Crossing Traditions Babacar M'Baye, Alexander Charles Oliver Hall, 2013-07-29 In *Crossing Traditions: American Popular Music in Local and Global Contexts*, a wide range of scholarly contributions on the local and global significance of American popular music examines the connections between selected American blues, rock and roll, and hip-hop music and their equivalents from Senegal, Nigeria, England, India, and Mexico.

Contributors show how American popular music promotes local and global awareness of such key issues as economic inequality and social marginalization while inspiring cross-cultural and interethnic influences among regional and transnational communities.

Beyond Christian Hip Hop Erika D. Gault, Travis Harris, 2019-11-18 Christians and Christianity have been central to Hip Hop since its inception. This book explores the intersection of Christians and Hip Hop and the multiple outcomes of this intersection. It lays out the ways in which Christians and Hip Hop overlap and diverge. The intersection of Christians and Hip Hop brings together African diasporic cultures, lives, memories and worldviews. Moving beyond the focus on rappers and so-called Christian Hip Hop, each chapter explores three major themes of the book: identifying Hip Hop, irreconcilable Christianity, and boundaries. There is a self-identified Christian Hip Hop (CHH) community that has received some scholarly attention. At the same time, scholars have analyzed Christianity and Hip Hop without focusing on the self-identified community. This book brings these various conversations together and show, through these three themes, the complexities of the intersection of Christians and Hip Hop. Hip Hop is more than rap music, it is an African diasporic phenomenon. These three themes elucidate the many characteristics of the intersection between Christians and Hip Hop and our reasoning for going beyond Christian Hip Hop. This collection is a multi-faceted view of how religious belief plays a role in Hip Hoppas' lives and community. It will, therefore, be of great interest to scholars of Religion and Hip Hop, Hip Hop, African Diasporas, Religion and the Arts, Religion and Race and Black Theology as well as Religious Studies more generally.

Rhythms of the Afro-Atlantic World Ifeoma C.K. Nwankwo, Mamadou Diouf, 2019-02-28 Collecting essays by fourteen expert contributors into a trans-oceanic celebration and critique, Mamadou Diouf and Ifeoma Kiddoe Nwankwo show how music, dance, and popular culture turn ways of remembering Africa into African ways of remembering. With a mix of Nuyorican, Cuban, Haitian, Kenyan, Senegalese, Trinidadian, and Brazilian beats, *Rhythms of the Afro-Atlantic World* proves that the pleasures of poly-rhythm belong to the realm of the discursive as well as the sonic and the kinesthetic. ---Joseph Roach, Sterling Professor of Theater, Yale University As necessary as it is brilliant, *Rhythms of the Afro-Atlantic World* dances across, beyond, and within the Black Atlantic Diaspora with the aplomb and skill befitting its editors and contributors. ---Mark Anthony Neal, author of *Soul Babies: Black Popular Culture and the Post-Soul Aesthetic* Along with linked modes of religiosity, music and dance have long occupied a central position in the ways in which Atlantic peoples have enacted, made sense of, and responded to their encounters with each other. This unique collection of essays connects nations from across the Atlantic--- Senegal, Kenya, Trinidad, Cuba, Brazil, and the United States, among others---highlighting contemporary popular, folkloric, and religious music and dance. By tracking the continuous reframing, revision, and erasure of aural, oral, and corporeal traces, the contributors to *Rhythms of the Afro-Atlantic World* collectively argue that music and dance are the living evidence of a constant (re)composition and (re)mixing of local sounds and gestures. *Rhythms of the Afro-Atlantic World* distinguishes itself as a collection focusing on the circulation of cultural forms across the Atlantic world, tracing the paths trod by a

range of music and dance forms within, across, or beyond the variety of locales that constitute the Atlantic world. The editors and contributors do so, however, without assuming that these paths have been either always in line with national, regional, or continental boundaries or always transnational, transgressive, and perfectly hybrid/syncretic. This collection seeks to reorient the discourse on cultural forms moving in the Atlantic world by being attentive to the specifics of the forms---their specific geneses, the specific uses to which they are put by their creators and consumers, and the specific ways in which they travel or churn in place. Mamadou Diouf is Leitner Family Professor of African Studies, Director of the Institute of African Studies, and Professor of History at Columbia University. Ifeoma Kiddoe Nwankwo is Associate Professor of English at Vanderbilt University. Jacket photograph by Elias Irizarry

The Red Cross Movement Neville Wylie, Melanie Oppenheimer, James Crossland, 2020-03-26 This book offers new and exciting scholarship on the history of the Red Cross Movement by leading historians in the field. It re-imagines and re-evaluates the Red Cross as an institutional network and a key actor in the humanitarian space through two centuries of war and peace.

Networking the Black Church Erika D. Gault, 2022-01-18 Young evangelicals. Black millennials. The hip hop generation. This book sets the record straight on young Black Christians with a first of its kind digital-hip hop ethnography. This book is a must have in understanding how race, religion, and technology is reshaping American life--

New York Court of Appeals. Records and Briefs. New York (State).,

You're Grounded Chris Lassiter, 2013-06-25 A fashion accessory. An occasional song. A popular tattoo. In the Hip-Hop culture, Jesus Christ is often reduced to a cultural icon. But He's so much more. While millions of people worldwide identify themselves as part of this culture, far too few know much about the cross that is inked onto their shoulders or the Jesus who adorns their necklaces. Aimed specifically at the Hip Hop-influenced generation, *You're Grounded* is a reliable, insightful book about the person of Jesus Christ and the Christian life. Written in an easy-to-read fashion, each chapter starts with a story from urban culture—using figures and examples familiar to the culture, like Michael Jordan, Tupac, the TV show *Good Times*—and then transitions to highlight truth found in Scripture concerning Jesus Christ. This book is ideal for small group and discipleship settings. It's a great resource for high school and college campus ministries, as well as juvenile and adult prison ministries.

The Sound of Silence Burkhard Vogel, 2011-07-30 There is a wide field of tasks left that can only be satisfyingly attacked with the help of old-fashioned analogue technology, and one of the most important are amplifiers for analogue signals. The strongly expanded content of the second edition of the *sound of silence* leads to affordable amplifier design approaches which will end up in lowest-noise solutions not far away from the edge of physical boundaries set by room temperature and given cartridges - thus, fully compatible with very expensive so called high-end or state-of-the-art offers on today markets - and, from a noise point of view in most cases outperforming them! With easy to follow mathematical treatment it is demonstrated as well that theory is not far away from reality. Measured SNs will be found within 1dB off the calculated ones and deviations from the exact amplifier transfer won't cross the $\pm 0.1\text{dB}$ tolerance lines. Additionally, the book presents measurement set-ups and results. Consequently, comparisons with measurement results of test magazine will soon become easier to perform. This new edition includes a new chapters about reference levels, Noise in Amp Input sections, Humming Problems,

and much more.

I Crossed Over Alice Moss,2016-03-25 This book is the story of being married to an unbeliever. It is the story of a wife's forty-year prayer journey, praying for her husband's salvation, her lifelong struggles in the marriage, and remaining faithful in prayer. It is the story of God's faithfulness to hear and answer prayer in His time. It is the story of a God who loves without measure and walks with us when in the furnace of affliction. It is the story of an ordinary woman with a tenacious determination to not give up on her God-given assignment to pray. It is the story of faith rewarded, missions accomplished, and the power of prayer. It is the story of how God gives joy for our journeys and grace as we wait upon Him. The vision is yet for the appointed time: It hastens towards the goal, and it will not fail. Though it tarries, wait for it. Habakkuk 2:3

Daoism: A Guide for the Perplexed Louis Komjathy,2014-03-13 Daoism is a global religious and cultural phenomenon characterized by multiculturalism and ethnic diversity. *Daoism: A Guide for the Perplexed* offers a clear and thorough survey of this ancient and modern religious tradition. The book includes an overview of Daoist history, including key individuals and movements, translations of primary Daoist texts, and discussions of key dimensions of Daoist religiosity, covering primary concerns and defining characteristics of the religion. Specifically designed to meet the needs of students and general readers seeking a thorough understanding of the religion, this book is the ideal guide to studying and understanding Daoism as a lived and living religious community.

Model Rules of Professional Conduct American Bar Association. House of Delegates,Center for Professional Responsibility (American Bar Association),2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Molecular and Cellular Aspects of Muscle Contraction Haruo Sugi,2012-12-06 This volume presents the proceedings of a muscle symposium, which was supported by the grant from the Fujihara Foundation of Science to be held as the Fourth Fujihara Seminar on October 28 -November 1, 2002, at Hakone, Japan. The Fujihara Seminar covers all fields of natural science, while only one proposal is granted every year. It is therefore a great honor for me to be able to organize this meeting. Before this symposium, I have organized muscle symposia five times, and published the proceedings: *Cross-bridge Mechanism in Muscle Contraction* (University of Tokyo Press, 1978), *Contractile Mechanisms in Muscle* (plenum, 1984); *Molecular Mechanisms of Muscle Contraction* (plenum, 1988); *Mechanism of Myofibril Sliding in Muscle contraction* (plenum, 1993); *Mechanisms of Work Production and Work Absorption in Muscle* (plenum, 1998). As with these proceedings, this volume contains records of discussions made not only after each presentation but also during the periods of General Discussion, in order that general readers may properly evaluate each presentation and the up-to-date situation of this research field. It was my great pleasure to have Dr. Hugh Huxley, a principal discoverer of the sliding filament mechanism in muscle contraction, in this meeting. On my request, Dr. Huxley kindly gave a special lecture on his monumental discovery of myofibril-lattice structure by X-ray diffraction of living skeletal muscle. I hope general readers to learn how

a breakthrough in a specific research field can be achieved.

Vinyl: A History of the Analogue Record Richard Osborne, 2016-02-17 Vinyl: A History of the Analogue Record is the first in-depth study of the vinyl record. Richard Osborne traces the evolution of the recording format from its roots in the first sound recording experiments to its survival in the world of digital technologies. This book addresses the record's relationship with music: the analogue record was shaped by, and helped to shape, the music of the twentieth century. It also looks at the cult of vinyl records. Why are users so passionate about this format? Why has it become the subject of artworks and advertisements? Why are vinyl records still being produced? This book explores its subject using a distinctive approach: the author takes the vinyl record apart and historicizes its construction. Each chapter explores a different element: the groove, the disc shape, the label, vinyl itself, the album, the single, the b-side and the 12 single, and the sleeve. By anatomizing vinyl in this manner, the author shines new light on its impact and appeal.
