Cruise Ship Blues Ross A. Klein, 2002-01-01 Explores problems in the cruise industry.

Selling the Sea Bob Dickinson, Andrew Vladimir, 1997 An insider's view of how the cruising business operates. Selling the Sea offers a complete picture of the cruise line industry along with step-by-step coverage of how to effectively market the cruising experience. This updated Second Edition features new coverage of how technology has impacted the industry, new niche markets in cruising, and expanded material on shipbuilding and design. It also includes insightful interviews with today's captains, social directors, food and beverage managers, and cruise line executives who have hands-on experience at the day-to-day workings of a cruise ship. Bob Dickinson (Miami, FL) is President and CEO of Carnival Cruise Lines and a member of the Board of Directors of the parent company Carnival Corporation. Andy Vladimir (Coconut Grove, FL) is a well-known business and travel writer, a member of the Editorial Board of the FIU Hospitality Review, and contributing editor of Quest magazine.

The Business and Management of Ocean Cruises Michael Vogel, Alexis Papathanassis, Ben Wolber, 2012 After decades of solid growth, the worldwide ocean cruise sector has become a noticeable economic factor and a significant employer. In the way it combines social, technological and natural systems to form its products, cruise tourism is an increasingly attractive area of study; particularly with regards to the managerial challenges posed by the interaction of these systems. This book brings together industry know-how, managerial experience and academic rigour to cover some of the most important and interesting managerial challenges associated with ocean cruises.

Giants of the Seas Aaron Saunders, 2013-10-01 The cruise ship market is a 30 billion-dollar industry, and in 2013 it is estimated that it will carry more than 20 million passengers; nor is there any sign of a slow down in the seven percent annual growth. What keeps the passengers coming in such huge numbers isn't the food, the ports or the entertainment. They come for the magnificent floating palaces themselves, the giants of the sea. In this new book, the author showcases the most influential cruise ships of the last three decades beginning with Royal Caribbean's ground-breaking Sovereign of the Seas. When she was launched in 1988 she was the largest passenger ship constructed since Cunard's Queen Mary entered service some 48 years earlier, and her entry into service sparked a fiercely competitive building boom that continues to this day. The reader is taken aboard thirty of the most spectacular ships to reveal how their innovative designs changed the landscape of modern cruising. By employing original and archival photographs, deck plans, cruise programmes, as well as the author's intimate knowledge of many of these vessels, a unique picture is built up of these great ships and it becomes clear that the true Golden Age of Cruising is not in some distant past but exists right now, and that its origins can be traced back to one ship, launched in 1988. A truly sumptuous and fascinating book for all those drawn to the world of the modern cruise ship. As seen in Ships Monthly Magazine

Stern's Guide to the Cruise Vacation: 20/21 Edition Steven B. Stern, 2019-08-29 "The extent of detail given . . . is good not only for the novice cruiser finding their way around . . . but also for the veteran cruiser who wants to know the latest about the newest ships." "This is the book with which to gain a full and thorough understanding of the wonderful world of cruising. Repeat cruisers and novices alike will gain from the volume of features, menus, daily schedules, photos, as well as details on every cruise ship and port of call throughout the world. This should be the encyclopedia for any cruise aficionado" (World of Cruising). "People who've never cruised before or those who have but find themselves faced with a confusing onslaught of new ships need to know a great deal, and this book goes a long way in providing it" (Chicago Tribune). "Stern's Guide to the Cruise Vacation is one of the most comprehensive authorities and a must-have for both the novice and the seasoned cruiser" (Porthole Cruise Magazine).

Cruise Ship Tourism, 2nd Edition Ross Dowling, Clare Weeden, 2017-01-25 Completely updated and revised, Cruise Ship Tourism, 2nd Edition covers the economic, social and environmental impacts of cruising, combining the latest knowledge and research to provide a comprehensive account of the subject. Despite the industry growing rapidly, there is a substantial gap in the related literature, and this book addresses the key issues for researchers, students and industry professionals. A valuable 'one-stop-shop' for those interested in cruise ships and maritime tourism, this new edition from major names in the field is also an invaluable resource for anyone concerned more widely with tourism and business development.

Cruise Operations Management Philip Gibson, Richard Parkman, 2018-09-25 Cruise Operations Management: Hospitality Perspectives offers a comprehensive and contextualised overview of hospitality services for the cruise industry. As well as providing a background to the cruise industry, it also looks deeper into the management issues, providing a practical guide for students and professionals alike. Since the last edition of this book was published, there have been many important developments in the industry. This third edition has been updated to include: New content on: health, safety and security, sustainability, environmental impacts of cruise operations, changing and emerging markets, professionalism and talent management, innovation and digital technologies A new chapter on 'Leadership in the cruise industry' New international case studies throughout to provide a real-world insight into the industry Additional online resources, including PowerPoint slides for instructors and student quizzes to test knowledge This comprehensive, accessible and engaging text is essential reading for all those seeking to study cruise operations management whether for academic or vocational reasons.

Cruising Marc Mancini, 2004 Comprehensive profiles of two dozen cruise lines, a study of cruises by their geographic itineraries, and an insider's view of cruise sales, marketing, and operations make this the only guide needed for learning how to succeed in the cruise industry. The content has been written in a magazine-style manner, making it easy and fun to read. And the author has applied a number of educational strategies, lending to Cruising's easy learning manner. Particular attention is placed on key terms and phrases for better comprehension, activities and discussion items reinforce the concepts, and photos, graphics, and sidebars illustrate each chapter's content. Dozens of leading industry professionals—including several cruise line presidents—have reviewed this material, ensuring that it reflects real-world insights into the business.

The Cruise Ship Phenomenon in North America Brian J. Cudahy, 2001 Cudahy (an independent scholar with a PhD in philosophy and a passion for transportation) looks at the early days of the cruise ship industry and discusses contemporary cruise ship design, cruise markets, and the evolution of the burgeoning, recreation-oriented business. Coverage also includes the challenges of managing cruise lines and regulations governing the industry. A detailed appendix presents an instant history of the major cruise line ships, including notes on specifications, builders, registry, and passenger capacity. The Business and Management of Ocean Cruises Michael Vogel, Alexis Papathanassis and Ben Wolber, 2012 This book

is divided into six parts, which are organized to guide the reader step by step from the macro level of the cruise industry to the micro level of operations management on board cruise ships. Part I (chapters 1-4) sets the scene for the book by characterizing the conditions under which cruise lines operate. Part II (chapters 5-8) includes four chapters that address issues of significance for corporate managers in the cruise sector. Part III (chapters 9-11) deal with aspects of the marketing mix employed by cruise lines to attract passengers and fill their ships. Part IV (chapters 12-15) is concerned with managerial functions related directly to the cruise product. Part V (chapters 16-19) focuses on operational management functions on board cruise ships. The final Part VI (chapter 20) looks at future development possibilities for the cruise sector.

Cruising in the Global Economy Christine B.N. Chin, 2016-12-05 The business of cruise tourism in recent years has commanded news media attention especially on issues of environmental pollution, passenger safety and worker rights, yet consumer interest in cruise vacations has not been adversely affected by negative publicity and it continues to grow at an average of 8-9% per annum. This unique mode of business focusing on the production and consumption of pleasure at sea and on land offers us an unprecedented opportunity to analyze the manner in which ongoing economic restructuring processes to bring about free markets in goods, services and labour can and does involve both life on land and at sea. This interdisciplinary analysis elicits an examination of states' relationship to the maritime regulatory structure governing ship ownership, management and operations, cruise lines' business strategies, development of port communities to capture cruise-related revenue, changing leisure consumption patterns and meanings, and the employment of foreign migrant workers as seafarers.

Stern's Guide to the Cruise Vacation Steven B. Stern, This most comprehensive guide on the cruise vacation and all its aspects lists the major ports of call, provides details on attractions, restaurants, shopping, and recreation, and ranks more than 280 cruise ships.

Ocean Travel and Cruising Kaye Sung Chon, Arthur Asa Berger, 2012-11-12 A one-of-a-kind analysis of ocean cruising! In *Ocean Travel and Cruising: A Cultural Analysis*, noted author Arthur Asa Berger turns his critical eye to the phenomenon of ocean cruising. This academically solid yet reader-friendly book brings a multidisciplinary cultural studies approach to the subject, examining ocean cruising from economic, semiotic, sociological, psychoanalytic, and marketing perspectives, and offering insights not provided by the more traditional sociological approaches to the subject. You'll explore cruise demographics, the relationship between cruising and gender, the sociology of dining on cruise ships, hedonism and pleasure seeking, the "compulsion to cruise," consolidation in the industry, the exploitation of workers on cruise ships, and a great deal more. Here's a section-by-section rundown of what's in store for you and your students in this one-of-a-kind new text: "The Economics of Cruising" examines cruise categories, industry consolidation, worker exploitation, and ways that cruise lines make money aside from ticket sales. This section also compares the costs of cruises vs. land-based vacations and fills you in on the typical weekly food and beverage consumption of the Carnival line's complement of ships, which sheds light on how a cruise line can, for a mere \$10, provide a food array that would cost a restaurant or hotel \$33 to \$40. "Signs at Sea—The Semiotics of Cruising" provides you with a quick primer on semiotics and then discusses the cruise ship as a sign system and then breaks the system down to its component parts, discussing dining rooms, cabins/staterooms, dress codes, spatiality, luxury signifiers, the perceived elitism of the cruise experience, the role of photography, and more. "A Sociological Analysis of Cruising" explores cruise demographics and their meaning, time budgeting on cruises, the sociology of dining, new trends in cruising, and the meaning of gender in relation to ocean cruising. A particularly intriguing chapter is "A Psychoanalytic Interpretation of Cruising." Beginning with a look at the compulsion to cruise, this section explores cruising's relationship with the unconscious, the paradise myth, hedonism and pleasure seeking, the desire for unconditional love, psychological regression, and more. In "Selling Smooth Sailing: Advertising and Marketing Cruises," you'll examine print advertisements from eight major cruise lines, look at what they have in common and what the differences are between the messages each cruise line hopes to convey via the style and content of their ads and brochures. "Cruising (on) the Internet" looks at the intersection of the information superhighway with the world of cruising. You'll learn about the cruise lines' own Web sites, travel agency sites, Internet sites designed to rate and review cruises and cruise ships, and more. "Notes from a Cruise Journal" shares the author's on-site reflections and impressions of a weeklong cruise from Los Angeles to Puerto Vallarta, Mexico, and back. Written in accessible, jargon-free language that will appeal to students at all levels, *Ocean Travel and Cruising: A Cultural Analysis* is the most recent of a very small selection of scholarly studies of ocean cruising available in English. Make it a part of your cultural studies, leisure studies, sociology, travel/tourism/hospitality, popular culture, or American studies course this semester!

Death by Chocolate Ross A. Klein, 2001 The book the cruise industry doesn't want you to read. A must read for anyone who has taken a cruise, is thinking about a cruise, or who works in the industry. If you are interested in information that is not contained in any guidebook, and the cruise industry would prefer you not have, you must read this book. The chapters include: The Art of Advertising and Marketing You Wouldn't Believe the Food!! You Can Squeeze Blood from a Turnip Ship Society Ross A. Klein is academically trained as a sociologist and as a social worker. His previous writing covers a range of topics, including peace and non-violence, child abuse prevention, women and addictions and employability enhancement. He makes his home in St. John's, Newfoundland, and is a Social Work professor at Memorial University. Information about his other activities and ongoing work may be found at www.cruisejunkie.com.
