**The Last Ball Six** Dr Pradeep Kapoor, 2019 A Racy, Hilarious Saga of a Mad, Mad Indian Cricket Fan If cricket could be equated to religion, Tjinder Tuteja or Titu would automatically qualify as Devotee Number One. Period. Cricket was the elixir of life for him. Over time, Titu gets addicted to T20 - the new, bang-bang variety of cricket. His favourite team is the Punjab Pulverizers and his god is Khoobraj Singh, the PP's acest batsman. In a bit of a stroke of luck, Titu wins a couples entry-pass to the final match of BPL - the Bharatiya Premier League - the T20 cricket tournament on the face of this earth... and the cherry on the cake is that PP are going to be playing HH - the Haryana Hounds. It turns out to be quite a humdinger of a match - sending Titu's heart-rate and blood pressure soaring with each passing minute. He turns very pale and begins to

perspire copiously. But so engrossed is he in the match that he doesn't feel the gnawing pain creeping up his chest until suddenly, he collapses in his seat and his heart stops beating. Horrified, Tilottama, his wife, let's out a scream of despair which promptly gets lost in the excited, unrelenting uproar all around them. What happens then? Does cricket manage to, quite literally, kill its biggest fan? Or does cricket, with one, final, life-saving stroke of its bat, manage to redeem the life of its biggest patron ever? Who wins this match of life and death? Find out!

Evita Burned Down Our Pavilion Timothy Abraham, James Coyne, 2021-05-27 'A highly entertaining read, deftly melding social history with sporting memoir and travelogue' Mail on Sunday A history of Latin America through cricket Cricket was the first sport played in almost every country of the Americas - earlier than football, rugby or baseball. In 1877, when England and Australia played the inaugural Test match at the MCG, Uruguay and Argentina were already ten years into their derby played across the River Plate. The visionary cricket historian Rowland Bowen said that, during the highpoint of cricket in South America between the two World Wars, the continent could have provided the next Test nation. In Buenos Aires, where British engineers, merchants and meatpackers flocked to make their fortune, the standard of cricket was high: towering figures like Lord Hawke and Plum Warner took star-studded teams of Test cricketers to South America, only to be beaten by Argentina. A combined Argentine, Brazilian and Chilean team took on the first-class counties in England in 1932. The notion of Brazilians and Mexicans playing T20 at the

Maracana or the Azteca today is not as far-fetched as it sounds. But *Evita Burned Down Our Pavilion* is also a social history of grit, industry and nation-building in the New World. West Indian fruit workers battled yellow fever and brutal management to carve out cricket fields next to the railway lines in Costa Rica. Cricket was the favoured sport of Chile's Nitrate King. Emperors in Brazil and Mexico used the game to curry favour with Europe. The notorious Pablo Escobar even had a shadowy connection to the game. The fate of cricket in South America was symbolised by Eva Peron ordering the burning down of the Buenos Aires Cricket Club pavilion when the club refused to hand over their premises to her welfare scheme. Cricket journalists Timothy Abraham and James Coyne take us on a journey to discover this largely untold story of cricket's fate in the world's most colourful continent. Fascinating and surprising, *Evita Burned Down Our Pavilion* is a valuable addition to cricketing and social history.

*Vadophil* Baroda Philatelic Society,

**Cricket Cauldron** Shaharyar M. Khan, Ali Khan, 2013-04-30 Pakistan is a country beset with politicised instabilities, economic problems, ethnic conflicts, religious fervour and crises of

identity. It is also a country in which the game of cricket has become a nationwide obsession. How has that happened? How does a Muslim country, jealous of its independence and determined to forge a Pakistani identity, so passionately embrace the alien gentleman's game imported by the distant and departed former colonial masters? What do we learn of Pakistan from its attitudes and responses to cricket? This book sees Pakistan - its history, politics and society - through the prism of cricket. Shaharyar Khan and Ali Khan describe how cricket defines national identity and boosts morale even while Pakistan struggles to contain internal political conflict and the influence of the Taliban near and within its borders; they show how the game shapes the political, social and cultural landscape of Pakistan and its fractured relations with India. But with recent betting scandals and accusations of spot-fixing throwing Pakistani cricket into the global media spotlight, what does cricket tell us about condition of Pakistani society today? The former Chairman of the Pakistan Cricket Board, a man with an unparalleled insight into the establishment, Shaharyar Khan examines how this very Western sport came to embed itself in the psyche of Pakistanis old and young, transcending social and class boundaries. The authors illuminate Pakistan for readers by offering an unusual and highly original perspective - that in understanding the state of cricket in Pakistan, can we gain a deeper understanding of the state of Pakistan itself. Demonstrating how the turbulence around cricket has much wider political

implications, this book will fascinate general readers and cricket enthusiasts, at the same time proving essential reading for observers of Pakistan, India and the South Asia region.
