*PosterSpy* Frédéric Claquin, Jack Woodhams, 2018-02-21 Way before the advent of social networks, the first, and sometimes only, visual contact you may have had with a movie was its poster. To return to this enlightened approach and escape the hard selling, marketing campaigns of today's releases, this book pays tribute to the artists who celebrate the era when cinematographic posters made us dream. Presented by ARTitude, this collaboration features the contemporary work of 58 different artists from the PosterSpy art community, one of the most influential groups devoted to alternative posters. The nearly 300 posters presented here cover a diverse range of genres and eras, from pop culture favorites like Star Wars and Goonies to the Wes Andersen filmography to horror and sci-fi classics. Each piece reveals intensely creative and detailed representations of films that ask the viewer to see the film in a new way and challenges the visual package included with the original release.

**100 Days of Sunlight** Abbie Emmons,2019-08-07 When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's obnoxious optimism, convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

**Western Amerykański** Kevin Mulroy,Autry Museum of Western Heritage,1999 In postwar Poland, film poster artists employed the universally recognized symbols of the Western - horse, six-shooter, boots, tin-star badge, Stetson, saddle - to convey violence as a negative force. Unlike many other art forms, the film poster did not fall within the censor's domain because it was not expected to pose a threat to the social order. But messages were conveyed through subtle means of symbol and color. The Polish poster has been likened to the Trojan horse, with the artist smuggling messages onto the streets in the guise of ephemera.--BOOK JACKET. The posters displayed so strikingly in this book, and discussed in three essays, are from the golden age of Polish poster-making, the mid-1940s to the 1970s.--BOOK JACKET.
