Cornerstone Investors Philippe Espinasse, 2018-01-04 In this groundbreaking guide, former investment banker Philippe Espinasse explains the process of gathering cornerstone investors in connection with IPOs and other equity offerings. Using his trademark simple and jargon-free language, he details the targeting strategies, documentation, marketing, and allocation of shares and other securities to these reference shareholders, and analyses why and how they make or break today's new listings across Asia's key markets. This essential guide—and the first of its kind—contains key information on the legal framework for cornerstone investors in Hong Kong, Malaysia, and Singapore,

and offers practical advice on how best to structure and conduct a cornerstone investor offering. It also discusses some of the more controversial issues associated with the practice of cornerstone investment and includes many real-life examples of cornerstone deals, sample documents, cornerstone investor profiles, an investor target list, and a comprehensive glossary. 'There is no better person to shed light on the opaque world of cornerstone investing in Asian IPOs. Philippe Espinasse writes clearly, substantively, and expertly.' —Jasper Moiseiwitsch, Asia companies and markets news editor, Financial Times 'As engaging as it is informative. Espinasse has cut through legalese and jargon to create a pragmatic overview of this widely misunderstood, and distinctly Asian, investment banking concept. Packed with recent examples, this book doesn't just teach you about cornerstones; it also provides an insider's take of the region's capital markets hubs.' —Danielle Myles, capital markets editor, The Banker 'Cornerstone investors have taken centre stage in Hong Kong's IPO market. This book is needed now more than ever.' —Matthew Thomas, Asia bureau chief, Euromoney Institutional Investor

Protection with Power Douglas A. Clancy,2018-11-06 The Protection with Power shows those approaching or amid retirement that investing is simpler than their broker wants them to believe. Once they get past the myths and misconceptions in the market, readers see that there are only three things they can do with their money. Written in clear and understandable language, The Protection with Power takes pre-retirees and retirees behind the financial industry's curtain, revealing that the broker's "expertise" they're paying for isn't so great and powerful after all. Readers learn how they can participate in the market more safely, without the need to "trust" a broker or pay high

broker fees.
