10 Keys to Happier Living Vanessa King,2017-12-26 'Happiness is not something ready made. It comes from your own actions' The Dalai Lama, patron of Action for Happiness. Vanessa King, positive psychology expert for Action for Happiness has created 10 key evidence-based actions that have been shown to increase happiness and wellbeing - at home, at work and in the world around you. If you have read The Art of Happiness, The Happiness Project or Sane New World, this book will be the perfect complement. We all want to be happy but what does that actually mean and what can we do in our everyday lives to be happier? Fortunately, psychologists, neuroscientists and other experts now have evidence of what really makes a difference and helps us to be happier and more resilient to life's ups and downs. In this book, Vanessa King of Action for Happiness has drawn on the latest scientific studies to create a set of evidence-based practical actions. They will help you connect with people, nurture your relationships and find purpose. You'll get ideas for taking care of your body, making the most of what's good and finding new ways to stimulate your mind. So here are the 10 Keys to Happier Living - ideas, insights and practical actions that you can take to create more happiness for yourself and those around you.

Smugglers and States Max Gallien,2024-02-27 Smuggling is typically thought of as furtive and hidden, taking place under the radar and beyond the reach of the state. But in many cases, governments tacitly permit illicit cross-border commerce, or even devise informal arrangements to regulate it. Drawing on extensive fieldwork in the borderlands of Tunisia and Morocco, Max Gallien explains why states have long tolerated illegal trade across their borders and develops new ways to understand the political economy of smuggling. This book examines the rules and agreements that govern smuggling in North Africa, tracing the involvement of states in these practices and their consequences for borderland communities. Gallien demonstrates that, contrary to common assumptions about the effects of informal economies, smuggling can promote both state and social stability. States not only turn a blind eye to smuggling, they rely on it to secure political acquiescence and maintain order, because it provides income for otherwise neglected border communities. More recently, however, the securitization of borders, wars, political change, and the pandemic have put these arrangements under pressure. Gallien explores the renegotiation of the role of smuggling, showing how stability turns into vulnerability and why some groups have been able to thrive while others have been pushed further to the margins. With both rich empirical detail and novel theoretical contributions, *Smugglers and States* offers important insights into security and stability in North Africa and the prospects for economic inclusion in a context where many livelihoods exist outside of the law.

The Effect of Living Backwards Heidi Julavits,2004-09-07 Following her acclaimed debut, *The Mineral Palace*, Heidi Julavits presents a quirky, compelling novel about two sisters, a bizarre event, and the elusive nature of truth—a New York Times Notable Book. Does Alice really hate her sister, or is that love? Was she really enrolled in grad school, or was that an elaborate hoax? Is this really a hijacking, or is it merely the effect of living backwards? “Heidi Julavits—no stranger to edgy, dark topics—takes liberties with conventional notions of hijacking and hostages, weaving humor in a zingy and brainy spectrum...If you can take successive shots of wit with gulps of moral inquisition, then this fine book is for you.”—Milwaukee Journal Sentinel

Africa Yearbook Volume 11 ,2015-09-29 The Africa Yearbook is a reliable source of reference covering major domestic political developments, the foreign policy and socio-economic trends of all sub-Saharan states – all related to developments in one calendar year.

A Country with a Government and a Flag C. R. Pennell,1986

Francisca de Pedraza.O el triunfo de una mujer del Siglo de Oro frente a la violencia machista Ignacio Ruiz Rodríguez,2019-09-02 La historia de nuestra protagonista, Francisca de Pedraza, puede ser similar a la que podría haber vivido cualquier mujer de finales del siglo XVI y principios del XVII. Se trata de una historia escrita en letras de discriminación y sometimiento, por cuanto el tradicional papel de la mujer consistía en el de un ser secundario y sometido al varón. Así, con escasas excepciones, su rol, dentro de un mundo construido por hombres y para hombres, no era otro que el del matrimonio o el convento. Sin duda alguna, la primera etapa de aquel calvario comenzaba en el seno de la propia familia, en donde las hijas quedaban bajo la tutela del padre, desempeñando un papel siempre al servicio del mismo. Tras esos primeros años, el matrimonio –en muchas ocasiones pactado entre familias– suponía la salida de la adolescente del seno familiar, para pasar a depender de su marido, al cual en innumerables ocasiones conocía el mismo día de la ceremonia nupcial. Francisca pronto quedará huérfana de padres, por cuyo motivo fue educada por las monjas complutenses, en un ámbito en donde los rezos y la formación en el servicio y la austeridad fueron su día a día. En un momento dado vino a contraer matrimonio, en el pleno convencimiento de que al lado de aquel hombre podría desarrollarse como mujer, como esposa y como madre. Nada más lejos de la realidad, ya que el matrimonio con Jerónimo de Jaras, su marido, vino a demostrar, una vez más, cuan cruel era la vida de las mujeres. Pero para ella todavía habría de ser más dura si cabe, ya que no tardaría en recibir sus primeras palizas. Golpes, palos

y otra serie de crueles malos tratos fueron el eje vertebrador de aquel matrimonio a lo largo del tiempo, todos ellos recibidos por esta mujer con la mayor expresión de violencia, pero también de impunidad de su agresor y marido. De este modo, tras años de malos tratos, decidió cierto día poner fin a su suplicio, por más que se tratara de una medida poco usual, ya que lo natural habría sido el suicidio o la huida; pero ella intentó acabar con esa situación acudiendo a la justicia, primero a la ordinaria, luego a la eclesiástica y, finalmente y de manera inaudita, a la universitaria. Ante todas ellas, desprovista de su intimidad, de su jubón, mostró las múltiples muestras que la crueldad de su marido había dejado en su rostro y cuerpo. Eran las muestras que la mano agresora que un monstruo, de su marido, habían plasmado en su cuerpo de mujer. Sabía que era una mujer frente a un mundo, un mundo creado por los hombres, de los hombres y para los hombres, pero ella estaba dispuesta a presentar batalla, por más que ello supusiera enfrentarse a un mundo que a éstos pertenecía casi de manera exclusiva.

World Report 2018 Human Rights Watch,2018-01-30 The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken in 2016 by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

La sociedad frente a la violencia machista. Francisca de Pedraza . , La historia de nuestra protagonista, Francisca de Pedraza, puede ser similar a la que podría haber vivido cualquier mujer de finales del siglo XVI y principios del XVII. Se trata de una historia escrita en letras de discriminación y sometimiento, por cuanto el tradicional papel de la mujer consistía en el de un ser secundario y sometido al varón. Así, con escasas excepciones, su rol, dentro de un mundo construido por hombres y para hombres, no era otro que el del matrimonio o el convento. Sin duda alguna, la primera etapa de aquel calvario comenzaba en el seno de la propia familia, en donde las hijas quedaban bajo la tutela del padre, desempeñando un papel siempre al servicio del mismo. Tras esos primeros años, el matrimonio –en muchas ocasiones pactado entre familias– suponía la salida de la adolescente del seno familiar, para pasar a depender de su marido, al cual en innumerables ocasiones conocía el mismo día de la ceremonia nupcial. Francisca pronto quedará huérfana de padres, por cuyo motivo fue educada por las monjas complutenses, en un ámbito en donde los rezos y la formación en el servicio y la austeridad fueron su día a día. En un momento dado vino a contraer matrimonio, en el pleno convencimiento de que al lado de aquel hombre podría desarrollarse como mujer, como esposa y como madre. Nada más lejos de la realidad, ya que el matrimonio con Jerónimo de Jaras, su marido, vino a demostrar, una vez más, cuan cruel era la vida de las mujeres. Pero para ella todavía habría de ser más dura si cabe, ya que no tardaría en recibir sus primeras palizas. Golpes, palos y otra serie de crueles malos tratos fueron el eje vertebrador de aquel matrimonio a lo largo del tiempo, todos ellos recibidos por esta mujer con la mayor expresión de violencia, pero también de impunidad de su agresor y marido. De este modo, tras años de malos tratos, decidió cierto día poner fin a su suplicio, por más que se tratara de una medida poco usual, ya que lo natural habría sido el suicidio o la huida; pero ella intentó acabar con esa situación acudiendo a la justicia, primero a la ordinaria, luego a la eclesiástica y, finalmente y de manera inaudita, a la universitaria. Ante todas ellas, desprovista de su intimidad, de su jubón, mostró las múltiples muestras que la crueldad de su marido había dejado en su rostro y cuerpo. Sabía que era una mujer frente a un mundo, un mundo creado por los hombres, de los hombres y para los hombres, pero ella estaba dispuesta a presentar batalla, por más que ello supusiera enfrentarse a un mundo que a éstos pertenecía casi de manera exclusiva. IGNACIO RUIZ RODRÍGUEZ es Licenciado y doctor en derecho por la Universidad de Alcalá de Henares, actualmente es catedrático de Historia del Derecho en la Universidad Rey Juan Carlos y director de la Cátedra Universitaria España- Israel, la cual recibió el diploma de aprecio y reconocimiento, en el seno del prestigioso premio Samuel Toledano, de Jerusalén (Israel), en el año 2014. Miembro de varios grupos de investigación españoles e internacionales. Ha impartido cursos y seminarios en prestigiosas instituciones académicas de Europa, América e Israel. Ha recibido la Medalla de Honor de la Asociación de Socorros Mutuos (Bell Ville, Córdoba, Argentina), de cuya localidad fue declarado “Visitante Ilustre”. Igualmente recibió la insignia honorífica del Ilustre Colegio de Abogados de Alcalá de Henares. Es miembro corresponsal de la Unión Nacional de Juristas de Cuba. Autor de más de un centenar de publicaciones científicas, habiendo recibido el premio a la mejor publicación universitaria española del año 2011, así como galardonado con el premio Layna Serrano de Investigación Histórica y Etnográfica del año 2013, de la Diputación Provincial de Guadalajara.

Borders, Fences and Walls Elisabeth Vallet,2016-04-08 Twenty years after the fall of the Berlin Wall, the question remains 'Do good fences still make good neighbours'? Since the Great Wall of China, the Antonine Wall, built in Scotland to support Hadrian's Wall, the Roman 'Limes' or the Danevirk fence, the 'wall' has been a constant in the protection of defined entities claiming sovereignty, East and West. But is the wall more than an historical relict for the management of borders? In recent years, the wall has been given renewed vigour in North America, particularly along the U.S.-Mexico border, and in Israel-Palestine. But the success of these new

walls in the development of friendly and orderly relations between nations (or indeed, within nations) remains unclear. What role does the wall play in the development of security and insecurity? Do walls contribute to a sense of insecurity as much as they assuage fears and create a sense of security for those 'behind the line'? Exactly what kind of security is associated with border walls? This book explores the issue of how the return of the border fences and walls as a political tool may be symptomatic of a new era in border studies and international relations. Taking a multidisciplinary approach, this volume examines problems that include security issues ; the recurrence and/or decline of the wall; wall discourses ; legal approaches to the wall; the 'wall industry' and border technology, as well as their symbolism, role, objectives and efficiency.

Francisca de Pedraza. Mujer, Madre, Esposa... Maltratada. El divorcio de Francisca de Pedraza 1614-1624 , La historia de nuestra protagonista, Francisca de Pedraza, puede ser similar a la que podría haber vivido cualquier mujer de finales del siglo XVI y principios del XVII. Se trata de una historia escrita en letras de discriminación y sometimiento, por cuanto el tradicional papel de la mujer consistía en el de un ser secundario y sometido al varón. Así, con escasas excepciones, su rol, dentro de un mundo construido por hombres y para hombres, no era otro que el del matrimonio o el convento. World of Walls Said Saddiki, 2017-10-09 "We're going to build a wall." Borders have been drawn since the beginning of time, but in recent years artificial barriers have become increasingly significant to the political conversation across the world. Donald Trump was elected President of the United States while promising to build a wall on the Mexico border, and in Europe, the international movements of migrants and refugees have sparked fierce discussion about whether and how countries should restrict access to their territory by erecting physical barriers. Virtual walls are also built and crushed at increasing speed. In the post-9/11 era there is a greater danger from so-called transnational non-state actors", and computer hacking and cyberterrorism threaten to overwhelm our technological barriers. In this timely and original book, Said Saddiki scrutinises the physical and virtual walls located in four continents, including Israel, India, the southern EU border, Morocco, and the proposed border wall between Mexico and the US. Saddiki's detailed analysis explores the tensions between the rise of globalisation, which some have argued will lead to a borderless world" and the end of the nation-state", and the rapid development in recent decades of border control systems. Saddiki examines both regular and irregular cross-border activities, including the flow of people, goods, ideas, drugs, weapons, capital, and information, and explores the disparities that are reflected by barriers to such activities. He considers the consequences of the construction of physical and virtual walls, including their impact on international relations and the rise of the multi-billion dollar security market. **World of Walls: The Structure, Roles and Effectiveness of**

Separation Barriers is important reading for all those interested in the topics of immigration, border security, international relations, and policy.

Muslims in Spain, 1492-1814 Eloy Martín-Corrales,2020-12-15 In Muslims in Spain, 1492-1814: Living and Negotiating in the Land of the Infidel, Eloy Martín-Corrales surveys Hispano-Muslim relations from the late fifteenth to the eighteenth centuries, a period of chronic hostilities. Nonetheless there were thousands of Muslims in Spain at that time: ambassadors, exiles, merchants, converts, and travelers. Their negotiating strategies, and the necessary support they found on both shores of the Mediterranean prove that relations between Spaniards and Muslims were based on reasons of state and on a pragmatism that generated intense political and economic ties. These increased enormously after the peace treaties that Spain signed with Muslim countries between 1767 and 1791.

Cadena COPE Elsa González,2022-06-24 Luis del Olmo inicia en COPE la renovación de la radio en España y nace, así, un nuevo modelo radiofónico que asumirán todas las cadenas. El impulso de un dominico osado, José Luis Gago, transformará unas emisoras sin medios, ni futuro, en una cadena competitiva. Este libro desvela la intrahistoria de las estrellas radiofónicas. Su contratación, sus exigencias o su poder; el beneficio y los peajes para la empresa. ¿Cuál fue la clave del impacto social de Luis del Olmo, la facultad de comunicación de Encarna Sánchez, la potencia de José María García, el poder de influencia de Carlos Herrera, la personalidad de Antonio Herrero o de Federico Jiménez Losantos y la fuerza narrativa de Paco González, Manolo Lama o Pepe Domingo Castaño? Estas figuras radiofónicas marcaron la historia reciente de nuestra sociedad a través de una cadena que ayudó a consolidar las libertades y la democracia. Una voz libre de la Iglesia, con sus luces y sus sombras. Estas páginas relatan ese exitoso, y a la vez tortuoso, camino de COPE a través de anécdotas, datos desconocidos y la versión de los protagonistas. Nada volvió a ser igual desde que la cadena de la Conferencia Episcopal irrumpió en la radio comercial, hasta renovar la radiodifusión. Rodearse de las mejores estrellas de las ondas dio el vuelco definitivo a la sociedad de la información.

Water, Agriculture and the Environment in Spain: can we square the circle? Lucia De Stefano,M. Ramon Llamas,2012-10-17 The world water problems are a due to bad governance, not to physical water scarcity. This book is inspired by this statement and explores whether it holds in a specific country, Spain, where climatic conditions – Spain is one of the most arid countries of the European Union - would fully justify saying that water problems are due to physical water scarcity. The metrification of water uses and their monetary value is a first important step in understanding how reallocation of water among users could help mitigating many of current water problems in Spain. However, water reallocation among users or from users to nature is far from simple. Initiatives portrayed as the solution to the water governance ‘jigsaw’ – e.g. water trade, improved water use efficiency, users collective action, public participation – are not free of difficulties and shortcomings. The book explores the growing need for maintaining Spain’s natural capital and the human component of water governance – people’s needs, wishes, (vested) interests, aspirations – that often determine the result of decisions and, sometimes, lead water management to a deadlock. This book takes a step forward in showing a more complex - and also closer to reality - picture of water governance in Spain.

Managing the Undesirables Michel Agier,2011-01-25 Official figures classify some fifty million of the world’s people as 'victims of forced displacement'. Refugees, asylum seekers, disaster victims, the internally displaced and the temporarily tolerated - categories of the excluded proliferate, but many more are left out of count. In the face of this tragedy, humanitarian action increasingly seems the only possible response. On the ground, however, the 'facilities' put in place are more reminiscent of the logic of totalitarianism. In a situation of permanent catastrophe and endless emergency, 'undesirables' are kept apart and out of sight, while the care dispensed is designed to control, filter and confine. How should we interpret the disturbing symbiosis between the hand that cares and the hand that strikes? After seven years of study in the refugee camps, Michel Agier reveals their

'disquieting ambiguity' and stresses the imperative need to take into account forms of improvisation and challenge that are currently transforming the camps, sometimes making them into towns and heralding the emergence of political subjects. A radical critique of the foundations, contexts, and political effects of humanitarian action.
