Jack Hamilton

Virgil Steve Orlando,2015-09-09 Betrayed, beaten, and banished by his own, an outed cop fights his way across Jamaica for revenge!

Second Grave on the Left Darynda Jones,2012-04-24 Charley Davidson, Grim Reaper Extraordinaire, is back in this sexy, suspenseful novel of supernatural shenanigans

The Black Ice Michael Connelly,2002-01-01 When an LAPD narcotics officer is found with a fatal bullet wound and a suicide note, Detective Harry Bosch follows a bloody trail of drug murders across the Mexico border. Working the case, LAPD detective Harry Bosch is reminded of the primal police rule he learned long ago: Don't look for the facts, but the glue that holds them together. Soon Harry's making some very dangerous connections, starting with a dead cop and leading to a bloody string of murders that wind from Hollywood Boulevard to the back alleys south of the border. Now this battle-scarred veteran will find himself in the center of a complex and deadly game—one in which he may be the next and likeliest victim.

**Knowledge Solutions** Olivier Serrat,2017-05-22 This book is open access under a CC BY-NC 3.0 IGO license. This book comprehensively covers topics in knowledge management and competence in strategy development, management techniques, collaboration mechanisms, knowledge sharing and learning, as well as knowledge capture and storage. Presented in accessible “chunks,” it includes more than 120 topics that are essential to high-performance organizations. The extensive use of quotes by respected experts juxtaposed with relevant research to counterpoint or lend weight to key concepts; “cheat sheets” that simplify access and reference to individual articles; as well as the grouping of many of these topics under recurrent themes make this book unique. In addition, it provides scalable tried-and-tested tools, method and approaches for improved organizational effectiveness. The research included is particularly useful to knowledge workers engaged in executive leadership; research, analysis and advice; and corporate management and administration. It is a valuable resource for those working in the public, private and third sectors, both in industrialized and developing countries.

**Analyzing Popular Music** Allan F. Moore,2003-05-22 How do we know music? We perform it, we compose it, we sing it in the shower, we cook, sleep and dance to it. Eventually we think and write about it. This book represents the culmination of such shared processes. Each of these essays, written by leading writers on popular music, is analytical in some sense, but none of them treats analysis as an end in itself. The books presents a wide range of genres (rock, dance, TV soundtracks, country, pop, soul, easy listening, Turkish Arabesk) and deals with issues as broad as methodology, modernism, postmodernism, Marxism and communication. It aims to encourage listeners to think more seriously about the 'social' consequences of the music they spend time with and is the first collection of such essays to incorporate contextualisation in this way.

**The New Centurions** Joseph Wambaugh,2008-04-01 Ex-cop turned #1 New York Times bestselling writer Joseph Wambaugh forged a new kind of literature with his great early police procedurals. Here in his classic debut novel, Wambaugh presents a stunning, raw, and unforgettable depiction of life behind the thin blue line. In a class of new police recruits, Augustus Plebesly is fast and scared. Roy Fehler is full of ideals. And Serge Duran is an ex-marine running away from his Chicano childhood. In a few weeks they'll put on the blue uniform of the LAPD. In months they'll know how to interpret the mad babble of the car radio, smell danger, trap a drug dealer, hide a secret, and-most of all-live with the understanding that cops are different from everyone else. But for these men, these new centurions, time is an enemy. The year is 1960. The streets are burning with rage. And before they can grow old on this job, they'll have to fight for their lives...

The Highway C.J. Box,2013-07-30 The inspiration for the new ABC series Big Sky. Winner of the Edgar Award for Best Novel, the New York Times bestselling author of Back of Beyond and Breaking Point and the creator of the Joe Pickett series is back. If CJ Box isn't already on your list, put him there. – USA Today When two sisters set out across a remote stretch of Montana road to visit their friend, little do they know it will be the last time anyone might ever hear from them again. The girls—and their car—simply vanish. Former police investigator Cody Hoyt has just lost his job and has fallen off the wagon after a long stretch of sobriety. Convinced by his son and his former rookie partner, Cassie Dewell, he begins the drive south to the girls' last known location. As Cody makes his way to the lonely stretch of Montana highway where they went missing, Cassie discovers that Gracie and Danielle Sullivan aren't the first girls who have disappeared in this area. This majestic landscape is the hunting ground for a killer whose viciousness is outmatched only by his intelligence. And he might not be working alone. Time is running out for Gracie and Danielle...Can Cassie overcome her doubts and lack of experience and use her innate skill? Can Cody Hoyt battle his own demons and find this killer before another victim vanishes on the highway?

The Choirboys Joseph Wambaugh,2008-11-26 “Each wears his cynicism like a bulletproof jockstrap—each has his horror story, his bad dream, his nightshriek. He is afraid of his friends—he is afraid of himself.”—New York Times Partners in the Los Angeles Police Department, they’re haunted by terrifying dark secrets of the nightwatch—shared predawn drink and sex sessions they call choir practice. “A master storyteller . . . authenticity oozes from this book . . . freewheeling and chilling and certainly Wambaugh's best.”—Houston Chronicle

Blood Junction Caroline Carver,2009-06-27 A Mystery Guild Featured Alternate In a stunning debut novel that won her the prestigious Crime Writers' Association New Writer's Award, Caroline Carver presents a gutwrenching, provocative adventure thriller set against the eerie, exotic backdrop of the Australian Outback--where a woman's search for the truth about horrific crimes will bring her to the crossroads of her life.

Knowledge Services Guy St. Clair,2016-11-07 Knowledge services converges information management, knowledge management (KM), and strategic learning into a single enterprise-wide discipline for the benefit of the business or organization in which it is practiced. As the acknowledged framework for strategic knowledge management, knowledge services—the responsibility of the knowledge strategist—leads to excellence in knowledge sharing and ultimately to shaping the organization as a knowledge culture. Knowledge Services: A Strategic Framework for the 21st Century Organization provides guidance for the knowledge strategist and is designed specifically to serve as a reference for that management employee, and for those seeking to become knowledge strategists.

Yearbook 2004 International Tribunal for the Law of the Sea,2004 The International Tribunal for the Law of the Sea is an independent judicial body established by the United Nations Convention on the Law of the Sea to adjudicate disputes arising out of the interpretation and application of the Convention. The Tribunal is open

to States Parties to the Convention. It is also open to entities other than States Parties (States and international organizations non-parties to the Convention and natural or juridical persons) in cases provided for in the Convention or other agreements conferring jurisdiction on the Tribunal. The Yearbook will give lawyers, scholars, students as well as the general public easy access to information about the jurisdiction, procedure and organization of the Tribunal and also about its composition and activities in 2004. The Yearbook is prepared by the Registry of the Tribunal and is also available in French (Annuaire 2004).

**Ruthless** Jerry Heller, Gil Reavill, 2007-08 The maverick music mogul who put rap on the map recounts his riveting career comprising delirious highs and shocking lows, cocaine-fueled mega-deals, brutal wranglings, and the uncanny insight that made a middle-aged, Jewish white guy the most successful record company executive of the rap era.

*Intent to Hold* Thonie Hevron, 2017-07-26 : Sonoma County Sheriff's Deputy Nick Reyes answers a call from his estranged wife in Mexico needing help find her kidnapped brother. Nick enlists the help of his partner, Detective Meredith Ryan, to investigate. They fly to Mexico, where they are plunged into a morass of intrigue and betrayal which threatens their lives and the lives of the family. They battle nature, the Federales, a crime cartel and even Nick's wife to solve the kidnapping. As if that isn't enough, the two detectives must subdue emerging feelings for one another to get the job done and preserve their working relationship.

*Velocity* Dean Koontz, 2012-06-26 NEW YORK TIMES BESTSELLER If you don't take this note to the police . . . I will kill a lovely blond schoolteacher. . . . If you do . . . I will instead kill an elderly woman active in charity work. You have six hours to decide. The choice is yours. The typewritten note under his windshield seems like just a sick joke. But in less than twenty-four hours, Billy Wiles, an ordinary, hardworking guy, is about to see his life take on the speed of a nightmare. Because a young blond schoolteacher is murdered—and now Billy has another note. And another deadline. This time he knows it's no joke. He's racing a killer faster than evil itself. And Billy must accept his terrifying challenge: The choice is yours. Think fast. Fear never slows down. . . .

*Just Around Midnight* Jack Hamilton, 2016-09-26 When Jimi Hendrix died, the idea of a black man playing lead guitar in a rock band seemed exotic. Yet ten years earlier, Chuck Berry had stood among the most influential rock and roll performers. Why did rock and roll become white? Jack Hamilton challenges the racial categories that distort standard histories of rock music and the 60s revolution.

*Newspaperwoman* Agness Underwood, 1949

What's Next? Kerry Hannon, 2010-04-23 A guide to switching careers packed with the tools, practical advice, and testimonials to help you get out of a dead-end job and follow your dreams. Filled with inspiring stories from real people who have changed careers mid-life, What's Next? is an exciting roadmap for anyone looking to make their next job their dream job. From a former mortgage banker who's back in the classroom to a tough cop turned Nashville music agent, these in-depth testimonials offer encouragement and advice and prove that it's possible to pursue your passion. Authored by Kerry Hannon, a celebrated journalist and leading authority on careers and personal finance, What's Next? offers those seeking a more fulfilling path the tools to get started and the inspiration to do it now. Praise for What's Next? "A fascinating and extremely helpful book for anyone planning to switch careers—from one of the nation's leading experts on the subject." —Richard Eisenberg, CBS MoneyWatch.com "Kerry Hannon is a top-rate personal finance journalist filled with smart, practical advice." —Diane Harris, Executive Editor, Money magazine "More and more people have realized the importance of following their passions. But if you can't make money at it, it's your hobby. Follow Hannon's roadmap to make sure you're on the way to a passionate—and prosperous—career." —Jean Chatzky, bestselling author of The Difference and Pay It Down "A must-read for anyone—at any age—curious about any career change. A perfect blend of inspirational, readable stories and logistical, practical advice, What's Next? walks you through the nuts and bolts of switching careers so you can follow your passion the smart way and set yourself up for long-term success. (If I didn't love my career so much, this book would be my bible!)" —Beth Kobliner, author of Get a Financial Life: Personal Finance in Your Twenties and Thirties

**The Knowledge** Lewis Dartnell, 2015-03-10 How would you go about rebuilding a technological society from scratch? If our technological society collapsed tomorrow what would be the one book you would want to press into the hands of the postapocalyptic survivors? What crucial knowledge would they need to survive in the immediate aftermath and to rebuild civilization as quickly as possible? Human knowledge is collective, distributed across the population. It has built on itself for centuries, becoming vast and increasingly specialized. Most of us are ignorant about the fundamental principles of the civilization that supports us, happily utilizing the latest—or even the most basic—technology without having the slightest idea of why it works or how it came to be. If you had to go back to absolute basics, like some sort of postcataclysmic Robinson Crusoe, would you know how to re-create an internal combustion engine, put together a microscope, get metals out of rock, or even how to produce food for yourself? Lewis Dartnell proposes that the key to preserving civilization in an apocalyptic scenario is to provide a quickstart guide, adapted to cataclysmic circumstances. The Knowledge describes many of the modern technologies we employ, but first it explains the fundamentals upon which they are built. Every piece of technology rests on an enormous support network of other technologies, all interlinked and mutually dependent. You can't hope to build a radio, for example, without understanding how to acquire the raw materials it requires, as well as generate the electricity needed to run it. But Dartnell doesn't just provide specific information for starting over; he also reveals the greatest invention of them all—the phenomenal knowledge-generating machine that is the scientific method itself. The Knowledge is a brilliantly original guide to the fundamentals of science and how it built our modern world.

**Quentin Tarantino and Philosophy** K. Silem Mohammad, 2010 In Quentin Tarantino and Philosophy, seventeen professional thinkers shamelessly exploit the cinematic achievement of Tarantino for all the steamy, sensational metaphysics and epistemology they can wring out of it. Are these eruptions of intelligent thought merely a cynical hypnotic manipulation of our cerebral cortexes? Or can we somehow relate them to the human values that really matter pyrotechnic car chases, Mexican standoffs, and exploding heads? Is the philosophers' preoccupation with quoting other philosophers nothing more than incestuous indulgence? Or are they somehow conveying a deeper point about the enduring validity of amputated ears and anal rape? In the final analysis only you, the viewer, can decide. What can Reservoir Dogs teach us about the evolution of co-operation? Is Beatrix's revenge in Kill Bill both justified and self-destructive? Can we agree completely on what has happened and disagree on whether it was a miracle? How is Pulp Fiction's Vincent doomed because of his messy bathroom habits? Does Grind house/Death Proof reflect the epoch in

which everything that actually occurs is unreal? With Tarantino and Philosophy, it's the little differences, like having your Royale with cheese dissected by a grease monkey with a blowtorch. It's so bad, it's good.

Aliens Vs. Predator: Requiem Alec Gillis, Tom Woodruff, 2007 Warring alien and predator races descending upon a small town, where unsuspecting residents must band together, is the premise of the film, Aliens vs. Predator requiem. This is the story, in full color photographs, of the making of the movie, including the design and construction of the various creatures in the film.
