Denali Ben Moon,2020-01-14a very sweet dog story -- Outside The story of a dog, his human, and the friendship that saved both of their lives. When Ben Moon moved from the Midwest to Oregon, he hadn't planned on getting a dog. But when he first met the soulful gaze of a rescue pup in a shelter, Ben instantly felt a connection, and his friendship with Denali was born. The two of them set out on the road together, on an adventure that would take them across the American west and through some of the best years of their lives. But when Ben was diagnosed with colorectal cancer at age 29, he faced a difficult battle with the disease, and Denali never once left his side until they were back out surfing and climbing crags. It was only a short time later that Denali was struck by the same disease, and Ben had the chance to return the favor. Denali is the story of this powerful friendship that shaped Ben and Denali's lives, showing the strength and love that we give and receive when we have our friends by our side.

Olive, Mabel & Me: Life and Adventures with Two Very Good Dogs Andrew Cotter,2020-12-01 The story of Olive and Mabel, Labrador retrievers who rose to internet fame as the subjects of Andrew Cotter's BBC sports parodies. When sporting events were put on hold in March 2020, commentator Andrew Cotter shifted to working from home. The one-on-one competitors? His two Labrador retrievers, Olive and Mabel. In the hilarious videos that ensued, the dogs engage in various contests, from bone-snatching and breakfast-eating to crushing it on the dog walk, while Cotter narrates to hilarious effect. The scene of Mabel, simply standing still in a fetid pond was one of the most popular. Why? Because this is how dogs live, and Cotter captured it with humor and joy. It's why the series has been viewed more than 50 million times, entertaining dog owners, sports fans and celebrities around the world. Olive and Mabel are more than online celebrities, however, as revealed in this charming narrative. Filled with stories about how Cotter fell in love with his dogs, his passion for hiking with them through the glens and over the peaks of his native Scotland, and the ongoing relationship between Olive and Mabel (particularly the "competitive fire" lit during these days of quarantine), the memoir is by turns side-splittingly funny and thoughtfully tender. It's sure to resonate with all dog lovers.

Backpacking Idaho Douglas Lorain,2015-08-04 A virtually undiscovered backpacking paradise, Idaho has numerous wilderness areas of mind-boggling size. Backpackers can find complete solitude, wildlife, and some of North America's most outstanding scenery. Idaho's mountains also boast great weather -- fewer thunderstorms than the central Rockies, less rain than Oregon and Washington, and cooler summer temperatures than California. Backpacking Idaho takes you to what author Doug Lorain calls a Shangri-la for backpackers. In the craggy Selkirk Mountains you'll find lush forests, small cirque lakes, and jagged granite peaks. Watch for ospreys, river otters, and belted kingfishers in the swift Selway River. Explore hundreds of miles of trails in the gently rolling forested hills in north-central Idaho, or head to Hell's Canyon, the deepest gorge in North America, where you'll find both alpine tundra and cactus-studded desert.
