Carroll Meyer

How to Play Craps Jack Salay,2010-12 I have been dealing and supervising the game of craps in major casino's across this country for over 25 years now. I have noticed that the reason people do not play craps is because they are intimidated by the game's complexity. I have broken down the game bet by bet and explain how each bet will win and lose. Individually! And why! You will learn table etiquette and be able to attack the game at your speed and avoid any embarrassment that may be holding you back from playing. This is a game you will thoroughly enjoy playing. And its not as hard as you might think...

Get the Edge at Craps Sharpshooter,2003-10 This is the book craps players have been waiting for! For the first time ever, the casino's worst nightmare, the amazing player known as 'Sharpshooter', reveals his secrets for getting the edge at craps -- how to control the dice when you shoot in order to reduce the appearance of certain numbers (the 7!) and increase the appearance of other numbers. If you learn Sharpshooter's methods of dice control or 'rhythmic rolling', craps becomes not only a beatable game but a money maker for the player.

Casino Craps Frank Scoblete,2010-05 The most comprehensive craps book ever written, this is the book that gives readers everything needed to get a real, verifiable edge at the game of craps. The authors, two of the greatest living dice controllers, share, in words and pictures, their secret Golden Touch technique and give the edge needed to beat the house. Readers will learn several keys to winner craps, including how the game is really played, how to develop a Golden Touch controlled throw, which are the best and worst bets and buy bets, how to reduce the hit of the house edge by using the five count, how to push the casino to give a better game than advertised, how to set the dice to reduce or increase the appearance of different numbers, and how to judge what a real edge means.

Play the Craps Game--The Right Way Wallace Chin,2012-08-30 A step by step procedure to guide you through the process as how to play the craps game without any fear. Learn the proven methods well and win most of the time. I have not seen any book in the market place which can describe in precise terms by using various methods to play this craps game with the field tested data to back them up. Also my book will teach the reader that there are two ways to play this game--normal pass or don't pass methods--and you can select which method is appropriate to you.

Forever Craps Frank Scoblete,2000 For the first time ever, Frank reveals the full story of the legendary Captain of Craps, the man who invented the 5-Count and the Supersystem, from his childhood in Brooklyn during the Great Depression to his adventures in World War II to his postwar business booms and busts, and to his discovery of the 5-Count and his assembling of the Crew.

Craps Henry J. Tamburin,1995-04 This book is written in an easy-to-understand style for the novice casino player that wants to learn how to play this exciting casino game. The book contains: The basic playing rules, gaming etiquette, and the mechanics of how the game is played in casinos throughout the US; A thorough explanation of all the different bets on the layout, including how to make each bet, how it wins and loses, and what the casinos edge; Which are the best bets on the craps tables; An explanation of the author's successful Increased Odds playing system that takes advantage of the high multiple odds (up to 100 times) that casinos are now offering astute players; New versions of craps that are appearing in casinos; And last but not least, after you read this book you will have the discipline to 'take the money and run'.

Get Dicey Tracy Michigan,2005 Based on the experience of an author who worked in Las Vegas casinos, "Get Dicey: Play Craps and Have Fun" emphasizes the entertainment value of craps while guiding the reader through the process of learning a game that fascinates and intimidates. Every type of bet is explained and the rules and payoffs are illustrated in numerous tables. Playing procedures such as when and how to make different bets are given in detail, and the author weaves in stories from her casino career to illustrate points in a friendly fun style. From the basic rules for shooting the dice to advanced betting strategies, the book offers a comprehensive guide to the game. Because craps is a game of verbal interactions, the book explains how to talk to casino staff and what to ask. Along with player etiquette and superstitions, the book decodes jargon and includes a glossary of terms.

Winning Casino Craps Edwin Silberstang,2007 The second edition of Winning Casino Craps has been updated to cover changes in how the game is played and how casinos treat their players. This entertaining and informative guide includes: • Instructions for playing craps, including illustrative examples from actual games • Explanations for the basic betting combinations • Dos and don'ts for making bets • Aggressive winning strategies
