Original.

Daily Kabbalah Gershon Winkler,2011-10-25 From sorcery to animal totems, buzzard feathers to hawk spirits, talking trees to magical stones, sacred circles to healing rituals, the Kabbalah brings readers a rich body of ancient wisdom that has been long neglected and even longer misunderstood. The Kabbalah celebrates a quality of consciousness that enables one to experience magic in the ordinary, miracles in the natural course of events, and spirituality in the physical. Its roots are as old and rich as most aboriginal shamanic traditions, sharing in common with many of them the belief that all of creation is alive, from animals and plants to the sun and the moon.The uniqueness of this book lies in its selections from this rare tradition of Jewish mystery wisdom. Culled from ancient and medieval Hebraic and Aramaic sources, much of this material has been hidden in dusty archives or obscure translations. These short selected readings are intended as contemplative, inspirational, and even entertaining extracts. As short as a few lines or as long as a page, they are translated and paraphrased here to render them accessible to readers of all backgrounds and spiritual paths.

10 Minute Kabbalah , The Kabbalah is an ancient, mystical Jewish text that is purported to hold the secrets of life. Kabbalah is a Hebrew word that means to receive, indicating that, if correctly interpreted, this knowledge enables us to receive inner wisdom and understanding. It has been studied for thousands of years, but has recently become the spiritual path of choice among people of all different faiths who have found meaning in its ancient wisdom. The Kabbalah has it all -- angels, symbols, and predictions -- and is the foundation for many Western ideas, including magic and psychoanalysis. 10-Minute Kabbalahbrings the puzzle of Judaism's most mystical text to readers in easy to understand, bite-sized terms and makes this ancient wisdom accessible to people of all faiths and backgrounds. In the tradition of 10-Minute Zenand 10-Minute Celtic Spirituality, 10-Minute Kabbalahtakes a complex concept and strips it down to its essence-providing an accessible introduction to the Kabbalah, with 400 easy ways to incorporate its principles into everyday life.

Kabbalah 365 Gershon Winkler,2011-05-13 Find out why celebrities such as Britney Spears, Madonna, and Demi Moore, just to name a few, have

hitched their stars to the Kabbalah. Kabbalah 365, with a beautiful foreword by Dr. Andrew Weil, is the perfect first step for all who are curious about exploring the Kabbalah. This spiritual guide will show you how to get from where you are right now to where you want to be, both spiritually and emotionally. Every day is a chance for a new beginning--an awakening. Start each day with the gift of time-tested wisdom from the Kabbalah. Kabbalah 365 is a unique collection of rare Jewish mystery and understanding. People from all walks of life are finding their paths illuminated within the Kabbalah. Each selected reading, one for every day of the yearly cycle, encourages honest contemplation, true inspiration, and deep reflection. Here are just a few examples: *If you are in a hurry to get to an appointment, and you are riding on a train that is moving too slow, do you think you will arrive at your destination any faster by getting up and running through the train? Likewise, when the time is right for you, you'll be arriving at your destination--no sooner, no later. In the meantime, make sure you are on board. *If you are rubbing two sticks together and are having difficulty lighting a fire, move to another place and try again. Likewise, if you are having difficulty in the place where you are, shift to another place. Experience the vastness and riches of the Kabbalah with Kabbalah 365, which ably preserves the integrity of the original texts, some translated here for the first time, and renders insights in easy-to-understand language.

The Revelation of The Book of Zohar in Our Time, 2010-05-05 The Revelation of The Book of Zohar in Our Time aims to help guide a person's approach toward studying The Zohar in order to reap the most benefit from its reading. It is built of quotes by Dr. Michael Laitman from the Daily Zohar Lessons, and answers to questions of students, that aim to clarify: The revelation of The Zohar in our time The approach to studying The Zohar The effort during the study of The Zohar Confusion and disturbances while studying The Zohar The Zohar & bonding with others

A Guide to Hidden Wisdom of Kabbalah Rav Michael Laitman, 2003-01-01 An important goal in the study of Kabbalah is to use one's knowledge to influence one's destiny. Firstly, one has to realise what life is, what its meaning is, why it is given to us, where it begins, and where it ends. After

pondering and meditating on the above questions, one has to relate all this to Kabbalah. Kabbalah states that the Creator created all the worlds simultaneously, including our world, and we human beings have to use Kabbalah in our world, the finite material world. In order to further advance our understanding of the wisdom of Kabbalah, we need to lift our mind's eye above the horizon of our material world. Kabbalah clarifies our perception of reality. What we see around us is subjective and exists only in relation to ourselves. Our perception depends on our organs of sensation: if they were different, we would perceive another world around us. This book provides the reader with a solid foundation for understanding the role of Kabbalah in our world. The contents was designed to allow individuals all over the world to begin traversing the initial stages of spiritual ascent toward the apprehension of the upper realms.

Kabbalah for Beginners Michael Laitman,2007-01-01 A book for everyone who is seeking answers to life's essential questions. We all have problems; we want to know why we are here, why there is pain and how we can make life more enjoyable. The four parts of this book tell us exactly how the wisdom of Kabbalah came about, who discovered and developed it, and what they discovered. Afterwards, the book tells us about the world we live in and finally, it explains how we can make our lives better for ourselves and for our children. Part One discusses the discovery of the wisdom of Kabbalah, and how it was developed, and finally concealed until our time. Part Two introduces the gist of the wisdom of Kabbalah, using 10 easy drawings to help us understand the structure of the spiritual worlds, and how they relate to our world. These drawings are accompanied by explanatory texts that make understanding Kabbalah very easy. Part Three reveals Kabbalistic concepts that are largely unknown to the public. For example: the Creator exists nowhere but within us; our senses reveal what they sense, not what is really out there; and reality is nothing but a reflection of our perception, and hence changes when we change. Part Four elaborates on practical means you and I can take in order to make our lives here better and more enjoyable for us and for our children. It explains how we can implement Kabbalistic principles such as freedom of choice and the power of society, and thus become more whole and fulfilled individuals.

Kabbalah Revealed Michael Laitman,2006-01-01 Kabbalah Revealed: The Ordinary Person's Guide to a More Peaceful Life is a clearly-written, user-friendly guide to making sense of the surrounding world while achieving inner peace. Each of the six chapters in this book focuses on a different aspect of the ancient wisdom of Kabbalah, shedding new light on a teaching that has too often been shrouded in mystery and misconceptions. A subtle, yet profound idea weaves the book's chapters into a coherent and concrete whole. The first three chapters in Kabbalah Revealed tell us why the present world is in a state of crisis, explaining how our growing desires promote progress as well as alienation, and why the biggest deterrent to

achieving positive change is rooted in our own spirits. Chapters Four through Six offer a prescription for positive change. Therein, we learn how we can use our spirits to build a personally peaceful life in harmony with all of Creation. For the first time ever, the timeless principles of Kabbalah are explained for a general readership by a world-renowned scholar of Kabbalah Rav Michael Laitman, PhD. For those seeking to achieve transformational change on a personal, communal or global level, Kabbalah Revealed is required reading.

Simple Kabbalah Kim Zetter,1999-01-01 An accessible guide to this most inaccessible subject outlines the history of the Kabbalah, its traditions and symbolism, and several ways to bring the text into daily spiritual practice without years of intensive study.

Practical Kabbalah Laibl Wolf,2010-05-19 Kabbalah is an ancient Jewish wisdom that explains the laws of spiritual energy. Up until very recently the Kabbalah was reserved for the elite, those who only after years of scholarship and practice were allowed to enter this mystical realm. However, one doesn't need to devote one's life to intense study to reap the rich rewards of the Kabbalah. With just a basic understanding of a few key concepts, our lives can be enriched immensely. We can then begin to fulfill our deepest dreams and reach our most important goals, becoming the people we long to become. By learning to understand the Sefirot--the ten spiritual properties that flow from the cosmic source into our heart--we can connect to the universe and profoundly transform our experience of daily life. For example, Hessed, or loving-kindness, represents the desire to be generous, while

Gevurah is the desire to focus intently or withhold. These properties must be balanced in order for harmony and well-being to occur. Rabbi Laibl Wolf shows how to maintain that balance and enjoy a healthy and productive life by using simple meditation and creative visualization techniques to grasp the spiritual nature of our life. Practical Kabbalah draws upon ancient wisdom but offers a modern interpretation and easy-to-understand techniques for delving deeper into our selves and our world and for reaping the bounteous gifts that were always meant for us.
