**Wired for Story** Lisa Cron,2012-07-10 This guide reveals how writers can utilize cognitive storytelling strategies to craft stories that ignite readers' brains and captivate them through each plot element. Imagine knowing what the brain craves from every tale it encounters, what fuels the success of any great story, and what keeps readers transfixed. *Wired for Story* reveals these cognitive secrets—and it's a game-changer for anyone who has ever set pen to paper. The vast majority of writing advice focuses on "writing well" as if it were the same as telling a great story. This is exactly where many aspiring writers fail—they strive for beautiful metaphors, authentic dialogue, and interesting characters, losing sight of the one thing that every engaging story must do: ignite the brain's hardwired desire to learn what happens next. When writers tap into the evolutionary purpose of story and electrify our curiosity, it triggers a delicious dopamine rush that tells us to pay attention. Without it, even the most perfect prose won't hold anyone's interest. Backed by recent breakthroughs in neuroscience as well as examples from novels, screenplays, and short stories, *Wired for Story* offers a revolutionary look at story as the brain experiences it. Each chapter zeroes in on an aspect of the brain, its corresponding revelation about story, and the way to apply it to your storytelling right now.

**Story Genius** Lisa Cron,2016-08-09 Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

**Linux and UNIX Shell Programming** D. S. W. Tansley,2000 Learn how to create and develop shell scripts in a step-by-step manner increasing your knowledge as you progress through the book. Learn how to work the shell commands so you can be more productive and save you time.

**Chasing Francis** Ian Morgan Cron,2013-05-07 What happens when the pastor of a mega church loses his faith? Pastor Chase Falson has lost his faith in God, the Bible, evangelical Christianity, and his super-sized megachurch. When he falls apart, the church elders tell him to go away: as far away as possible. Join Chase on his life-changing journey to Italy where, with a curious group of Franciscan friars, he struggles to resolve his crisis of faith by retracing the footsteps of Francis of Assisi, a saint whose simple way of loving Jesus changed the history of the world. Read this riveting story and then begin your own life-changing journey through the pilgrim's guide included in this powerful novel. Hidden in the past lies the future of the church When his elders tell him to take some time away from his church,

broken pastor Chase Falson crosses the Atlantic to Italy to visit his uncle, a Franciscan priest. There he is introduced to the revolutionary teachings of Saint Francis of Assisi and finds an old, but new way of following Jesus that heals and inspires. Chase Falson's spiritual discontent mirrors the feelings of a growing number of Christians who walk out of church asking, Is this all there is? They are weary of celebrity pastors, empty calorie teaching, and worship services where the emphasis is more on Lights, Camera, Action than on Father, Son, and Holy Spirit while the deepest questions of life remain unaddressed in a meaningful way. Bestselling author Ian Morgan Cron masterfully weaves lessons from the life of Saint Francis into the story of Chase Falson to explore the life of a saint who 800 years ago breathed new life into disillusioned Christians and a Church on the brink of collapse. Chasing Francis is a hopeful and moving story with profound implications for those who yearn for a more vital relationship with God and the world.

Jesus, My Father, the CIA, and Me Ian Morgan Cron, 2011-06-06 A touching memoir of life with an alcoholic father who secretly works with the CIA, a dark pilgrimage through the valley of depression and addiction, and finding a faith to redeem and a strength to forgive. This is a record of my life as I remember it—but more importantly, as I felt it. At the age of sixteen, Ian Morgan Cron was told by his mother that his father, a motion picture executive, worked with the CIA in Europe. This astonishing revelation, coupled with his father's dark struggle with alcoholism, upended the world of a teenager struggling to become a man. Born into a family of privilege and power, Ian's life is populated with colorful people and stories as his father takes the family on a wild roller-coaster ride through wealth and poverty and back again. Decades later, as he faced his own personal demons, Ian realized that the only way to find peace was to voyage back through a painful childhood marked by extremes—privilege and poverty, violence and tenderness, truth and deceit—that he'd spent years trying to escape. A fast-paced, unique memoir about the power of forgiveness from the bestselling author of *The Road Back to You* Details his father's struggle with alcohol and Cron's own journey from addiction to twenty-three years of sobriety Encouragement to see God's redemptive power through life's struggles In this surprisingly funny and forgiving memoir, Ian reminds us that no matter how different the pieces may be, in the end we are all cut from the same cloth, stitched by faith into an exquisite quilt of grace.

The Road Back to You Ian Morgan Cron, Suzanne Stabile, 2016-10-04 Join over 1 million other readers worldwide on a journey of spiritual growth and self-awareness. What you don't know about yourself can hurt you and your relationships—and even keep you in the shallows with God. Do you want help figuring out who you are and why you're stuck in the same ruts? The Enneagram is an ancient personality typing system with an uncanny accuracy in describing how human beings are wired, both positively and negatively. In *The*

Road Back to You Ian Morgan Cron and Suzanne Stabile forge a unique approach—a practical, comprehensive way of accessing Enneagram wisdom and exploring its connections with Christian spirituality for a deeper knowledge of ourselves, compassion for others, and love for God. Witty and filled with stories, this book allows you to peek inside each of the nine Enneagram types, keeping you turning the pages long after you have read the chapter about your own number. Not only will you learn more about yourself, but you will also start to see the world through other people's eyes, understanding how and why people think, feel, and act the way they do. To guide your first steps into your self-awareness journey, *The Road Back to You* offers: Introductions to each Enneagram type Questions to help you identify your number Changes you can make today to pursue deeper self-awareness Digestible windows into the other types, helping you see others with more compassion and empathy The wisdom of the Enneagram can help take you further along into who you really are—leading you into places of spiritual discovery you would never have found on your own, and paving the way to the wiser, more compassionate person you want to become.

*Summary of Ian Morgan Cron & Suzanne Stabile's The Road Back to You* Swift Reads, 2020-12-23 Buy now to get the insights from Ian Morgan Cron & Suzanne Stabile's *The Road Back to You*. Sample Insights: 1) The Enneagram is an ancient, nine-pointed geometric figure used as a personality typing system. It is not a test but a tool for self-discovery. It's a way to understand how your personality shapes your thoughts, feelings, and actions. 2) Most people assume they understand who they are when they don't. The Enneagram helps people develop the kind of self-knowledge they need to understand who they are and why they see and relate to the world the way they do.

Begin your journey to self-enlightenment as you learn your personality type as well as the ins and outs of your strengths and weaknesses. We've all heard the phrase "ignorance is bliss," however, ignorance in self-awareness is dangerous and can damage your relationships with yourself and with others around you. If you can't understand why you react the way you do, then how can you expect others to? The first step to healing your relationships and to loving yourself is through learning about your personality. With the Enneagram diagram, you can not only learn your personality type, but you can also learn how you react in certain situations. Once you know your Enneagram number, you can begin your journey to self-enlightenment and begin to improve your relationship with yourself and your loved ones.

**Summary of Lisa Cron's Wired for Story** Everest Media, 2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Our brain is constantly sifting through and interpreting all the

information that comes its way, and it does so by creating stories about it. It knows us well, and uses that knowledge to create stories that will help us survive. #2 The brain is looking for two key concepts in every story: neuroscientists believe the reason we spend so much time and space getting lost in a story is because without stories, we'd be toast. Stories allow us to simulate intense experiences without actually having to live through them. #3 A story is not just something that happens. It is how what happens affects someone who is trying to achieve a difficult goal, and how they change as a result. The plot, the protagonist, and the story question are all part of a story. #4 A story is not about the plot or what happens in it. It's about how we, rather than the world around us, change. We become enthralled with a story only when it allows us to experience how it would feel to navigate the plot.

Sample Book Insights: #1 I was sheepish about asking anyone to be my sponsor, but there was this one guy who took me under his wing. I had been sober for only three months when I was invited to give a speech at a meeting. I was terrified of losing control in public. #2 I told the story of me, explaining how I'd always felt like a troubled guest on the dark earth. I listed the long list of reasons for my tattered self-worth, including my father's death from alcoholism. #3 When I was a young boy, I was lost at sea with my family. When I began working on my issues in my twenties, the green shoots of a new story began to emerge. It took years of hard work and prayer to craft a new narrative, but today when I look in the mirror, I see a sober husband and father. #4 The Enneagram is a system that helps people understand themselves better. It describes nine different types, and the underlying premise of each type's self-defining stories is in direct opposition to the grace-filled Larger Story God wants us to enter into and enjoy.

**Cytokine Storm Syndrome** Randy Q. Cron,Edward M. Behrens,2019-09-09 Cytokine Storm Syndromes, including HLH and MAS, are frequently fatal disorders, particularly if not recognized early and treated during presentation. The genetics of Cytokine Storm Syndromes are being defined with many of the risk alleles giving rise to mutations in the perforin-mediated cytolytic pathway used by CD8 cytotoxic T cells and natural killer cells. These are being

studied using murine models. Up to 10% of the general population may carry risk alleles for developing Cytokine Storm Syndromes, and Cytokine Storm Syndromes are being increasingly recognized around the world in pediatric and adult hospitals. A variety of infectious, rheumatic, and oncologic triggers are commonly associated with Cytokine Storm Syndromes, but understanding this disorder is critical for all researchers and physicians to ensure timely and appropriate therapy. This textbook, the first of its kind, addresses all aspects of the disorder – from genetics, pathophysiology, and ongoing research, to clinical presentations, risk factors, and treatment.
