The Chicago Sports Reader Steven A. Riess, Gerald R. Gems, 2009 A celebration of the fast, the strong, the agile, and the tricky throughout Chicago's storied sports history

All the Good in Sports Mike Sandrolini, 2010-10-26 True Stories That Go Beyond the Headlines Stories about athletes and coaches usually focus on their championships or their scandals. All the Good in Sports features 20 contemporary sports personalities who go beyond the headlines to candidly share how their relationship with Christ has helped them cope with a variety of difficulties, both professional and personal, and how in Christ they found victory in their personal lives. Many professing Christians in the sports world have achieved wealth and notoriety, but life's luxuries do not exempt them from life's difficulties. Name recognition and personal fortune cannot rescue one whose marriage is on the rocks, one facing substance abuse, or one facing disease or even death. The sports heroes featured in All the Good in Sports are not super human.

Marie Marvingt, Fiancee of Danger Rosalie Maggio, 2019-04-26 Marie Marvingt (1875-1963) set the world's first women's aviation records, won the only gold medal for outstanding performance in all sports, invented the airplane ambulance, was the first female bomber pilot in history, fought in World War I disguised as a man, took part in the Resistance of World War II, was the first to survive crossing the English Channel in a balloon, worked all her life as a journalist, spent years in North Africa and invented metal skis. Her life story was so unusually rich in exploits and accomplishments that some dismissed it as a hoax. This biography explores the life of the most incredible woman since Joan of Arc and investigates the reasons she has been forgotten. Known as the fiancee of danger, she was the model for the silent film series The Perils of Pauline.

The Revised Early History of Warren Township High School and Its Sports Teams James D. Lodesky, 2019-07-10 This book contains the early history of Warren Township High School from its beginnings as Gurnee's two-year high school. The two-year high school evolved first into a three-year township high school and finally into a four-year township high school in 1917. The book also includes an early history of Warren's sports teams, experiences of its students, and descriptions of life at Warren. There are also stories about notable students, teachers, coaches, and prominent citizens in the area. If you are wondering why I named the book The Revised Early History of Warren Township High School, I'll explain. Originally, I only intended to write a history of Warren's football teams. While researching football, I occasionally ran across articles about the school's early history. I saved what I found and filed it away. Then the Warren Township Historical Society asked me to write an account of Warren football for their newsletter. While writing about the football team I decided to add all the other information about Warren's history that I found earlier, calling it the "Early History of Warren Township High School." Six months after writing the article, I noticed a couple of mistakes that needed correction and decided to do a more in-depth study of the high school's history. I ended up with enough Warren history that I was able to write this book and correct my mistakes as well.

Baseball and the Media George Castle, 2016-07-01 What sports fans read, watch, and listen to at home often isn't the real story coming out of the locker room or the front office. George Castle should know: he's covered baseball in Chicago for decades and witnessed the widening gulf between the media and the teams they're supposed to cover—and the resulting widespread misinformation about the inner workings of the game. In this book, Castle chronicles from the inside the decline of baseball reporting and shows in clear and practical terms how ill-served today's sports followers are by those they trust for the straight story. Charting the path of a veteran sports reporter's career, Baseball and the Media traces the changes in baseball coverage from the days of the old-time players and scribes to the no-holds-barred (and no facts checked) sports-talk radio of our time. Along the way,

Castle introduces readers to the politics of baseball media (does sports journalism actually have its red and blue states?), documents the transformation of athletes from role models to sports-media celebrities, including emblematic characters such as LaTroy Hawkins and Carl Everett, and illuminates the profound changes in the way sports in general—and baseball in particular—are conveyed to its avid consumers, who are the losers in the end.
