**How to Leave Hialeah** Jennine Capó Crucet,2009-09-01 United in their fierce sense of place and infused with the fading echoes of a lost homeland, the stories in Jennine Capó Crucet's striking debut collection do for Miami what Edward P. Jones does for Washington, D.C., and what James Joyce did for Dublin: they expand our ideas and our expectations of the city by exposing its tough but vulnerable underbelly. Crucet's writing has been shaped by the people and landscapes of South Florida and by the stories of Cuba told by her parents and abuelos. Her own stories are informed by her experiences as a Cuban American woman living within and without her community, ready to leave and ready to return, "ready to mourn everything." Coming to us from the predominantly Hispanic working-class neighborhoods of Hialeah, the voices of this steamy section of Miami shout out to us from rowdy all-night funerals and kitchens full of plátanos and croquetas and lechón ribs, from domino tables and cigar factories, glitter-purple Buicks and handed-down Mom Rides, private homes of santeras and fights on front lawns. Calling to us from crowded expressways and canals underneath abandoned overpasses shading a city's secrets, these voices are the heart of Miami, and in this award-winning collection Jennine Capó Crucet makes them sing.

**Cecilia Valdés or El Angel Hill** Cirilo Villaverde,2005-09-29 Cecilia Valdés is arguably the most important novel of 19th century Cuba. Originally published

in New York City in 1882, Cirilo Villaverde's novel has fascinated readers inside and outside Cuba since the late 19th century. In this new English translation, a vast landscape emerges of the moral, political, and sexual depravity caused by slavery and colonialism. Set in the Havana of the 1830s, the novel introduces us to Cecilia, a beautiful light-skinned mulatta, who is being pursued by the son of a Spanish slave trader, named Leonardo. Unbeknownst to the two, they are the children of the same father. Eventually Cecilia gives in to Leonardo's advances; she becomes pregnant and gives birth to a baby girl. When Leonardo, who gets bored with Cecilia after a while, agrees to marry a white upper class woman, Cecilia vows revenge. A mulatto friend and suitor of hers kills Leonardo, and Cecilia is thrown into prison as an accessory to the crime. For the contemporary reader Helen Lane's masterful translation of Cecilia Valdés opens a new window into the intricate problems of race relations in Cuba and the Caribbean. There are the elite social circles of European and New World Whites, the rich culture of the free people of color, the class to which Cecilia herself belonged, and then the slaves, divided among themselves between those who were born in Africa and those who were born in the New World, and those who worked on the sugar plantation and those who worked in the households of the rich people in Havana. Cecilia Valdés thus presents a vast portrait of sexual, social, and racial oppression, and the lived experience of Spanish colonialism in Cuba.

*The Underdogs* Mariano Azuela, 2008-07-29 The greatest novel of the Mexican Revolution, in a brilliant new translation by an award-winning translator The Underdogs is the first great novel about the first great revolution of the twentieth century. Demetrio Macias, a poor, illiterate Indian, must join the rebels to save his family. Courageous and charismatic, he earns a generalship in Pancho Villa's army, only to become discouraged with the cause after it becomes hopelessly factionalized. At once a spare, moving depiction of the limits of political idealism, an authentic representation of Mexico's peasant life, and a timeless portrait of revolution, The Underdogs is an iconic novel of the Latin American experience and a powerful novel about the disillusionment of war.

**The Great Woman Singer** Licia Fiol-Matta, 2017-01-13 Licia Fiol-Matta traces the careers of four iconic Puerto Rican singers—Myrta Silva, Ruth Fernández, Ernestina Reyes, and Lucecita Benítez—to explore how their voices and performance style transform the possibilities for comprehending the figure of the woman singer. Fiol-Matta shows how these musicians, despite seemingly intractable demands to represent gender norms, exercised their artistic and political agency by challenging expectations of how they should look, sound, and act. Fiol-Matta also breaks with conceptualizations of the female pop voice as spontaneous and intuitive, interrogating the notion of the great woman singer to deploy her concept of the thinking voice—an event of music, voice, and listening that rewrites dominant narratives. Anchored in the work of Lacan, Foucault, and others, Fiol-Matta's theorization of voice and gender in *The Great Woman Singer* makes accessible the singing voice's conceptual dimensions while revealing a dynamic archive of Puerto Rican and Latin American popular music.

Narrating the Past David K. Herzberger, 1995-05-24 The relationship between fiction and historiography in Francoist Spain (1939–1975) is a contentious one. The intricacies of this relationship, in which fiction works to subvert the regime's authority to write the past, are the focus of David K. Herzberger's book. The narrative and rhetorical strategies of historical discourse figure in both the fiction and historiography of postwar Spain. Herzberger analyzes these strategies, identifying the structures and vocabularies they use to frame the past and endow it with particular meanings. He shows how Francoist historians sought to affirm the historical necessity of Franco by linking the regime to a heroic and Christian past, while several types of postwar fiction—such as social realism, the novel of memory, and postmodern novels—created a voice of opposition to this practice. Focusing on the concept of writing history that these opposing strategies convey, Herzberger discloses the layering of truth and meaning that lies at the heart of postwar Spanish narrative from the early 1940s to the fall of Franco. His study clearly reveals how the novel in postwar Spain became a crucial form of dissent from the past as it was conceived and used by the State. Making a decisive intervention in the debate about the ways in which narration determines both the meaning and truth of history and fiction, *Narrating the*

Past will be of special interest to students and scholars of the politics, history, and literature of twentieth-century Spain.

**Chicano Theater** Jorge A. Huerta, 1982

*The Syntax of Spanish Reflexive Verbs* Sandra Scharff Babcock, 2014-07-24

**Photographing the Mexican Revolution** John Mraz, 2012-04-18 The Mexican Revolution of 1910–1920 is among the world’s most visually documented revolutions. Coinciding with the birth of filmmaking and the increased mobility offered by the reflex camera, it received extraordinary coverage by photographers and cineastes—commercial and amateur, national and international. Many images of the Revolution remain iconic to this day—Francisco Villa galloping toward the camera; Villa lolling in the presidential chair next to Emiliano Zapata; and Zapata standing stolidly in charro raiment with a carbine in one hand and the other hand on a sword, to mention only a few. But the identities of those who created the thousands of extant images of the Mexican Revolution, and what their purposes were, remain a huge puzzle because photographers constantly plagiarized each other’s images. In this pathfinding book, acclaimed photography historian John Mraz carries out a monumental analysis of photographs produced during the Mexican Revolution, focusing primarily on those made by Mexicans, in order to discover who took the images and why, to what ends, with what intentions, and for whom. He explores how photographers expressed their commitments visually, what aesthetic strategies they employed, and which identifications and identities they forged. Mraz demonstrates that, contrary to the myth that Agustín Víctor Casasola was “the photographer of the Revolution,” there were many who covered the long civil war, including women. He shows that specific photographers can even be linked to the contending forces and reveals a pattern of commitment that has been little commented upon in previous studies (and completely unexplored in the photography of other revolutions).
