The Innovation Mandate Nicholas Webb,2019-09-10 In clear language, The Innovation Mandate shows leaders a step-by-step process to continually generate great ideas, implement them, and maximize their value to benefit both customers and investors. In today's ultracompetitive marketplace, the difference between success and failure is innovation. From small entrepreneurial startups to global Fortune 500 companies, innovation--the steady flow of new ideas--drives sustained success. It allows a company to introduce new products and services, effectively connect with customers, sharpen the supply chain, efficiently manage finances, and hire and retain the best people. Without a steady stream of new ideas, even the best company will slow down, atrophy, lose market share, hemorrhage customers, and eventually close or be sold. The Innovation Mandate offers a clear and straightforward pathway to profitable innovation. It demystifies the concept, making it easy to understand, implement, and measure. The book centers around three simple concepts: innovation generates profits; innovation, in the form of new, profitable ideas, can come from anywhere; and identifying, harnessing, evaluating, and implementing these new ideas cannot be left to chance. Additionally, the book offers a five-point checklist to ensure your company is innovation ready.

Everything All at Once Bill Nye, 2017-07-11 In the New York Times bestseller *Everything All at Once*, Bill Nye shows you how thinking like a nerd is the key to changing yourself and the world around you. Everyone has an inner nerd just waiting to be awakened by the right passion. In *Everything All at Once*, Bill Nye will help you find yours. With his call to arms, he wants you to examine every detail of the most difficult problems that look unsolvable—that is, until you find the solution. Bill shows you how to develop critical thinking skills and create change, using his “everything all at once” approach that leaves no stone unturned. Whether addressing climate change, the future of our society as a whole, or personal success, or stripping away the mystery of fire walking, there are certain strategies that get results: looking at the world with relentless curiosity, being driven by a desire for a better future, and being willing to take the actions needed to make change happen. He shares how he came to create this approach—starting with his Boy Scout training (it turns out that a practical understanding of science and engineering is immensely helpful in a capsizing canoe) and moving through the lessons he learned as a full-time engineer at Boeing, a stand-up comedian, CEO of The Planetary Society, and, of course, as Bill Nye The Science Guy. This is the story of how Bill Nye became Bill Nye and how he became a champion of change and an advocate of science. It’s how he became The Science Guy. Bill teaches us that we have the power to make real change. Join him in... dare we say it... changing the world.

The Millionaire Fastlane MJ DeMarco, 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive

Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth

accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

But when her brother disappears Camille decides to pursue a richer, more dangerous mark: the glittering court of Louis XVI and Marie Antoinette. Using dark magic Camille transforms herself into the 'Baroness de la Fontaine' and presents herself at the court of Versailles, where she soon finds herself swept up in a dizzying life of riches, finery and suitors. Rule #1 Phil Town, 2006-03-21 #1 NEW YORK TIMES BESTSELLER • “The clearest and best book out there to get you on the path to riches. This one’s special!”—Jim Cramer, host of CNBC’s *Mad*

Money “Great tools for anyone wanting to dabble in the stock market.”—USA Today Phil Town is a very wealthy man, but he wasn’t always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true “rules” are and how to make them work in one’s favor. Chief among them, of course, is Rule #1: “Don’t lose money.” In this updated edition to the #1 national bestseller, you’ll learn more of Phil’s fresh, think-outside-the-box rules, including: • Don’t diversify • Only buy a stock when it’s on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can’t help but regress to the mean—and as we’ve all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.

Pushing Ice Alastair Reynolds, 2020-04-21 Pushing Ice is the brilliant tale of extraordinary aliens, glittering technologies, and sweeping space opera from award-winning science fiction author Alastair Reynolds. 2057. Humanity has raised exploiting the solar system to an art form. Bella Lind and the crew of her nuclear-powered ship, the Rockhopper, push ice. They mine comets. And they're good at it. The Rockhopper is nearing the end of its current mission cycle, and everyone is desperate for some much-needed R & R, when startling news arrives from Saturn: Janus, one of Saturn's ice moons, has inexplicably left its natural orbit and is now heading out of the solar system at high speed. As layers of camouflage fall away, it becomes clear that Janus was never a moon in the first place. It's some kind

of machine -- and it is now headed toward a fuzzily glimpsed artifact 260 light-years away. The Rockhopper is the only ship anywhere near Janus, and Bella Lind is ordered to shadow it for the few vital days before it falls forever out of reach. In accepting this mission, she sets her ship and her crew on a collision course with destiny -- for Janus has more surprises in store, and not all of them are welcome.

The Alienist Caleb Carr, 2006-10-24 NEW YORK TIMES BESTSELLER • NOW A TNT ORIGINAL SERIES • “A first-rate tale of crime and punishment that will keep readers guessing until the final pages.”—Entertainment Weekly “Caleb Carr’s rich period thriller takes us back to the moment in history when the modern idea of the serial killer became available to us.”—The Detroit News When *The Alienist* was first published in 1994, it was a major phenomenon, spending six months on the New York Times bestseller list, receiving critical acclaim, and selling millions of copies. This modern classic continues to be a touchstone of historical suspense fiction for readers everywhere. The year is 1896. The city is New York. Newspaper reporter John Schuyler Moore is summoned by his friend Dr. Laszlo Kreizler—a psychologist, or “alienist”—to view the horribly mutilated body of an adolescent boy abandoned on the unfinished Williamsburg Bridge. From there the two embark on a revolutionary effort in criminology: creating a psychological profile of the perpetrator based on the details of his crimes. Their dangerous quest takes them into the tortured past and twisted mind of a murderer who will kill again before their hunt is over. Fast-paced and riveting, infused with historical detail, *The Alienist* conjures up Gilded Age New York, with its tenements and mansions, corrupt cops and flamboyant gangsters, shining opera houses and seamy gin mills. It is an age in which questioning society’s belief that all killers are born, not made, could have unexpected and fatal consequences. Praise for *The Alienist* “[A] delicious premise . . . Its settings and characterizations are much more

sophisticated than the run-of-the-mill thrillers that line the shelves in bookstores.”—The Washington Post Book World “Mesmerizing.”—Detroit Free Press “The method of the hunt and the disparate team of hunters lift the tale beyond the level of a good thriller—way beyond. . . . A remarkable combination of historical novel and psychological thriller.”—The Buffalo News “Engrossing.”—Newsweek “Gripping, atmospheric . . . intelligent and entertaining.”—USA Today “A high-spirited, charged-up and unfailingly smart thriller.”—Los Angeles Times “Keeps readers turning pages well past their bedtime.”—San Francisco Chronicle
