**The Child Garden** Geoff Ryman,1994-04-15 The multiple-award-winning sf classic from the acclaimed author of *Was*. In the city of the future, humans photosynthesize, viruses educate people, organics have replaced electronics . . . and almost no one lives past 40. The outcast Milena feels alone--until she meets the genetically engineered Rolfa.

*Diana of the Dunes* Janet Zenke Edwards,2010-07-01 The true story of a woman who abandoned Chicago for a secluded life in a remote shack—and became an early twentieth-century sensation. In the fall of 1915, an educated woman named Alice Gray traded her life in bustling Chicago for a solitary journey in the remote sand hills of northwest Indiana along Lake Michigan. Living in a fisherman’s shack, she measured herself against nature rather than society’s rigid conventions. Her audacity so bewitched reporters and a curious public that she became a legend in her own time—she became “Diana of the Dunes.” Over a century later, the story is still a popular folktale, but questions remain. Who was Alice Gray? Why did this Phi Beta Kappa scholar leave Chicago? What happened to her soul mate, Paul Wilson? In this first-ever book about Diana of the Dunes, the mystery of Alice Gray is revealed by those who knew her and through new research. Excerpts from her dunes diary are published here for the first time since 1918. In these pages, rediscover the legend of Diana of the Dunes—and learn the truth.

Long Way Round Ewan McGregor,Charley Boorman,2013-04-11 'A highly readable and spiritually uplifting book about a dream come true' Wanderlust 'Touching and memorable ... one for armchair travellers and bike freaks' Daily Mail From London to New York, Ewan and Charley chased their shadows through Europe, the Ukraine, Kazakhstan, Mongolia and Russia, across the Pacific to Alaska, then down through Canada and America. But as the miles slipped beneath the tyres of their big BMWs, their troubles started. Exhaustion, injury and accidents tested their strength. Treacherous roads, unpredictable weather and turbulent politics challenged their stamina. They were chased by paparazzi in Kazakhstan, courted by men with very large guns in the Ukraine, hassled by the police, and given bulls' testicles for supper by Mongolian nomads. And yet despite all these obstacles they managed to ride more than twenty thousand miles in four months, changing their lives forever in the process. As they travelled they documented their trip, taking photographs, and writing diaries by the campfire. Long Way Round is the result of their adventures - a fascinating, frank and highly entertaining travel book about two friends riding round the world together and, against all the odds, realising their dream.

**Walking Dunes** Sandra Scofield,2015-06-09 The sandhills stretch across the West Texas plains for 60 miles. As much as ten miles wide in places, they are a gleaming, sugary whiteness. The winds keep a trickle of sand moving on their peaks; in high winds the sand shifts so fast they say the dunes walk. So, too, can a handsome young man’s intellect and sensibility belie his unreliable character; so, too, can his sense of identity shift as he is buffeted by the storm of circumstance a single fateful year brings. Eighteen year old David Puckett is torn between his desire for and his fear of intimacy—between his yearning for two very different definitions of success. Artistry and passion are embodied in one girl, the avoidance of intimacy and the path to power in another. His story is set in the late 1950s, an era that has become mythologized as an age of carefree innocence and conservative consensus. Walking Dunes gives us another glimpse of life as it lay on the lip of the ’60s, life as beset by poverty, violence, and misery as it was buoyed by rock and roll, television, and the explosion of the suburbs. There is, too, in David’s story the poignancy of a failed family, the sweet awkwardness of young love, the fierceness of early ambition, the bitterness of loss. The lives of teenagers, so often perceived as trivial and commonplace, surprise and ultimately shock the reader, as a boy sets the course on which he will become a man.

**Gardens in the Dunes** Leslie Marmon Silko,2013-04-30 A sweeping, multifaceted tale of a young Native American pulled between the cherished traditions of a heritage on the brink of extinction and an encroaching white culture, Gardens in the Dunes is the powerful story of one woman’s quest to reconcile two worlds that are diametrically opposed. At the center of this struggle is Indigo, who is ripped from her tribe, the Sand Lizard people, by white soldiers who destroy her home and family. Placed in a government school to learn the ways of a white child, Indigo is rescued by the kind-hearted Hattie and her worldly husband, Edward, who undertake to transform this complex, spirited girl into a “proper” young lady. Bit by bit, and through a wondrous journey that spans the European continent, traipses through the jungles of Brazil, and returns to the rich desert of Southwest America, Indigo bridges the gap between the two forces in her life and teaches her adoptive parents as much as, if not more than, she learns from them.

*Days of Grace* Mark Falkin,2006-01-17 DAYS OF GRACE tells the story of Ian Johns, a bleary and depressed thirty-one-year-old professional student, who, in the throes of an early-life crisis brought on by his mother's untimely death from cancer, quits law school after surviving the rigors of its proverbially arduous first year to become an itinerant without a plan. With a voice and sensibility that can be likened to Lethem, Sedaris, Coupland and Kerouac, the book is unabashedly picaresque and Neo-Beat, written in a roman a clef and journalistic style which has been described as modified stream-of-consciousness. It is at times dark and bittersweet but is relentlessly tinged with bright-sharp edges of humor. As we go forward with Ian on his travels and go back into the near-past to sit at his mother's deathbed in his childhood home, viewing the world through his admittedly cracked prism, we come away having learned something universal about ourselves, Y2K America and maybe even mortality itself.

*Dune: House Atreides* Brian Herbert, Kevin J. Anderson, 2003-03-18 Book One of the Epic Prequel to the Classic Novel Dune—Soon to Be a Major Motion Picture Step into the universe of Frank Herbert’s Dune, one of the greatest science fiction novels of all time. The tale of Pardot Kynes, ambitious planetologist dispatched to the sands of Arrakis to understand the origins of the spice melange, the most valuable substance in the known universe. **Beau, Lee, The Bomb & Me** Mary McKinley, 2014-11-01 When Beau transferred to our school. I thought: Good; fresh meat. Because I knew he would be tormented the entire time he was at Baboon High. Like I am. All day. . .every day. Growing up is a trip. . . In high school, there are few worse crimes than being smart or fat. Lucky me, I'm both. But when Beau Gales blows in to town, it takes about two minutes for the jackasses at our Seattle school to figure out he's gay, and that makes him an even bigger target. Have you ever heard the saying: 'The enemy of my enemy is my friend'? There's something to that. When the bullying gets violent and Beau decides to run away to San Francisco to ask his Uncle Frankie for advice, we all go. Beau, me, Leonie (designated class slut), and a scruffy rescue dog called The Bomb--a tribe of misfits crammed into my mom's minivan. Throw in a detour to the Twilight town of Forks, armed robbery, cool record shops, confessions, breakups and makeups, and you have the kind of journey that can change the way you look at the whole world--and yourself. A warm, funny, bitterly wise portrayal of the impulsivity and vulnerability of adolescence. If you've been one of the 'weird' kids, if you've felt like nothing and everything all at once, if best-friendship is your medicine and snark is your armor, you'll get it. --Lindy West, writer for jezebel.com

Midnight Dunes Laura Griffin, 2022-05-24 When the shocking discovery of a murdered woman’s body disturbs the tranquility of tourist season, the police detective in charge of the puzzling case must work alongside the new filmmaker in town to pursue every lead in the new romantic thriller from New York Times bestselling author Laura Griffin.
