Elizabeth Childs-Johnson, John S Major

The Cosmic Eye Mack Reynolds,1972

The Cosmic Eye Mack Reynolds,1969

The Cosmic Eye Mack Reynolds,2020-01-23 Morris should have functioned perfectly in the rigid totalitarian society of the future where every thought, every word, every action was controlled by the superstate. A state where everyone was watched night and day by the Great Eye of the internal security forces, It was a strange, in many ways inhuman world, but the rewards were great for those who belonged to the right caste. Morris belonged to the master class which ruled the entire world by brain power or brutality depending on which was needed. Morris was born right at the top -- he had everything the Technate Society could provide -- and yet he didn't belong. Nonconformity could mean liquidation, but he was prepared to take the risk.

The Cosmic Eye Peter Lemesurier,1982

Closing the Cosmic Eye James Axler,2007-02 The baronial civilization that ruled postapocalyptic America stands on the threshold of a much more sinister plot: the complete domination of Earth. These oppressors are determined to relegate humanity to the status of slavery, and crush the nascent force of freedom fighters who've dared to rebel against a powerful alien race. Rumors of an ancient doomsday device come to the attention of the Cerberus rebels when it's stolen by an old enemy, Gilgamesh Bates. The preDark mogul who engineered his own survival has now set his sights on a controlling share of the cosmic pie. Kane, Grant, Brigid and Domi ally themselves with Bates's retired personal army, a time-trawled force of American commandos ready to take the battle back to Bates himself, wherever he's hiding in the galaxy, before the entire universe disappears in the blink of an eye.

The Art of Cosmic Vision Mantak Chia, Robert T.

Lewanski, 2010-03-09 How to achieve perfect vision naturally through proven eye-training methods • Explains how vision problems are related to imbalances in the internal organs • Provides Taoist and Ayurvedic practices for harmonizing the liver and kidneys, the organs directly associated with eye problems In the West, problems with eyesight are treated separately from overall health, usually with prescription glasses or contact lenses. But Eastern systems of holistic healing view the eyes as mirrors of physical health. Eye problems reflect problems with the internal organs, most specifically the liver and kidneys. The Art of Cosmic Vision offers Taoist healing sound exercises for strengthening the liver and kidneys as well as seven internal Chi Kung exercises and Dao-Yin self-massage practices for toning the organ meridians. It also provides extensive dietary recommendations, including a complete Ayurvedic analysis of the three main nutritional body types. The wide variety of eye-strengthening exercises in The Art of Cosmic Vision includes the Egyptian Black Dot technique, the Taoist Long Swing technique, the Tai Chi Rocker Eye technique, and relaxing Yoga Eye Palming techniques. Rather than viewing the ciliary muscle within the eye as the only muscle responsible for focus, these exercises improve focus by training all of the muscles surrounding the eyes. With attention to improved diet, physical exercise, and these proven eye-training techniques, readers can restore their vision to vibrant health.

4th body VASUDEV, 2023-06-08 The 4th Body is not some spooky subject. It's a philosophical take emphasizing the fourth body that almost everyone neglects and under-utilizes. It's like you have a million-dollar bank account in some unknown place. This book has answers to many essential life questions that people

may have. This book will help tune you to experience the divine vibration that is both fulfilling and healing. It can potentially trigger the transcendental space within the reader, creating meditateness that heals the mind and opens up the SPACE of enlightenment. Each sentence, when understood as how the author intended it, has the potential to blow away one's limiting-self. There are four dimensions of our presence, and we can sense them at any time (Physical/Energy/thinking/Awareness).

Recognizing these bodies increases self-awareness and breaks the limitation of us functioning as just the body, emotion and mind, which are individualized images of the Self. Our true power is kept in our 4th body. I humbly and gracefully say that this book, in my opinion, is optimistic and providential. It is experiential and offers more to the right souls who read the ideas correctly and with the right mindset. The content of this book came out of a flow during moments of deep connection, as if it were meant for a particular group of people. Often the author was surprised by the clarity that flowed into these moments and, at times, sat in shock because the insights were directly opposite to his beliefs and ways of doing things. He is fully convinced that the material belongs to the Universe and was intuited to him for his evolution and that of others. Often, he was inspired by his materials as if they were not his. The author experienced many awakening moments while channelling the wisdom shared in this book. A state of vibration known as the "Divine vibration" is something our soul searches for naturally. It's fulfilling and is placed at the highest rank as a highly positive experience by our core self. Divine Vibration is everywhere. All we need to do to experience it is to tune in to that vibration. We have a powerful tuning machine called the mind. This mind can tune in to any vibration, from revenge to love, grief to bliss, poverty to prosperity, and demonic to divine. We must be skilled enough to steer it in the right direction. This book will help tune you to experience the divine vibration that is both fulfilling and healing. I could feel the transmission of divine energy through

the words and ideas presented here. If you are reading this book and feeling the auspiciousness, then it's meant for you. Please be in the right frame of mind to receive it. How & Why This book was born from the author's direct experiences and deep contemplations that led to deep insights during special moments in his life. It also has a compilation of materials shared in a monthly "Mind Purification" Study Circle that the author has conducted since 2010. The idea flow originated from moments of profound clarity that surfaced with high conviction and authenticity. The author was long involved in philosophy and self-knowledge, which in a way, ordained him to guide others on matters of the mind & self. Many seek guidance from him on life issues and mind matters, and he has helped provide greater clarity, wisdom and the proper counsel that elevated them. The author believes that an element called Life Intelligence is unfolding itself to its parts (the readers) through its terminal (author) to know itself, as it is timely. What is it about? This book can potentially trigger the transcendental space within the reader, creating meditateness that heals the mind and opens up the SPACE of enlightenment. (Enlightenment here means a state of clarity or the dispelling of illusion.) This book is not about TRUTH. Words are not only inadequate to talk about TRUTH, but it is simply impossible. Metamorphic Imagery in Ancient Chinese Art and Religion Elizabeth Childs-Johnson, John S Major, 2023-05-30
Metamorphic Imagery in Ancient Chinese Art and Religion demonstrates that the concept of metamorphism was central to ancient Chinese religious belief and practices from at least the late Neolithic period through the Warring States Period of the Zhou dynasty. Central to the authors' argument is the ubiquitous motif in early Chinese figurative art, the metamorphic power mask. While the motif underwent stylistic variation over time, its formal properties remained stable, underscoring the image's ongoing

religious centrality. It symbolized the metamorphosis, through the phenomenon of death, of royal personages from living humans to deceased ancestors who required worship and sacrificial offerings. Treated with deference and respect, the royal ancestors lent support to their living descendants, ratifying and upholding their rule; neglected, they became dangerous, even malevolent. Employing a multidisciplinary approach that integrates archaeologically recovered objects with literary evidence from oracle bone and bronze inscriptions to canonical texts, all situated in the appropriate historical context, the study presents detailed analyses of form and style, and of change over time, observing the importance of relationality and the dynamic between imagery, materials, and affects. This book is a significant publication in the field of early China studies, presenting an integrated conception of ancient art and religion that surpasses any other work now available.

Cosmic Humanism and World Unity Oliver L.

Reiser,2023-10-13 First published in 1975 Cosmic Humanism and World Unity presents a comprehensive overview of the world view, a theory of knowledge, a cosmology and a possible universal religion termed as cosmic humanism. It aims to discover and formulate some of the main principles that may help mankind integrate the world ethically, aesthetically, and spiritually, as science and technology have integrated the planet in its physical relationships. It discusses themes like mental pattern for the planet; language and world order; grand strategy of evolution; Helium Psychosphere; cosmic humanism and the space age; and existentialist cosmology and harmony. This is an interesting read

for scholars and researchers of philosophy.

The Three Christs of Ypsilanti Milton Rokeach, 2011-04-19 On July 1, 1959, at Ypsilanti State Hospital in Michigan, the social psychologist Milton Rokeach brought together three paranoid schizophrenics: Clyde Benson, an elderly farmer and alcoholic; Joseph Cassel, a failed writer who was institutionalized after increasingly violent behavior toward his family; and Leon Gabor, a college dropout and veteran of World War II. The men had one thing in common: each believed himself to be Jesus Christ. Their extraordinary meeting and the two years they spent in one another's company serves as the basis for an investigation into the nature of human identity, belief, and delusion that is poignant, amusing, and at times disturbing. Displaying the sympathy and subtlety of a gifted novelist, Rokeach draws us into the lives of three troubled and profoundly different men who find themselves "confronted with the ultimate contradiction conceivable for human beings: more than one person claiming the same identity."

Essence of Sunyoga Sunyogi Umasankar, 2020-10-07 The technique of looking with open eyes towards the sun as a form of meditation has long been a mystery, kept in secret, so the strong energies we can harness would not be abused. For a long time there have been rumors and eyewitness accounts of many high saints and initiates living in seclusion in remote places, such as the Himalayas, who have practiced some form of Sun Meditation. Great men like Socrates, Ramakrishna, and Jesus are all believed

to have benefited from this practice. We have now crossed a point where the common man is also trusted with this powerful technique. Essence of Sunyoga is a manual dedicated to all humans. Sunyoga is much more than just looking towards the Sun, as it encompasses the entire Vedic knowledge. This manual shows us the path, how we can use all the balancing elements of Creation, to quickly and safely prepare ourselves, from the very bottom of our awareness all the way up to the highest level of Enlightenment. We will acquire superhuman strength to face any life difficulty without suffering, gaining the ability to live without food and water and become untouchable from our darkest enemies. This invaluable treatise on Sunyoga is a huge contribution to humanity... - D. R. Kaarthikeyan, Former Director of Central Bureau of Investigation, Former Director General of National Human Rights Commission, Director General of Central Reserve Police Force, and Champion of Human Rights, Values and Responsibilities, New Delhi, India Through Sunyoga, the photos directly interact with the physical body like a two-way bio-internet, establishing direct communication with the Body-Universe system, taking the seeker to a higher realm of realization. - Dr. Vikas Kumar, Distinguished Scientist and Ex-Director, DRDO, Ministry of Defence, Hyderabad, India
