Ecosofia das Marcas: As Três Ecologias na Publicidade Verde Fernando Pontes,Fred Tavares,2017-11-10 Na obra Ecosofia das marcas: as três ecologias na publicidade verde, o ser humano é observado a partir de uma perspectiva transversal entre sociedade e natureza, na qual a integração das três ecologias, em seus registros social, mental e ambiental, apresenta-se sob a lógica de um rizoma, por meio da atuação de um capitalismo conexcionista, que configura e influencia a produção das subjetividades. Apresenta-se, nesse sentido, uma teia de dimensões ecológicas, cujo produto que se identifica é o homem pós-moderno marcado pela pluralidade e pela fluidez constantes. Um sujeito que, em eterna construção e desconstrução, busca desesperadamente ser aceito em uma sociedade que prioriza o ter em detrimento do ser, transformando até mesmo o que não era produtilizável em uma mercadoria pronta para o consumo. Nesse contexto, a natureza é transformada em produto e publicizada como uma marca/grife ontológica, nas redes do mercado, produzindo a ideia de um modo de ser verde (ecologicamente correto), como um novo kit de subjetividade/identidade prêt-à-porter singular, segundo uma perspectiva psicossocial.

Mouneh Barbara Abdeni Massaad,2018-07-01 PRESERVING FOOD AND CULTURE THE LEBANESE WAY -- The very best memories connecting us to time and place are often stimulated by the tastes and smells of our childhood. Freshly-baked bread, hot from the oven, sweet homemade jam dribbling down our chins, or the burst of flavor in each dried grape—these memories bring a smile to our faces even as they call to mind the people who made them possible. Do you remember working alongside your grandmother as she lovingly preserved garden-fresh foods to set back for the winter? You watched Jiddo (grandfather) patiently prepare his arak, but could you reproduce his efforts from memory? Are you lucky enough that they kept written records of recipes gleaned from family history and years of experience? If so, count yourself among the very fortunate minority. The reality for many of us is that we no longer enjoy such a strong connection to our culinary roots. As much as we might wish the contrary, the beauty and simplicity of home-preserved pantry items, the mouneh, taken for granted during our childhood, often seems a lifetime away. In Barbara Abdeni Massaad's book, Mouneh: Preserving Foods for the Lebanese Pantry, we've been thrown a lifeline to a piece of our cultural and culinary identity. So many things we would love to recreate for our own families become possible within these pages, thanks to the author's diligent research, stunning photography, simply presented instructions and delightful stories.

No Pianos, Pets Or Foreigners! Joe Palermo,2020-03-17 A young Japanese woman was running through Tokyo station screaming Save me! Save me! There was a Japanese man chasing her and closing in. He grabbed her wrist and caught her about 10 feet in front of me. The woman was still yelling Save me! Save Me! but the Japanese people in the crowded station ignored her, not wanting to get involved. This is the beginning of just one of the stories from my experience living in Japan in the 1980's, where I had moved right after graduating university. It was still rare to see an American who could speak Japanese fluently. This book guides the reader though my many adventures navigating through Japanese culture while living in the outskirts of Tokyo, as well as Tokyo proper.
