I Love Jesus, But I Want to Die Sarah J. Robinson,2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Life in Student Ministry Tim Schmoyer,2011 Packed full of practical advice on everything from starting a youth group to recruiting volunteers, setting boundaries, and reducing stress, this book is a unique collection of many voices and viewpoints all speaking to encourage, challenge, and equip youth leaders to succeed.

Love and Respect in the Family Dr. Emerson Eggerichs,2013-11-12 The secret to parenting success is out! Children need love, parents need respect. It's as simple and complex as that. Bestselling author Dr. Emerson Eggerichs has studied family dynamics for more than 30 years, earning a Ph.D. in Child and Family Ecology. As a senior pastor for nearly two decades, he builds on a foundation of strong biblical principles, walking the reader through an entirely new way to approach the family dynamic. When frustrated with an unresponsive child, a parent doesn’t declare, “You don’t love me.” Instead, the parent asserts, “You are being disrespectful right now.” A parent needs to feel respected, especially during conflicts. When upset a child does not whine, “You don’t respect me.” Instead, a child pouts, “You don’t love me.” A child needs to feel loved, especially during disputes. But here’s the rub: An unloved child or teen negatively reacts in a way that feels disrespectful to a parent. A disrespected parent negatively reacts in a way that feels unloving to the child. This dynamic gives birth to the FAMILY CRAZY CYCLE. This book teaches you to: See love and respect as basic family needs Stop the Family Crazy Cycle of conflict Parent in six biblical ways that energize your children Discipline defiance and overlook childishness Be the mature one since parenting is for adults only Become a loving parent in God's eyes, regardless of a child's response Based on what the Bible says about parenting, this book focuses on achieving healthy family dynamics. Dr. Eggerichs offers unprecedented transparency from his wife and three adult children, who share wisdom gained from the good, the bad, and the ugly of their family life. It's all here in this eye-opening exploration of the biblical principles on parenting that can help make families function as God intended.

Fear and Faith Trillia J. Newbell,2015-03-17 We will never be short on fears. Failure, rejection, sickness, losing a loved one, being alone—the fears we carry are many and heavy. Fear can be a tyrant, a bully we can’t hide from. It can paralyze our spirit, damage our relationships, and hinder our faith. Trillia is no stranger to fear. She has known its harsh grip on her life, but she has also known the gentle hand of God, a peace and a faith from the One who conquers fears. In *Fear and Faith*, Trillia will encourage you as she reflects on Scripture and her own story. She will show you Jesus, who was tempted like you in every way. She will show you the character of God and how it inspires faith. And she will show you real women who have walked the road of fear—or are still walking it—and how they have found security in the Lord to be their strength. Whatever your fear, you are not alone, nor are you without hope. You have the One who can replace your fear with faith.

Toy Box Leadership Ron Hunter,Michael E. Waddell,2009-08-31 Reach back into your childhood and recapture the leadership principles you learned from your favorite toys. Authors Ron Hunter and Michael E. Waddell take a nostalgic look back into their childhood toy boxes to revisit the valuable leadership and life lessons we all unintentionally learned during playtime. While these lessons started in fun, as adults, we’ve complicated the principles of leadership - cluttering them with popular trends and theories. *Toy Box Leadership* clears away the clutter and takes listeners back to the simple and essential roots of the most effective and unchanging leadership best practices. In this book, you will learn: what Lego bricks can teach you about building your business through connection; how Slinky Dog demonstrates the value of patience when you're growing your organization; what every kid learned from the Little Green Army Men that can be used in business strategy; and many more playful and insightful lessons. Whether you still feel young at heart or your childhood seems to be a distant memory, *Toy Box Leadership* will bring you back to the place where all important life lessons began to reinvigorate your ability to influence and lead others in the playground of life.

Youth Ministry in the 21st Century (Youth, Family, and Culture) Chap Clark,2015-08-11 There are many philosophies and strategies that drive today's youth ministry. To most people, they are variations on a single goal: to make faithful disciples of young people. However, digging deeper into various programs, books, and concepts reveals substantive differences among approaches. Bestselling author Chap Clark is one of the leading voices in youth ministry today. In this multiview work, he brings together a diverse group of leaders to present major views on youth ministry. Chapters are written in essay/response fashion by Fernando

Arzola, Greg Stier, Ron Hunter, Brian Cosby, and Chap Clark. As the contributors present their views and respond to each of the other views, they discuss their task and calling, giving readers the resources they need to develop their own approach to youth ministry. Offering a model of critical thinking and respectful dialogue, this volume provides a balanced, irenic approach to a topic with which every church wrestles.

Adoptive Youth Ministry (Youth, Family, and Culture) Chap Clark,2016-01-26 Kids desperately need healthy, committed adults who can help them thrive in their faith and become active participants in the life of the church. This requires the efforts of the whole faith community. Chap Clark, one of the leading voices in youth ministry today, brings together twenty-four experts from a variety of denominations and traditions to offer a comprehensive introduction to adoptive youth ministry, a theologically driven, academically grounded, and practical youth ministry model. The book shows readers how to integrate emerging generations into the family of faith, helping young adults become active participants in God's redemptive community.

Why Should I Trust the Bible? Timothy Paul Jones,2020-01-10 What evidence is there that the Bible is true? One of the big questions asked about Christianity Part of the Big Ten series
The Legacy Path Brian Haynes,2011-06 Brian Haynes writes as a minister as well as a father on this journey. He gives parents great insight into biblical principles necessary for proper parenting. The seven Legacy Milestones created by Brian Haynes are explained with practical application. He also shares discussion questions at the end of each chapter than can be used with your spouse or in a small group setting.
Perspectives on Family Ministry Timothy Paul Jones,2019-11-15 Every church is called to some form of family ministry, but this calling requires far more than adding another program to an already-packed schedule. The most effective family ministries refocus every church process to engage parents in discipling their children and to draw family members together instead of pulling them apart. In this second edition, Jones expands the definition of family ministry, and broadens the book's focus to address urban perspectives and family ministry in diverse settings.

Airborne Wind Energy Roland Schmehl,2018-03-31 This book provides in-depth coverage of the latest research and development activities concerning innovative wind energy technologies intended to replace fossil fuels on an economical basis. A characteristic feature of the various conversion concepts discussed is the use of tethered flying devices to substantially reduce the material consumption per installed unit and to access wind energy at higher altitudes, where the wind is more consistent. The introductory chapter describes the emergence and economic dimension of airborne wind energy. Focusing on “Fundamentals, Modeling & Simulation”, Part I includes six contributions that describe quasi-steady as well as dynamic models and simulations of airborne wind energy systems or individual components. Shifting the spotlight to “Control, Optimization & Flight State Measurement”, Part II combines one chapter on measurement techniques with five chapters on control of kite and ground stations, and two chapters on optimization. Part III on “Concept Design & Analysis” includes three chapters that present and analyze novel harvesting concepts as well as two chapters on system component design. Part IV, which centers on “Implemented Concepts”, presents five chapters on established system concepts and one chapter about a subsystem for automatic launching and landing of kites. In closing, Part V focuses with four chapters on “Technology Deployment” related to market and financing strategies, as well as on regulation and the environment. The book builds on the success of the first volume “Airborne Wind Energy” (Springer, 2013), and offers a self-contained reference guide for researchers, scientists, professionals and students. The respective chapters were contributed by a broad variety of authors: academics, practicing engineers and inventors, all of whom are experts in their respective fields.

As the King's ambassadors, Christians today will find in Matthew great motivation for heartfelt worship and service. Join John MacArthur as he explains each verse of Matthew 24-28 in a way that is both doctrinally precise and intensely practical. Taking into account the cultural, theological, and Old Testament contexts of each passage, MacArthur tackles interpretive challenges and fairly evaluates differing views, giving the reader confidence in his conclusions. The MacArthur New Testament Commentary series comes from the experience, wisdom, and insight of one of the most trusted ministry leaders and Bible scholars of our day. Each volume was written to be as comprehensive and accurate as possible, dealing thoroughly with every key phrase and word in the Scripture without being unnecessarily technical. This commentary will help to give a better, fuller, richer understanding of God's Word, while challenging the reader to a vibrant personal spiritual walk.
