Obsessed by a Dream Aashild Sørheim, 2019-01-01 This Open Access biography chronicles the life and achievements of the Norwegian engineer and physicist Rolf Widerøe. Readers who meet him in the pages of this book will wonder why he isn't better known. The first of Widerøe's many pioneering contributions in the field of accelerator physics was the betatron. He later went on to build the first radiation therapy machine, an advance that would eventually revolutionize cancer treatment. Hospitals worldwide installed his machine, and today's modern radiation treatment equipment is based on his inventions. Widerøe's story also includes a fair share of drama, particularly during World War II when both Germans and the Allies vied for his collaboration. Widerøe held leading positions in multinational industry groups and was one of the consultants for building the world's largest nuclear laboratory, CERN, in Switzerland. He gained over 200 patents, received several honorary doctorates and a number of international awards. The author, a professional writer and maker of TV documentaries, has gained access to hitherto restricted archives in several countries, which provided a wealth of new material and insights, in particular in relation to the war years. She tells here a gripping and illuminating story.

Winter Notes on Summer Impressions Fyodor Dostoyevsky,1997 In June 1862, Dostoevsky left Petersburg on his first excursion to Western Europe. Ostensibly making the trip to consult Western specialists about his epilepsy, he also wished to see firsthand the source of the Western ideas he believed were corrupting Russia. Over the course of his journey he visited a number of major cities, including Berlin, Paris, London, Florence, Milan, and Vienna. He recorded his impressions in *Winter Notes on Summer Impressions*, which were first published in the February 1863 issue of *Vremya* (Time), the periodical of which he was the editor.

Early Literacy Skills Builder ,2010-09-01 Apply the science of reading to students with moderate-to-severe developmental disabilities, including autismThe Early Literacy Skills Builder program incorporates systematic instruction to teach both print and phonemic awareness. ELSB is a multi-year program with seven distinct levels and ongoing assessments so students progress at their own pace.Five years of solid research have been completed through the University of North Carolina at Charlotte, proving ELSB to be a highly effective literacy program and more effective than a sight-word only program. ELSB is based upon the principles of systematic and direct instruction. It incorporates scripted lessons, least-prompt strategies, teachable objectives, built-in lesson repetition, and ongoing assessments. The seven ELSB levels contain five structured lessons each. All students begin at Level 1. If a student struggles here, go back and administer Level A. Instruction is one-on-one or in small groups. Teach scripted lessons daily in two 30-minute sessions. On the completion of each level, formal assessments are given. ELSB includes everything you need to implement a multi-year literacy curriculum.

Reading the Media Renee Hobbs,2006-11-30 Renee Hobbs provides the first empirical evidence of the impact of media literacy on the academic

achievement of adolescents. This pioneering book chronicles the practice of high school teachers who prepared their students to critically analyze all aspects of contemporary media culture. To do so, they developed an innovative curriculum that incorporates popular media, television, journalism, film, and new media into the required English curriculum. This book examines the processes they used to design and implement the new curriculum as well as the specific, measurable impact that the program had on students. Book Features: Documents how a media literacy course significantly improved reading comprehension, writing, critical analysis, and other academic skills. Offers practical information for teachers attempting to bring media literacy into their classroom, including lesson plans and activities. Examines how media literacy education increases motivation and builds citizenship skills with teens.

His Lessons on Love Cathy Maxwell, 2022-01-25 New York Times bestselling author Cathy Maxwell's delicious Logical Man's Guide to Dangerous Women series continues with this provocative romance between a reprobate earl and a sensible spinster who agree to marry under scandalous circumstances. Perfect for fans of Sophie Jordan and Sabrina Jeffries. Lesson #1: A man, even titled and handsome, cannot be careless forever. The Earl of Marsden—better known as Mars to all—has lived his life by his own rules...until he is presented with a very big problem in a very tiny package—a baby girl, his daughter cast off by his ex-mistress. Mars won't let his child be cast adrift, except he doesn't know the first thing about babies. Panicking, he turns to a woman for help. Not just any woman, but Clarissa Taylor, village spinster, matron-in-training, and Mars's greatest critic. Still, who better to tend a motherless child than a woman who was abandoned as a babe herself? Lesson #2: Life always plays the upper hand—especially when it comes to love. Clarissa desperately wishes to not be beholden to anyone. She has spent a lifetime being pitied by the village. Her plan is simple—to use what the intolerable earl will pay her to become her own woman. It all sounds so straightforward until the threat of scandal sends her and the one man she can't abide toward . . . marriage? Mars and Clarissa are about to learn the greatest lesson of all—that sparks always fly when the iron is hot.

Tele-AAC Nerissa Hall, Jenifer Juengling-Sudkamp, Michelle L. Gutmann, Ellen R. Cohn, 2019-06-28 Tele-AAC: Augmentative and Alternative Communication Through Telepractice is the first comprehensive resource guide to Tele-AAC. Tele-AAC is the use of telepractice specifically for

providing services to individuals using augmentative and alternative communication (AAC). This text establishes Tele-AAC as a new service delivery model and promotes safe, efficacious, evidence-based, and ethical telepractice for individuals who need AAC systems. The goal is to provide readers with fundamental information about policy and service delivery of AAC services via telepractice to enable clinical practice. The text details the specific technical components unique to Tele-AAC service delivery, and how the technology, personnel, and service delivery practices may vary across settings and populations. It offers didactic and case-based content for speech-language pathologists across all levels, from introductory to advanced. Chapters are included that clarify and define the term Tele-AAC, highlight the procedures used while providing assessment and intervention via Tele-AAC, identify ethical and cultural considerations while providing Tele-AAC, and demonstrate its application in a variety of settings. The content has been enriched by the input and knowledge offered by leaders from both telepractice and AAC disciplines, and offers readers the right combination of foundational information and principles to help form a base of understanding for practitioners engaging in Tele-AAC. The field of Tele-AAC is evolving and will transform as the technology changes and advances. This text provides a threshold of understanding from which the field and practitioners can grow.
