Emotional Bullshit Carl Alasko Ph. D.,2008-12-26 An invisible disease is affecting every aspect of your life. Insidious and creeping, it shapes you everyday - from the bedroom to the boardroom, from your shopping splurge, to the extra helping at your holiday dinner, to the dangerous liaison at work. It's called emotional bullshit, and it's encroaching on your happiness. In *Emotional Bullshit: The Hidden Plague That Is Threatening to Destroy Your Relationships - AND HOW TO STOP IT* , Carl Alasko, Ph.D. sheds light on the stealth disease of Emotional BS: that is, the Toxic Trio of denial, delusion and blame that we fall back on when faced with difficult situations. These three dynamics work together to distort and manipulate truth,

create a delusional reality, and shift blame when things fall apart. With the toxic trio in action, it's all but impossible to get at the heart of the problem. The result, however, is obvious – no one can achieve happiness and fulfillment. And when used in the world of business, Emotional BS can lead to financial ruin. In his over twenty years working with individuals, couples and families as a psychotherapist, Dr. Alasko has come to recognize the same problem underlying all his patients' unhappiness. When confronted with an unpleasant or inconvenient reality, they fall prey to the TOXIC TRIO: DENIAL: "My girlfriend enjoys a 'good time' at parties, sure. But she doesn't have a drinking problem." Decoded: There is no problem. Everything is okay. You're exaggerating See: the drinker, the overweight, the wallet full of maxed-out credit cards (pg 12) DELUSION: "Working late isn't a problem. My family will understand when I get that big promotion." Decoded: I'll tell you what's true. Don't believe what you see – believe me. See: the demanding boss, the neglected partner, the alienated friend (pgs 63, 138) BLAME: "She knew I hated sloppiness when she married me. Why can't she pick up after herself?" Decoded: You're the problem. I was forced to do it; I had no choice. See: the clean freak, sub-prime mortgages, Napoleon Bonaparte (pgs 45, 84) When the Toxic Trio works together, we become stuck in a cycle of emotional BS, preventing us from moving on or learning from our mistakes. Emotional bullshit's pervasiveness in society can be found everywhere, from rising divorce rates, weight gain, and debt, to angry outbursts at work, loss of control over our children, and a lack of fulfillment in our lives. The solution is deceptively simple: You focus on your Core Needs, which is any behavior that advances your long-term best interest, and ask yourself the Master Question—"What do I need from

this situation?". Honestly addressing the larger issue - not just in the short term - cuts the BS in every relationship: between friends, co-workers, couples, in parenting and especially in business. Frank, concise and unapologetic, EMOTIONAL BULLSHIT sheds light on this hidden plague, and provides concrete advice to keep it from infiltrating your relationships.

All Bullshit and Lies? Chris Heffer,2020-07-01 In a postfactual world in which claims are often held to be true only to the extent that they confirm pre-existing or partisan beliefs, this book asks crucial questions: how can we identify the many forms of untruthfulness in discourse?

How can we know when their use is ethically wrong? How can we judge untruthfulness in the messiness of situated discourse? Drawing on pragmatics, philosophy, psychology, and law, *All Bullshit and Lies?* develops a comprehensive framework for analyzing untruthful discourse in situated context. TRUST, or Trust-related Untruthfulness in Situated Text, sees untruthfulness as encompassing not only deliberate manipulations of what is believed to be true (the insincerity of withholding, misleading, and lying) but also the distortions that arise from an irresponsible attitude towards the truth (dogma, distortion, and bullshit). Chris Heffer discusses times when truth is not in play, as in jokes or fiction, as well as instances when concealing the truth can achieve a greater good. The TRUST framework demonstrates that untruthfulness becomes unethical in discourse, though, when it unjustifiably breaches the trust an interlocutor invests in the speaker. In addition to the theoretical framework, this book provides a clear, practical heuristic for analyzing discursive untruthfulness and applies it to such cases of public discourse as the Brexit battle bus, Trump's tweet about voter fraud, Blair and Bush's claims about weapons of mass destruction, and the multiple forms of untruthfulness associated with the Skripal poisoning case. In *All Bullshit and Lies?* Chris Heffer turns a critical eye to fundamental questions of truthfulness and trust in our society. This timely and interdisciplinary investigation of discourse provides readers a deeper theoretical understanding of untruthfulness in a postfactual world.
