**Millionaire Money Mindset** Drew McArthur, 2019-12-17 Are you tired of feeling stuck financially while you see other people succeed? Have you ever wondered why the rich seem to get richer and the poor seem to get poorer? It's frustrating to feel like you're doing all the right things, but still not seeing the results you want, as your financial dreams seem to get farther and farther away and less and less possible as time goes on. Every time you make a step forward that seems financially promising, the car breaks down, the deal falls through, or something else happens to get you right back where you started. Have you ever felt like you can't get past a certain income level no matter what you do? In the book *Secrets of Successful Selling*, the author uses the example of a real salesman who always made nearly the same exact amount of money every year. Whether he was given a more lucrative territory, a more challenging territory, whether commissions were increased, or decreased, he always managed to make the same amount of money regardless of changes in outside conditions. Why? The way he thought about himself (whether consciously or unconsciously) was the reason for his stagnation. He thought of himself as the kind of person who made that particular amount of money, so his actions always found a way to subconsciously align with his thoughts. We are all hypnotized whether we realize it or not, whether for good or for bad. We are hypnotized by our beliefs about ourselves and our environment. And there lies the biggest difference between the wealthy and the not so wealthy. Your mindset makes all the difference. Negative thoughts about money, programmed into our heads all our lives, repel wealth and it is these very negative thoughts and beliefs that ultimately lead to unproductive or self-sabotaging behavior, that keeps you from being

successful. Wealth is available to everyone, including you. You just have to tap into it. And re-programming yourself with optimistic thoughts about yourself, positive thoughts about money, and strategies of the wealthy in order to adopt a millionaire mindset is the first and most important step in financial advancement. Without it, nothing can improve. This book contains over 1100 powerful positive affirmations to help you reprogram your mind in various categories. It will help you: Overcome limiting beliefs, see your worth, and expect good things to happen to you Change your relationship to money and develop an abundance mindset Take accountability and become an action taker Become a confident leader of yourself and others Unlock the keys to building and growing wealth And more... You can use this book in a multitude of ways: Read through and speak aloud the affirmations. Choose one of the affirmations to meditate on or use as a mantra in a meditation session. Get the audiobook, set to music, for best results and the flexibility to use this as call and response affirmations, a meditation background track, or subliminal hypnosis while you sleep, drive, or conduct everyday tasks. A 2019 survey found that despite living in one of the richest countries on earth, 64% of Americans will retire broke. Don't be one of them. Even if you've always been negative, are in a slump, or currently feel trapped under the weight of your disempowering thoughts, you can change your mind to ultimately change your life. Affirmations are not just new age platitudes. Their efficacy is rooted in neuroscientific principles that prove we can rewire our brains based on our thoughts. You can then use the positive energy behind those thoughts to give you the motivation to create what you want in your life. Take action now.
