When Daniel's son, policeman Todd Forrest, is called to the scene of a gruesome murder where the body of a beautiful woman has literally been torn in two, he is stopped in his tracks. Not just because of the grotesque and theatrical nature of the crime but because he recognizes the victim as Daniel's goddaughter. In an attempt to find swift resolution on her old friend's behalf, Reilly finds herself drawn into the investigation. And when another disturbing murder occurs soon after, Reilly can't help but feel that she has come across something like this before. But where? The CSI Effect Michele Byers,Val Marie Johnson,2009 CSI has been heralded in many spheres of public discourse as a televisual revolution, its effects on the public unprecedented. The CSI Effect: Television, Crime, and Governance demonstrates that CSI's appeal cannot be disentangled from either its production as a televisual text or the broader discourses and practices that circulate within our social landscape. This interdisciplinary collection bridges the gap between the study of media, particularly popular culture media, and the study of crime. The contributors consider the points of intersection between these very different realms of scholarship and in so doing foster the development of a new set of theoretical languages in which the mediated spectacle of crime and criminalization can be carefully considered. This timely and groundbreaking volume is bound to intrigue both scholars and CSI enthusiasts alike.

CSI: Crime Scene Investigation: Skin Deep Jerome Preisler,2010-08-31 A retired judge has been found brutally murdered on the outskirts of Las Vegas, complete with a macabre yet masterfully intricate tattoo on his face . . . the third seemingly random victim of the mysterious kidnapper dubbed by law enforcement as the “Tattoo Man.” The judge wasn’t the first person to have been abducted, drugged, and permanently altered with tattoos and body modification . . . but he was the first to wind up dead. At the same time, several other deceased are turning up all over Sin City with their body art mercilessly removed—and the timing would seem to suggest to those in authority that all of these crimes are somehow related. But Las Vegas’s top crime scene investigators—Catherine Willows, Ray Langston, Nick Stokes, Sara Sidle, and Greg Sanders—aren’t jumping to any conclusions, as they attempt to connect the dots by entering the secretive and tight-knit body art community—one that is intensely wary of outsiders. . . .

But with almost zero evidence and no way to trace the girl's origin, Reilly and the police are at a loss. Then the angel tattoo is traced to other children - both dead and alive - who are similarly marked, and Reilly starts to suspect they have all been abducted by the same person. But why? And will Reilly get to the bottom of the mystery and uncover what links these children together before tragedy strikes again

Binding Ties Max Allan Collins,2005-04-01 Based on the Emmy Award-winning TV series, this edge-of-your-seat thriller follows the savvy and remarkable team of forensic investigators led by veteran Gil Grissom as they use the latest cutting-edge technology to track down a mysterious killer from the past. Ten years ago, Las Vegas was terrorized by a vicious and bloodthirsty serial killer responsible for nearly half a dozen brutal murders. But after two years of keeping the city in a panic, the killer mysteriously vanished and has not been heard from...until now. Gil Grissom and his CSI team are called in to investigate a homicide that perfectly fits the notorious criminal’s modus operandi. But all hell breaks loose when a reporter made famous by the original cases receives a letter from someone claiming to be the very same killer—but he insists that he had nothing to do with the latest slaying. Now the CSI team must stop someone who may be a copycat killer from striking again, even as a murderer from the past continues to evade capture, and isn’t taking too kindly to rivals.

CSI: Crime Scene Investigation: The Killing Jar Donn Cortez,2009-11-24 A teenager is found dead in his motel room, the cause of death: millipede poison...Now crime scene investigator Gil Grissom must aid CSI's Nick Stokes and Riley Adams against a serial killer whose knowledge of entomology rivals his own -- a brutal murderer who is not only using insects as the tools of destruction, but actually modeling the attacks after their behavior.... In the meantime, CSIs Catherine Willows and Greg Sanders must investigate a bizarre death, where the victim had gotten mixed up with two very different groups of people -- one involved in using and dealing crystal meth, the other an avant-garde group of artists -- a collision of subcultures where everyone is a suspect and nothing is as it seems....
