**Craigslist Confessional** Helena Dea Bala, 2020-07-07 "Touching." –The New York Times For fans of Humans of New York and PostSecret, a collection of raw, urgent, and heartfelt stories, shared anonymously. Helena Dea Bala was an exhausted and isolated DC lobbyist, suffocating under the weight of her student loan debt, when she decided to split her lunch with a man who often panhandled near her office. They chatted effortlessly as they ate; there were no half-truths or white lies, and no fear of judgment. Helena felt connected and unburdened in a way she hadn't in years. Inspired, she posted an ad on Craigslist promising to listen, anonymously and for free, to whatever the speaker felt he or she couldn't tell anyone else. Emails from people desperate to connect flooded her inbox, and she listened. Within months, Helena quit her job, deferred her loans, and dove into listening full time. The forty first-person confessions in this book are vivid, intimate, and real; they range from devastating traumas, to lost loves, to reflections on hard choices. Some accounts are quotidian, like that of one increasingly estranged husband: "I want to feel that we're not just roommates—that we're not just waiting for the kids to grow up so that we can move on." Others are deeply disconcerting, like that of a sex addict employed by a religious organization and several are heartening, like that of a mother who dares to hope that her daughter, born with life-threatening heart defects, will one day walk down the aisle: "Sometimes you need to have the audacity to believe that it will all be okay, that it is okay to have the same kinds of dreams as everyone else." In its complex portrayal of the common human experience, Craigslist Confessional challenges us to explore the depths of our vulnerability and expand the borders of our empathy.

**The Craigslist Model** Gene Geter, 2020-11-01 It's the job of the photographer to capture a moment within a lonesome medium. A photographer can meet and photograph people from all walks of life. Throughout Slade West's life as a photographer, he is often asked who is the craziest model that he ever worked with. The one he met on Craigslist. Her name was Karen Zoom. Based on the idiocy of Kayllen Huan Zhang.

An Internet for the People Jessa Lingel, 2022-06-14 How craigslist champions openness, democracy, and other vanishing principles of the early web Begun by Craig Newmark as an e-mail to some friends about cool events happening around San Francisco, craigslist is now the leading classifieds service on the planet. It is also a throwback to the early internet. The website has barely seen an upgrade since it launched in 1996. There are no banner ads. The company doesn't profit off your data. An Internet for the People explores how people use craigslist to buy and sell, find work, and find love—and reveals why craigslist is becoming a lonely outpost in an increasingly corporatized web. Drawing on interviews with craigslist insiders and ordinary users, Jessa Lingel looks at the site's history and values, showing how it has mostly stayed the same while the web around it has become more commercial and far less open. She examines craigslist's legal history, describing the company's courtroom battles over issues of freedom of expression and data privacy, and explains the importance of locality in the social relationships fostered by the site. More than an online garage sale, job board, or dating site, craigslist holds vital lessons for the rest of the web. It is a website that values user privacy over profits, ease of use over slick design, and an ethos of the early web that might just hold the key to a more open, transparent,

and democratic internet.

**Craigslist Profits Unleashed** Allison Mason, 2021 Today, Craigslist is one of the most well known of all online urban communities on the web. It allows people to place free classified adverts relating to various subjects, as well as having forums where people can discuss various topics. Craigslist was founded by Craig Newmark from the San Francisco Bay Area in 1995. Then it became incorporated in 1999. Since its incorporation as of November 2006, there were over 450 cities where a Craigslist has been established. The business now operates with a team of 24 people, and the only way they make any revenue today is through the job adverts paid for in selected cities around the States. Ads placed by companies in the San Francisco Bay Area cost \$75, while those placed by companies or businesses in New York, Los Angeles, San Diego, Boston, Seattle and Washington DC will cost them \$25 for each advert placed. Also today, a real estate broker will need to pay \$10 for any apartment listings they place on Craigslist for New York. Today, this site is receiving over 500,000 new job listings each month, and so makes it one of the top job boards in the world today. The classified adverts that are placed on this site range from more traditional ones where people are able to buy and sell goods, to community announcements...even personal adverts or erotic services are being provided through this site. In its early years, most of the postings placed on the Craigslist were submitted by its founder, and were generally dealing with social events that were of interest to software and internet developers who lived and worked in the San Francisco area. However, as more and more people learned about this site, it began to grow at an extremely high rate. Certainly, as more and more subscribers began to use the site, so the number of postings to it also began to grow as well. Certainly those people who were looking to fill technical positions found this list to be a great way of reaching those with the necessary skills that they were searching for. Because of this, the demand for a section dedicated to jobs was created. Plus, the demand by the lists' users for more categories to be able to post and search under also began to grow as well. It was at this time that more and more of the sites users asked for a web interface to be set up. It was through the help of various volunteers and contractors that such a website user interface was created for each different mailing list category to be found on the list. As the domain required a name, Craig Newman first registered "craigslist.org" and then followed it up later on with "craigslist.com", which helped to prevent the name from being used for some other purpose. Certainly if you were to search on Craigslist today, the most popular of all the forums is the one known as the "Erotic Forum". This forum is now often used by law enforcement agencies for decoy operations, and Craigslist co-operates in any way it can to help prevent its users from selling drugs, sex or stolen property through its listings. Through this book, we are going to look at the ways in which a person can legally profit from using Craigslist. We will discuss the ways in which a person can set up a business in their own home, and which will provide them with a chance to earn an additional income or their main form of income.

**Ideas for Making Money on Craigslist** Haytham Al Fiqi,2016-04-29 There are many advantages of using craigslist.org to make money. The fact that this website reaches over 450 different communities and that almost every type of ad is free, there is very little reason not to post items and services for sale. Exactly what are the advantages of using craigslist.org to make money? The answer is very simple, it is free and easy to do. That's all good and fine, but we really should elaborate. First of all, anyone who has a valid email address can post an ad. This makes joining very easy. All you have to do is upload a picture if necessary and write a good ad. You can post just about anything on craigslist.org. From services and items for sale, to real estate and cars, and even job postings (although there is a charge for this in 10 cities), you can find anything and sell just about anything that is legal for sale. Selling items and services on craigslist.org is a great way to add extra income. It does not take a lot of effort and you can bring n a

decent amount of money selling off your old and unwanted items. Some people also run their own business off of craigslist.org. Are you creative? Can you fix cars? Cars are bought, fixed up, and sold for a profit. Creative people sell quilts, crafts, and other items they have made. Yard sale junkies sell this weeks finds. It is all free, fun and profitable. This is the main advantage of using craigslist.org to make money.

**Craigslist Confessional** Helena Dea Bala, 2020-07-07 "Touching." –The New York Times For fans of *Humans of New York* and *PostSecret*, a collection of raw, urgent, and heartfelt stories, shared anonymously. Helena Dea Bala was an exhausted and isolated DC lobbyist, suffocating under the weight of her student loan debt, when she decided to split her lunch with a man who often panhandled near her office. They chatted effortlessly as they ate; there were no half-truths or white lies, and no fear of judgment. Helena felt connected and unburdened in a way she hadn't in years. Inspired, she posted an ad on Craigslist promising to listen, anonymously and for free, to whatever the speaker felt he or she couldn't tell anyone else. Emails from people desperate to connect flooded her inbox, and she listened. Within months, Helena quit her job, deferred her loans, and dove into listening full time. The forty first-person confessions in this book are vivid, intimate, and real; they range from devastating traumas, to lost loves, to reflections on hard choices. Some accounts are quotidian, like that of one increasingly estranged husband: "I want to feel that we're not just roommates—that we're not just waiting for the kids to grow up so that we can move on." Others are deeply disconcerting, like that of a sex addict employed by a religious organization and several are heartening, like that of a mother who dares to hope that her daughter, born with life-threatening heart defects, will one day walk down the aisle: "Sometimes you need to have the audacity to believe that it will all be okay, that it is okay to have the same kinds of dreams as everyone else." **Banging Your Way Across Craigslist** Braun Schweiger, 2014-03-09 Do you want to know the real secret to getting laid by a different woman every night? The problem most guys have hooking up on Craigslist is they let their dick get in the way of their commonsense. Guys, I hate to tell you but women are just like you. They want to see a face or body pic. It's their natural defense

action at work. They want to make sure you're not super fat, or a one eyed Cyclops, or some sort of psycho killer type. Most women aren't going to respond to your ad if it's titled Let's fuck! Suck on this. Or I've got a really big package waiting for you! Women are looking for something a little different. Sure most of them want it as bad as you do, but they don't like to think of themselves as sluts. They want to have a great date, and just sort of have the sex follow naturally if it's meant to happen. Women are looking for a little finesse, and a little romancing. Women want the boyfriend experience even if you both know it's just for one night. So what's a guy to do? That's what this book is all about. First, we're going to take a look at the ads most guys post on Craigslist and examine what the hell's wrong with them. Second, we're going to look at the ads women post on Craigslist and try to figure out what they want. Finally, we're going to put together a strategy, and develop some sample ads that will help you get what you want as well as help the women who respond to your ads get what they want.
