Between Two Kingdoms Suleika Jaouad, 2021-02-09 NEW YORK TIMES BESTSELLER • A searing, deeply moving memoir of illness and recovery that traces one young woman's journey from diagnosis to remission to re-entry into "normal" life—from the author of the Life, Interrupted column in The New York Times ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, The Washington Post, Bloomberg, The Rumpus, She Reads, Library Journal, Booklist • "I was immersed for the whole ride and would follow Jaouad anywhere. . . . Her writing restores the moon, lights the way as we learn to endure the unknown."—Chanel Miller, The New York Times Book Review "Beautifully crafted . . . affecting . . . a transformative read . . . Jaouad's insights about the self, connectedness, uncertainty and time speak to all of us."—The Washington Post In the summer after graduating from college, Suleika Jaouad was preparing, as they say in commencement speeches, to enter "the real world." She had fallen in love and

moved to Paris to pursue her dream of becoming a war correspondent. The real world she found, however, would take her into a very different kind of conflict zone. It started with an itch—first on her feet, then up her legs, like a thousand invisible mosquito bites. Next came the exhaustion, and the six-hour naps that only deepened her fatigue. Then a trip to the doctor and, a few weeks shy of her twenty-third birthday, a diagnosis: leukemia, with a 35 percent chance of survival. Just like that, the life she had imagined for herself had gone up in flames. By the time Jaouad flew home to New York, she had lost her job, her apartment, and her independence. She would spend much of the next four years in a hospital bed, fighting for her life and chronicling the saga in a column for The New York Times. When Jaouad finally walked out of the cancer ward—after countless rounds of chemo, a clinical trial, and a bone marrow transplant—she was, according to the doctors, cured. But as she would soon learn, a cure is not where the work of healing ends; it's where it begins. She had spent the past 1,500 days in desperate pursuit of one goal—to survive. And now that she'd done so, she realized that she had no idea how to live. How would she reenter the world and live again? How could she reclaim what had been lost? Jaouad embarked—with her new best friend, Oscar, a scruffy terrier mutt—on a 100-day, 15,000-mile road trip across the country. She set out to meet some of the strangers who had written to her during her years in the hospital: a teenage girl in Florida also recovering from cancer; a teacher in California grieving the death of her son; a death-row inmate in Texas who'd spent his own years confined to a room. What she learned on this trip is that the divide between sick and well is porous, that the vast majority of us will travel back and forth between these realms throughout our lives. Between Two Kingdoms

is a profound chronicle of survivorship and a fierce, tender, and inspiring exploration of what it means to begin again.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for

anyone who works . . . Life Unstyled Emily Henson, 2021-04-13 We are bombarded by perfect interiors, images that aren't attainable because they have been styled to the point where they bear no resemblance to reality. These interiors may be stunning, but they aren't an honest reflection of how we really live. *Life Unstyled* is about taking inspiration from real homes that are beautiful, creative and inspiring but at the same time a little rough around the edges, with signs of everyday life evident throughout. The first section, 'Homes Unstyled', sets out Emily's manifesto for creating a stylish home that is beautiful but lived in. *A Home is Never Done* advocates allowing your space to evolve gradually so it is an ever-changing expression of your tastes and interests. *Work with What You've Got* suggests ways to make

the most of the home you have rather than yearning for unattainable perfection. Signs of Life offers ideas for wrangling papers, clutter and other stuff. Creative Clutter tackles collections and displays, while Break the Rules rejects style diktats and shows how individuality can bring a home to life. The second section, 'People Live Here', visits real-life homes that are definitely not perfect yet display incredible style and creativity and reflect their owners' needs, tastes and style. And throughout the book, quick fixes, DIY makes and 'Every Home Should Have...' boxes offer creative solutions with unique results.

Bailey was certainly no ordinary cat—an orange tabby who gained fans around the world when his humanlike antics went viral. Sadly, when 14-year-old Bailey died, his family grieved their loss. They'd never find a cat quite like him—or would they? Then along came Carrot, an orange tabby kitten born as a stray, who appeared just as Erin Merryn and her young girls Abby, Hannah, and baby Claire were mending their broken hearts. Written in the voice of Carrot, follow her remarkable journey from shelter cat to top Instagram celebrity feline. Much like Bailey did, she loves spending time with her human family: making mischief with her girl gang; going joyriding in a pint-sized pink Barbie Jeep; doing arts-and-crafts projects; modeling a pink tutu and flowery headband; enjoying a spa day complete with fluffy robe and cucumber eye treatments; celebrating Christmas, Easter, and every holiday in between. It's no wonder that Carrot's videos have gone viral—garnering millions of views

on Ellen, the Dodo, Good Morning America, Access Hollywood, People, and many more. Complete with four-color photos that will leave readers purring with delight, the journal of this sweet, adorable kitty with personality to spare shows us that the human-animal bond runs more than fur deep. Love in the Time of Serial Killers Alicia Thompson, 2022-08-16 One of Cosmopolitan's Best Romance Novels Ever Turns out that reading nothing but true crime isn't exactly conducive to modern dating—and one woman is going to have to learn how to give love a chance when she's used to suspecting the worst. PhD candidate Phoebe Walsh has always been obsessed with true crime. She's even analyzing the genre in her dissertation—if she can manage to finish writing it. It's hard to find the time while she spends the summer in Florida, cleaning out her childhood home, dealing with her obnoxiously good-natured younger brother, and grappling with the complicated feelings of mourning a father she hadn't had a relationship with for years. It doesn't help that she's low-key convinced that her new neighbor, Sam Dennings, is a serial killer (he may dress business casual by day, but at night he's clearly up to something). It's not long before Phoebe realizes that Sam might be something much scarier—a genuinely nice guy who can pierce her armor to reach her vulnerable heart.

M Is for Mama Abbie Halberstadt, 2022-02-01 A PUBLISHER'S WEEKLY BESTSELLER Mama of ten Abbie Halberstadt helps women humbly and gracefully rise to the high calling of motherhood without settling for mediocrity or losing their minds in the process. Motherhood is a challenge. Unfortunately, our worldly culture offers moms little in the way of real help. Mamas only connect to celebrate surviving another day and to share in

their misery rather than rejoice in what God has done and to build each other up in hard times. There has to be a better way, a biblical way, for mamas to grow and thrive. As a daughter of Christ, you have been called to be more than an average mama. Attaining excellence doesn't have to be unsettling but it will take committed focus and a desire to parent well according to God's grace and for His glory. *M is for Mama* offers advice, encouragement, and scripturally sound strategies seasoned with a little bit of humor to help you embrace the challenge of biblical motherhood and raise your children with love and wisdom. Mama, you are worthy of the awesome responsibility God has given you. Now it's time to start believing you can live up to it.

Countdown to a Moon Launch Jonathan H. Ward, 2015-07-07 Thousands of workers labored at Kennedy Space Center around the clock, seven days a week, for half a year to prepare a mission for the liftoff of Apollo 11. This is the story of what went on during those hectic six months. *Countdown to a Moon Launch* provides an in-depth look at the carefully choreographed workflow for an Apollo mission at KSC. Using the Apollo 11 mission as an example, readers will learn what went on day by day to transform partially completed stages and crates of parts into a ready-to-fly Saturn V. Firsthand accounts of launch pad accidents, near misses, suspected sabotage, and last-minute changes to hardware are told by more than 70 NASA employees and its contractors. A companion to *Rocket Ranch*, it includes many diagrams and photographs, some never before published, to illustrate all aspects of the process. NASA's groundbreaking use of computers for testing and advanced management techniques are also covered in detail. This book will demystify the question of how NASA could build and launch Apollo missions using 1960s technology. You'll

discover that there was no magic involved – just an abundance of discipline, willpower, and creativity.

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Let's Pretend This Never Happened Jenny Lawson, 2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. The Music and Mythocracy of Col. Bruce Hampton Jerry Grillo, 2021-04-01 Col. Bruce Hampton was a charismatic musical figure who launched and continued to influence the jam band genre over his fifty-plus years performing. Part bandleader, soul singer, storyteller, conjuror, poet, preacher, comedian, philosopher, and trickster, Col. Bruce actively sought out and dealt in the weird, wild underbelly of the American South. *The Music and Mythocracy of Col. Bruce Hampton* is neither a true biography in the

Boswellian sense nor a work of cultural studies, although it combines elements of both. Even as biographer Jerry Grillo has investigated and pursued the facts, this life history of Col. Bruce reads like a novel—one full of amazing tales of a musical life lived on and off the road. Grillo's interviews with Hampton and his bandmates, family, friends, and fans paint a fascinating portrait of an artist who fostered some of the best music ever played in America. Grillo aims not so much to document and demystify the self-mythologizing performer as to explain why his fans and friends loved him so dearly. Hampton's family history, his place in Atlanta and southeastern musical history, his significant friendships and musical relationships, and the controversies over personnel in his Hampton Grease Band over the years are all discussed. What emerges is a portrait of a P. T. Barnum of the musical world, but one who included his audience and invited them through the tent door to share his inside joke, with plenty of joy to go around.

Typeset in the Future Dave Addey, 2018-12-11 A designer's deep dive into seven science fiction films, filled with "gloriously esoteric nerdery [and] observations as witty as they are keen" (Wired). In *Typeset in the Future*, blogger and designer Dave Addey invites sci-fi movie fans on a journey through seven genre-defining classics, discovering how they create compelling visions of the future through typography and design. The book delves deep into *2001: A Space Odyssey*, *Star Trek: The Motion Picture*, *Alien*, *Blade Runner*, *Total Recall*, *WALL·E*, and *Moon*, studying the design tricks and inspirations that make each film transcend mere celluloid and become a believable reality. These studies are illustrated by film stills, concept art, type specimens, and ephemera, plus original interviews with Mike Okuda (*Star Trek*), Paul Verhoeven (*Total Recall*), and Ralph

Eggleston and Craig Foster (Pixar). *Typeset in the Future* is an obsessively geeky study of how classic sci-fi movies draw us in to their imagined worlds.
