOTE FROM THE AUTHOR I have a head full of information, not all of which is useful. It bothers me that the lyrics for Yummy, Yummy, Yummy, I've Got Love in My Tummy are taking up room that could be occupied by something more life-relevant. Still, I've often found myself the person people come to when they want to know something, but aren't sure where to find it, and I enjoy providing that service. Quora is a great outlet for people like me. I stumbled on the site a little more than a year ago, and almost 600 answered questions later, there's enough material for a book. Law enforcement is a passion for me, not for the power trip or the adrenaline rush, but because it can be a truly noble vocation when done right. People depend on law

enforcement officers to protect them from predators, see that the bad guys are held to account for their acts, and establish order out of chaos. The authority that cops have is a sacred public trust. Most officers carry out their duties proudly and honorably, but there will always be a few who abuse that trust. The short essays here are about both sides of that issue. These answers are also about separating some of the myths of police work from the reality. There have been so many dramatic depictions of law enforcement, some of them very realistic and others that seem realistic, that people tend to believe they know how cops work and why they do what they do. Here, I've tried to give you the straight scoop, knowledge accumulated from my own experience and from knowing cops from all over the country and the world. Some of it isn't flattering, but otherwise it wouldn't be honest. I hope you enjoy and benefit from these insights into police work. Tim Dees

EXCERPT FROM THE BOOK *Is It TRUE That Parking Patrol Officers Can NOT Stop Writing A Ticket Once They Have Started?* Some agencies do in fact have a policy that an officer, police, parking or otherwise, can't discard a citation once they have started writing it. Virtually all of them have some process for voiding a citation issued in error once the citation has been issued, but this process is carefully monitored to prevent abuse. Absent a monitored process, the system is easily manipulated. Someone makes a call to a person in the police department who has influence, and that person contacts the officer who issued the ticket. They persuade the officer to void the ticket. If the voided ticket appears to be correct in format, e.g. license plate matches the vehicle description, violation is appropriate for that location, etc. then whoever is in charge of reviewing the voided citations is supposed to follow up and find out if the citation was voided for a legitimate

reason or as a favor to someone. Most of the time, when the issuing officer has started the citation form (and many of them are generated via handheld computer these days) and the violator runs up and asks them to stop, the violation is legitimate, and the officer has already looked around for the driver of the vehicle. The typical complaint is but I was just gone for a minute (which may or may not be true). In any event, there is seldom a provision in the law for parking there for a minute-you aren't supposed to park there at all. So, in short, it's usually true that the officer is not supposed to stop once they have begun issuing the citation. Buy the book to read more!

Street Survival II Lt. James Glennon, Lt. Daniel Marcou, Chuck Remsberg, 2018-09-18 The book that could save a police officer's life, career and the life of the citizens officers encounter on the job. The "Bible of Law Enforcement Training" is what the 1980 first edition of Street Survival was considered throughout the profession. Street Survival II: Tactics for Deadly Force Encounters, written by Lt. Jim Glennon, Lt. Dan Marcou with the original author Chuck Remsberg, has a new, sleek, modern look. While paying homage to the original, the update includes more than 200 colored photos and diagrams and delves into the profession's many changes over the past three decades. It includes tactics, effective street communication, detecting preattack indicators, public expectations, the issue of Guardian and Warrior roles, and especially preparing for the realities of force events.

The Rise and Fall of a 'Casino' Mobster Frank Cullotta, Dennis N. Griffin, 2017-04-25 The true crime story behind the film Casino from the mob enforcer who lived it and the author of The Accidental Gangster. Tony Spilotro was the Mob's man in Las Vegas. A feared enforcer, the bosses knew Tony would do whatever it took to protect their interests. The "Little Guy" built a criminal empire that was the envy of mobsters across the country, and his childhood pal, Frank Cullotta helped him do it. But Tony's quest for power and lack of self-control with women cost the Mob its control of Vegas, and Tony paid for it with his life. From Dennis N. Griffin: "I was a little nervous before my first meeting with former mobster Frank Cullotta. It turned out we had a pleasant conversation that ended with an agreement for me to write his book. As I drove home, I realized I had

made a deal with a career thief and killer on a handshake. What was I thinking?”
“Extraordinary insights.”—Nick Pileggi, #1 New York Times–bestselling author and screenwriter of *Casino*

Citizen Spies Joshua Reeves, 2019-01-08 The history of recruiting citizens to spy on each other in the United States. Ever since the revelations of whistleblower Edward Snowden, we think about surveillance as the data-tracking digital technologies used by the likes of Google, the National Security Administration, and the military. But in reality, the state and allied institutions have a much longer history of using everyday citizens to spy and inform on their peers. *Citizen Spies* shows how “If You See Something, Say Something” is more than just a new homeland security program; it has been an essential civic responsibility throughout the history of the United States. From the town crier of Colonial America to the recruitment of youth through “junior police,” to the rise of Neighborhood Watch, AMBER Alerts, and Emergency 9-1-1, Joshua Reeves explores how ordinary citizens have been taught to carry out surveillance on their peers. Emphasizing the role humans play as “seeing” and “saying” subjects, he demonstrates how American society has continuously fostered cultures of vigilance, suspicion, meddling, snooping, and snitching. Tracing the evolution of police crowd-sourcing from “Hue and Cry” posters and America’s Most Wanted to police-affiliated social media, as well as the U.S.’s recurrent anxieties about political dissidents and ethnic minorities from the Red Scare to the War on Terror, Reeves teases out how vigilance toward neighbors has long been aligned with American ideals of patriotic and moral duty. Taking the long view of the history of the citizen spy, this book offers a much-needed perspective for those interested in how we

arrived at our current moment in surveillance culture and contextualizes contemporary trends in policing.

A Scanner Darkly Philip K. Dick, 1977 Bob Arctor is a dealer of the lethally addictive drug Substance D. Fred is the police agent assigned to tail and eventually bust him. To do so, Fred takes on the identity of a drug dealer named Bob Arctor. And since Substance D--which Arctor takes in massive doses--gradually splits the user's brain into two distinct, combative entities, Fred doesn't realize he is narking on himself. Caustically funny, eerily accurate in its depiction of junkies, scam artists, and the walking brain-dead, Philip K. Dick's industrial-grade stress test of identity is as unnerving as it is enthralling.

On the Lower Frequencies Erick Lyle, 2008-03-25 *On the Lower Frequencies* is at once a manual, memoir, and history of creative resistance in a world awash with war and poverty. An icon on the 1990s zine scene, Iggy Scam traces not only the evolution of cities, but of his own thinking, from his early focus on more outré forms of resistance through more contemplative times as he becomes preoccupied with the need for a more affirmative vision of the future. In one of the book's key pieces, Scam celebrates the history and passing of Hunt's Donuts in San Francisco's Mission District. On one level an epitaph for a beloved hangout and on another a metaphor for the effects of gentrification, it's the untold history of an entire neighborhood in a single retail establishment. Whether handing out fake Starbucks coupons or dreaming of a future with more public art and punk holidays, Scam gives the reader inspiration for living defiantly.

Blood Joseph Glass,2000-07-12 Dr. Susan Shader is the most fascinating -- and sexiest -- heroine to come along since Clarice Starling made her debut in *The Silence of the Lambs*. Introduced in Joseph Glass's widely praised first novel, *Eyes*, Susan is a renowned psychiatrist and criminal profiler for the Chicago Police Department whose uncanny gift of second sight has made her a celebrity among law enforcement professionals. However, Susan is increasingly reluctant to devote her psychic powers to the cause of tracking down criminals. Last time, her efforts led to the abduction and near death of her eight-year-old son. But when a young woman is found dead in a body bag in Chicago's Lincoln Park,

Detective David Gold, Susan's longtime friend at the Chicago Police Department, once again calls upon her psychic powers. Traces of foreign blood and strange markings found on the body make one thing certain: a killing this ornate could only be the work of a deranged serial killer. They call him the Undertaker. Susan is quickly drawn in by the bizarre psychology of the killer, a man who preys on, and prays over, beautiful young women like a fanatic executioner. Plagued by psychic messages that allude to abortion, virginity, and seemingly random quotations from Romeo and Juliet, Susan scrambles for answers. When the best efforts of a determined police force fail to solve the riddle, Susan Shader's controversial gift may be the only way to stop the madman. Combining the disturbing imagery and virtuosic writing of Thomas Harris and the intricate plot twists of John le Carré, Joseph Glass catapults the suspense thriller to an entirely new dimension. In *Blood*, he has fashioned a relentless, masterly psychological drama that leads to a most unexpected and bone-chilling climax. And he has given us Susan Shader, a hauntingly appealing heroine we've definitely not seen the last of.
