Waiting While Dating Lindsey Holder, 2017-09-01 Dating in modern times can be confusing and seem more complicated than ever. How do you date and get close to someone while keeping God first? When meeting someone new, there are many questions and scenarios to be thought about. Should he pursue first? How often should you spend time together? When should you start attending church as a couple? Should you serve in the same area? When into the relationship should you hold hands or kiss? What do social media boundaries look like? While these specific questions are not directly answered in the Bible, it is comforting to know six couples who kept God first in the relationship and yet each had different answers to these questions and more. *Waiting While Dating* interviews six Christian couples who had different backgrounds and situations, some had been previously married and some had not. The couples span from meeting in their twenties, to thirties and forties. Each couple opens up and gives personal insight on what attracted them to their current spouse, how they held each other accountable, what leadership from the man looked like in the relationship, what patience looked like from the female perspective and many more intimate details. Whether you're heading out on that next first date, are pondering about your current relationship, or whether you're in the engagement phase, let *Waiting While Dating* open up some questions to help you keep God first while on your journey to finding your forever.

Not Yet Married Marshall Segal, 2017-06-20 Life Is Never Mainly About Love and Marriage. So Learn to Live and Date for More. Many of you grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

Out There Kate Folk, 2022-03-29 A thrilling new voice in fiction injects the absurd into the everyday to present a startling vision of modern life, “[as] if Kafka and Camus and Bradbury were penning episodes of *Black Mirror*” (Chang-Rae Lee, author of *My Year Abroad*). “Stories so sharp and ingenious you may cut yourself on them while reading.”—Kelly Link, author of *Get In Trouble* With a focus on the weird and eerie forces that lurk beneath the surface of ordinary experience, Kate Folk’s debut collection is perfectly pitched to the madness of our current moment. A medical ward for a mysterious bone-melting disorder is the setting of a perilous love triangle. A curtain of void obliterates the globe at a steady pace, forcing Earth’s remaining inhabitants to decide with whom they want to spend eternity. A man fleeing personal scandal enters a codependent relationship with a house that requires a particularly demanding level of care. And in the title story, originally published in *The New Yorker*, a woman in San Francisco uses dating apps to find a partner despite the threat posed by “blots,” preternaturally handsome artificial men dispatched by Russian hackers to steal data. Meanwhile, in a poignant companion piece, a woman and a blot forge a genuine, albeit doomed, connection. Prescient and wildly imaginative, *Out There* depicts an uncanny landscape that holds a mirror to our subconscious fears and desires. Each story beats with its own fierce heart, and together they herald an exciting new arrival in the tradition of speculative literary fiction.

Dating Undated Medieval Charters Michael Gervers, 2002 Many of the millions of medieval charters surviving in European archives and repositories were written without any reference to a date of issue. The proliferation of undated charters in England and Normandy indicates that the custom was especially peculiar to lands under Norman rule, but charters issued by major religious houses are often also undated. The DEEDS Project at the University of Toronto has developed a computerised methodology for dating charters, relying on analysis of vocabulary, syntax and formulae. In this volume an international group of scholars concerned with the problem of charter chronology consider the potential of the computerised methodology compared to other more traditional methods of dating, such as identification of names, changing in wording and address, and handwriting. Discussion also touches on regional differences in the production, use and distribution of charters, and on ways both manual and mechanical to date and analyse the content of large numbers of them. MICHAEL GERVERS is Director of the DEEDS Project at the University of Toronto, Canada. Contributors: MICHAEL GERVERS, RODOLFO FIALLOS, MARJORIE CHIBNALL, VÉRONIQUE GAZEAU, BENOIT-MICHEL TOCK, NICHOLAS VINCENT, GEORGES DECLERCQ, ZSOLT HUNYADIR, ATTILA ZSOLDOS, MARIA HILLEBRANDT, TREVOR CHALMERS, LAZSLO VESZPRÉMI, P.D.A.
