Marbles Ellen Forney,2012-11-06 Cartoonist Ellen Forney explores the relationship between “crazy” and “creative” in this graphic memoir of her bipolar disorder, woven with stories of famous bipolar artists and writers. Shortly before her thirtieth birthday, Forney was diagnosed with bipolar disorder. Flagrantly manic and terrified that medications would cause her to lose creativity, she began a years-long struggle to find mental stability while retaining her passions and creativity. Searching to make sense of the popular concept of the crazy artist, she finds inspiration from the lives and work of other artists and writers who suffered from mood disorders, including Vincent van Gogh, Georgia O’Keeffe, William Styron, and Sylvia Plath. She also researches the clinical aspects of bipolar disorder, including the strengths and limitations of various treatments and medications, and what studies tell us about the conundrum of attempting to “cure” an otherwise brilliant mind. Darkly funny and intensely personal, Forney’s memoir provides a visceral glimpse into the effects of a mood disorder on an artist’s work, as she shares her own story through bold black-and-white images and evocative prose.

Marble Season Gilbert Hernandez,2021-04-29 Marble Season is the all-new semi-autobiographical novel by acclaimed cartoonist Gilbert Hernandez, author of the epic masterpiece Palomar, and co-creator of the groundbreaking Love and Rockets comic book series, along with his brothers Jaime and Mario. Marble Season is his first book with D&Q. It tells the untold stories from the American comics legends’ youth, but also portrays the reality of life in a large family in suburban 1960s California. Pop-culture references—TV shows, comic books, and music—saturate this evocative story of a young family navigating cultural and neighborhood norms set against the golden age of the American dream and the silver age of comics. Middle child Huey stages Captain America plays and treasures his older brother’s comic book collection almost as much as his approval. Marble Season subtly and deftly details how the innocent, joyfully creative play children engage in (shooting marbles, staging backyard plays, and organizing treasure hunts) changes as they grow older and encounter name-calling naysayers, abusive bullies, and the value judgments of other kids. An all ages story, Marble Season masterfully explores the redemptive and timeless power of storytelling and role play in childhood, making it a coming-of-age story that is as resonant with the children of today as the children of the 1960s.

Transforming Infantile Trauma in Analytic Work with Children and Adults Martha Stevns,Lucinda Hawkins,2022-09-23 This vivid and moving volume presents the clinical work and writings of Alessandra Cavalli, an internationally known child and adult psychoanalyst who taught and supervised widely, ran infant observation seminars in the UK and Europe and was closely involved in the development of child analysis training in Russia. Informed by a deep knowledge of theory, each chapter draws on many strands of both psychoanalytic and Jungian thought, integrating multiple analytic languages into a coherent clinical language specific to Cavalli. The book includes 11 of her most important papers about work with children and adults, with an introduction by the distinguished Jungian psychoanalyst Warren Colman. Her work was primarily concerned with the impact of trauma on the developing self and the importance of weathering emotional storms in search of meaning, and the book will be fascinating reading for

clinicians of different psychoanalytic approaches working with adults and children as well as students of psychotherapy and counselling.

Balls in Play Paul S. Moore,2020-09-15 Is it true that heroes are made, not born? Does the right stuff come out of hiding when we recognize the moment the game is on the line? Who will come off the bench to save the world from itself? In these times, it’s good enough just to force the game into extra innings. Otis McKinney, Dr. Henry Milton, an embattled Panamanian tribe, a failed baseball prospect, a dedicated cab driver, and the Asmudi family walk into a club ... It sounds like the first line of a joke. This club is no joke. They’re playing for all the marbles. In a chain, stretching from before the Great Flood and into tomorrow, the weakest link is up to bat and he doesn’t know the game rules until he makes them up in the last inning.
